in terms of the cost of this plate which is granting that privilege, and under it they can drive that car anywhere, they can let a family member drive it?

SENATOR KIEL: Simply because the large repossession companies or the financial entities deal in volume, it is not as great a cost to them to undertake some of this, as it might be for a small business. I might interject at this point, the committee amendment on this originally upped the fee for an initial repossession plate from \$10 to \$30, which is consistent with a dealer license plate instituted in subsection (3)(a) of Section 60-320, so I think there's some question at this point as to what the dealer license plate is being referenced here.

SENATOR CHAMBERS: Well, what I have to say, I didn't hear this bill debated before, but had I heard it debated on General File, I would have opposed it there. Now it's Senator Kristensen's bill, and he can make a determination of how much he wants this debated, if it's added to his bill. But in the same way that I'm opposed to the amendment,...

SENATOR CUDABACK: One minute.

SENATOR CHAMBERS: ...if it's attached to the bill, then I will oppose it on his bill, and I will then offer an amendment to attempt to remove it.

SENATOR CUDABACK: Thank you, Senator Chambers. Senator Beutler, followed by Senator Kristensen.

SENATOR BEUTLER: I waive.

SENATOR CUDABACK: Senator Kiel, you're recognized.

SENATOR KIEL: I'm sorry, Mr. President, members of the Legislature, I'm going to withdraw the amendment at this time.

SENATOR CUDABACK: It is withdrawn.

CLERK: I have nothing further pending on the bill, Mr. President.
