female or a male?

SENATOR JENSEN: Is a female and I will address those separately if...

SENATOR CHAMBERS: Thank you. That's all that I have. Thank you, Mr. President.

PRESIDENT MAURSTAD: Senator Baker, you're recognized to open.

SENATOR BAKER: Thank you, Mr. Chair. All I wanted to mention was Dr. Schiefen is an acquaintance of mine and a number of people out in the area, is a well-qualified surgeon, a very compassionate and caring person, and I certainly would hope that everyone can vote for his confirmation. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Baker. Senator Jensen, did you ask for a division of the question?

SENATOR JENSEN: Not on the first four, no. The first four are all to the Board of Health. I'll take up the other two after we vote on these first four.

PRESIDENT MAURSTAD: Senator Jensen, there is one confirmation report and so I believe you'll need to ask for a division of the question with the first four being the first part of the divided question and the last two the second part.

SENATOR JENSEN: All right. Then, Mr. President, I would ask for a division in three breaks...breakdowns, please: the first four; then number five, Dr. Bleicher; and then a third one, Doctor...or, not doctor, but Tulipana to the H & S...Health and Human Services System Partnership Council.

PRESIDENT MAURSTAD: Thank you, Senator Jensen. The question is divisible. We'll divide it into three parts. Would you like to close on the first part of the divided question? Senator Jensen waives closing. The question is the adoption of part one of the divided confirmation report of the Health Committee. Those in favor vote aye, those opposed nay. Mr. Clerk, please record.
