

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office

April 19, 1999 LB 637

sanctions not to become effective. We are...we are already being sanctioned on another piece of our process that has to do with the computer system and everybody being on board the computer system, and, even though there has been some discussion of seeking a waiver of that provision, we are still being sanctioned.

SENATOR BROMM: Okay. Thank you, Senator Brown. This...

PRESIDENT MAURSTAD: One minute.

SENATOR BROMM: ...this legislation, I think, is one of the more troubling probably we're going to face this session and I do think, however, that we need to continue to try to find the right answers and I...I don't know if there are any, but we may have to just fish or cut bait. But I'm not ready to bracket it till January of 2000. I'm wanting to continue to work on the legislation with the Health and Human Services and the interested parties, the county clerks, and see what perhaps we might be able to do in charting a course of action. So I'm not...I'm not going to support the bracket motion. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Bromm. Senator Tyson would like to announce the following guest is visiting the Legislature: his new wife, Marjorie Tyson, under the south balcony. Welcome. For further discussion on the motion to bracket LB 637, Senator Bohlke, followed by Senators Suttle, Schmitt, Hartnett, Price, Beutler, and Bruning. Senator Bohlke. Senator Suttle,...

SENATOR SUTTLE: Thank...

PRESIDENT MAURSTAD: ...you're recognized on the bracket motion.

SENATOR SUTTLE: Thank you, Mr. President, members of the body. I am very troubled by this bill. I don't know that we should bracket it until next year, but it seems to me that there are a lot of unanswered questions. I think Senator Kiel's the first one who has talked about who's going to really be hurt with this and it's going to be the kids. It's always the women and the children that are hurt by whatever is being discussed in this body. The other thing that bothers me is that we're supposed to
