about, and I would think that would be an excellent switch off because Corrections is looking at trying to get people before they commit the more serious crimes and have to come into their facilities, and that's what these youth are, as we see them being charged in the juvenile courts. We do have those in juvenile courts also, however, that have committed some pretty heavy crimes, being charged in juvenile court that need a secure confinement facility. And with the money we could save from this by supporting Senator Brown's amendment, we would have some money to build the facilities and the things we need for the juveniles we now have. I know that we've already broke ground, I know that we've already spent some money, but we haven't spent big money yet. And how often do we have to, in our own personal lives, decide to stop and go a different direction because we can't afford to do what we're doing anymore whether it be in buying a car, buying different things for the home or whatever? We have to stop, say we just not going to put any more money into that white elephant, we're going to stop and go a different way and spend what we think is right. I believe this, what Senator Brown has offered, is a very good avenue to do this and do what is right by our juveniles. Thank you.

PRESIDENT MAURSTAD: Senator Pedersen. Senator Suttle.

SENATOR SUTTLE: Thank you, Mr. President. I rise to support the Brown amendment and I would ditto what Senator Thompson and Senator Dwyer Pedersen has said. I want to make it clear the the McCook...maybe I better make it clear for sure. May I ask a question of Senator Don Pederson?

PRESIDENT MAURSTAD: Senator Don Pederson.

SENATOR D. PEDERSON: Yes.

SENATOR SUTTLE: Senator Pederson, McCook is limited to just adults in a work camp, isn't that what your original bill designated?

SENATOR D. PEDERSON: It's designated actually primarily first-time offenders and there isn't any age on those. I believe it begins about 18.
