one priority above cancer research, above education, above every other program. And I like this program, but is this number one? And that's what we're saying. This will be the very first...first program that has ever been funded by the Excellence in Health Care Council...or, not the council, but from the fund. I think that's wrong. And then just what Senator Landis was saying, if we're really going to fight tobacco we need a comprehensive approach. That's what the CDC says. They says (sic) the goal of a comprehensive tobacco control program is to reduce disease,...

PRESIDENT MAURSTAD: One minute.

SENATOR JENSEN: ...disability, death related to tobacco use by preventing the initiation of tobacco use among young people, that's one; two, promote quitting among young people and adults; three, eliminate nonsmokers' exposure to environmental tobacco smokes; and identifying and eliminating the disparities related to tobacco use and its effects among different population groups. And then it goes through and there's nine different ways of fighting tobacco. We're looking at only one. If we're going to have a comprehensive approach, we need to do more than that. But at this point in time, don't raid these dollars. If this program is so important I think that it can go through the channels. Let them make a request. They might be the number one fund that...or the number one grant that comes out of there, but they should make that decision, not...

PRESIDENT MAURSTAD: Time.

SENATOR JENSEN: ...here, this Legislature. Thank you, Mr. President.

PRESIDENT MAURSTAD: Thank you, Senator Jensen. Senator Bohlke, on the advancement of LB 1436.

SENATOR BOHLKE: Thank you, Mr. President and members. I was listening very closely to what Senator Landis had to say, and I had said to him initially that I would be for increasing it. I have really tried to be open to suggestions all along. If we are able to move this to Select File and we want to increase the amount, I think we can. I want to tell you that the American
