bond, and that's a lease purchase bond.

SENATOR CHAMBERS: How could that come into play with reference to this facility, or can it?

SENATOR LANDIS: With respect to the Omaha project, Senator Chambers, I think it would be fair to say that the current expectation that I hear is a general obligation bond. If...

SENATOR CHAMBERS: And...oh...

SENATOR LANDIS: ...there was another applicant who might try to make use of this who could meet these triggers, I think it would be hard to do but it would be possible,...

SENATOR CHAMBERS: But I will tell...

SENATOR LANDIS: ...they might be...

SENATOR CHAMBERS: Oh.

SENATOR LANDIS: ...able to use a different funding mechanism. That's the answer.

SENATOR CHAMBERS: Now I will tell you why I think it's impossible and you can correct me. In subsection (5) of Section 3, which would be on page 3, starting in line 1. I'm trying to help you locate it.

SENATOR LANDIS: Um-hum. Yes, I see.

SENATOR CHAMBERS: This facility must be publicly owned, so there would have to be some other public entity that purchased this structure. There could not be any private intervention in this in terms of who actually owns it. So Omaha could not lease it from a private party, isn't that true, based on the language in subsection (5)?

SENATOR LANDIS: You could have a publicly owned center that perhaps was leased to an entity who was paying it off. I can envision that's possible. I'm trying to think of whether or not you could export the idea of what happened in Lincoln between
