LB 953

SENATOR CHAMBERS: What makes you think that?

SENATOR VRTISKA: Well, you haven't indicated otherwise yet, and I guess I'm waiting to see what your actions will be.

SENATOR CHAMBERS: Would it surprise you if I didn't support it, after all that I've said about it being a good bill?

SENATOR VRTISKA: Well, it would surprise me, yes.

SENATOR CHAMBERS: Why?

SENATOR VRTISKA: Because you said it was a good bill, and I guess when you think a bill is good, normally you support it.

SENATOR CHAMBERS: Oh really? Thank you, Senator Vrtiska. Members of the Legislature, I think probably Senator Vrtiska, in his presentation, told you why the emergency clause is necessary, so I'm not going to take a lot of time on that. But I do want to have a comment or two to make about the bill and the necessity of our dealing with it. So the only thing before us, I believe, is the addition of the emergency clause, so I won't take much time at this point. But I intend to take a good interest in every bill that comes before us for the rest of the session, maybe I won't. But I just want to serve notice that right now that's my intention.

SENATOR CUDABACK: Thank you, Senator Chambers. Any other lights on for the committee amendments? Did you wish to close on committee amendments, Senator Vrtiska? Senator Vrtiska waives off. The question before the body is, shall the committee amendments be adopted to LB 953? All those in favor vote aye, opposed nay. Have you all voted who care to? Record, please, Mr. Clerk.

ASSISTANT CLERK: 26 ayes, 0 nays on the adoption of committee amendments, Mr. President.

SENATOR CUDABACK: The committee amendments are adopted to LB 953. Mr. Clerk, you have an amendment?
