SENATOR WICKERSHAM: I understand that.

SENATOR CHAMBERS: ...the bill got out here because an agreement was made that no amendments would be accepted to this bill.

SENATOR WICKERSHAM: Well...

SENATOR CHAMBERS: I listened.

SENATOR WICKERSHAM: Well, we may have to have an addendum.

SENATOR CHAMBERS: But who are you to give the addendum? This is Senator Lynch's bill, not yours. Are you aware of that, Senator Wickersham?

SENATOR WICKERSHAM: But if...but...but if Senator Lynch agrees...

SENATOR CHAMBERS: But if he doesn't.

SENATOR WICKERSHAM: If he doesn't, then we'll have to talk about that.

SENATOR CHAMBERS: But if he does then it means that what...the statement he made at first was not...

SENATOR WICKERSHAM: Senator, obviously, if there are ambiguities, it would be in everyone's interest to clarify those ambiguities to correctly state the party...our...the intention of the Legislature if the bill is passed.

SENATOR CHAMBERS: But when you...

SENATOR WICKERSHAM: And...

SENATOR CHAMBERS: ...say in everyone's interest, that "everyone" does not include me, does it?

SENATOR WICKERSHAM: Senator, I have always seen you as a champion of clarity and purpose in legislation.
