

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office

January 26, 2000 LB 480

this before, that women are not...the research over the years has always been slanted, that's not quite the word, but it's always been...involved having to do with men's health, and I suppose that's just a general assumption that the medical profession would look at, that they would always look at how...

SENATOR CUDABACK: One minute.

SENATOR CROSBY: ...how health issues face...affect men. My time is up, hum?

SENATOR CUDABACK: You have 30 seconds, Senator.

SENATOR CROSBY: Thirty seconds? Okay, I'll talk for 30 more seconds, then I'll turn my light again, because I do...I don't want to just walk away from this. I want to be sure that people understand why I am supporting LB 480.

SENATOR CUDABACK: Thank you, Senator Crosby. We are discussing AM2140. Senator Stuhr, you're recognized.

SENATOR STUHR: Thank you, Mr. Speaker and members. I'm going to ask for unanimous consent to withdraw this motion and...and then I have another substitute motion...or another motion that I'd like to...

SENATOR CUDABACK: Is that a request now?

SENATOR STUHR: Pardon?

CLERK: So, you'd like to withdraw and substitute the amendment you just gave me, is that right, Senator?

SENATOR STUHR: Yes. Yes.

SENATOR CUDABACK: No objection, so ordered. (FA272, Legislative Journal page 441.)

CLERK: Senator, I now have your amendment that reads, on Section 8, the council created under this act shall terminate on December 1 (sic--31), 2004.
