

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office

February 3, 2000 LB 701

sides of this equation than what the proposal in the committee amendment is. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Coordsen. Senator Beutler, on the Schrock amendment. Excuse me, we have an announcement first, Senator Beutler. Mr. Clerk.

ASSISTANT CLERK: Mr. President, a notice that the Retirement Committee is going to meet in Executive Session at 11:30 under the north balcony; that's Retirement Committee, 11:30, north balcony.

PRESIDENT MAURSTAD: Thank you, Mr. Clerk. Sorry, Senator Beutler. You're recognized on the Schrock amendment to the committee amendments to LB 701.

SENATOR BEUTLER: Mr. Lieutenant Governor and members of the Legislature, I think I will...I will pass for now. As Senator Coordsen has indicated, it appears that it's not the Schrock amendment that's at controversy now but the committee amendment itself, and so I would hope the body would adopt the Schrock amendment and then we can have the discussion on the main part of the committee amendment. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Beutler. Members, if you could please either lower your voices or take your conversations off the floor, please, out of courtesy to your colleagues. Senator Tyson, on the Schrock amendment.

SENATOR TYSON: Thank you, Mr. Lieutenant Governor. I think, after looking at all...getting a printout of the two and marking up a section of the bill, I begin to think I understand a small portion of Senator Coordsen's desires, very small portion of them. I think if we look at the Schrock amendment and consider just that at this point and vote on that, and I support the Schrock amendment, I think after that is settled, because the Schrock amendment, if you will look either on your screen or on a print copy, the Schrock amendment comes in after line 23 of the committee amendment. It inserts the following language: "Before the commission may construct any division fence described in this section, the landowner shall file a written request for the construction of such fence with the commission."
