money, and if that is granted, then you now have no distinction between what, at one time, were two categories. And since you have no distinction, there may as well come a formal merger. You do away with the category of carrier enforcement officer and you have only one designation and that is state trooper. Then state troopers are assigned to do the work that the carrier enforcement officers previously did. But since carrier enforcement officers don't like that kind of work, it's not exciting enough, it's not glamorous enough, then these troopers are not going to like doing what the carrier enforcement officers do, and they are going to try to create situations where their work...

SENATOR CUDABACK: One minute.

SENATOR CHAMBERS: ...where their work and their training and their inclinations as troopers will come into play. I've only...this is only my second time. Don't get shook up. I know what I am saying may seem like I've talked a long time, but if you rub me the wrong way, I'm going to talk a longer time and I am going to offer some amendments. So don't toy with me this morning. The point I am making is this, there are distinct duties that carrier enforcement officers ought to do, and they are not duties that ought to be performed by a state trooper. So I'm taking my opportunities to talk about this. I'm doing it on Senator Thompson's bill. But I'm going to do it on others, and I'm doing it on her bill so that those people who would say that I supported two of her bills in a row...

SENATOR CUDABACK: Time.

SENATOR CHAMBERS: ...I'll have to come back to that.

SENATOR CUDABACK: Senator Brashear, I am sorry about your light not working. Did you wish to speak now?

SENATOR BRASHEAR: Yes, Mr. President, thank you. Members of the body, I assume that after yesterday somebody came back here and just disabled the mechanism, but our reliable staff has made it work again. Thank you. I...there has been a lot of discussion on this bill. I wanted to say again that we have an amendment. We're in the early stages of the session and we're
