toys. It shouldn't be necessary for me to be the one to do this. But I'll tell you, if the villain is what I've got to be, the villain is what I will be. You all sitting there looking at this know that it's not safe, or do you think it's safe? I don't. So I'm not going to support this amendment. And, if it is attached to the bill, I'm not going to support the bill. It is unsafe. I would like to hear some people stand up. I understand why Senator Thompson is bringing it. I'd like to hear others stand on the floor and tell me that they believe it's safe. Let me ask Senator Jensen a question, because he was talking about it, and I don't know what he said because I was otherwise engaged. I'd like to ask Senator Jensen a question.

SENATOR CUDABACK: Would you yield, Senator Jensen?

SENATOR JENSEN: Yes, I will.

SENATOR CUDABACK: There's one minute.

SENATOR CHAMBERS: Senator Jensen, do you think this is a safe vehicle, considering its construction, it's little bitty wheels and so forth, no doors?

SENATOR JENSEN: I think it's safer than a motorcycle.

SENATOR CHAMBERS: That's not what I asked you.

SENATOR JENSEN: Now you won't see me on a motorcycle either.

SENATOR CHAMBERS: Do you think this should be driven in traffic in downtown Omaha?

SENATOR JENSEN: I think in controlled environment, I think that would be all right.

SENATOR CHAMBERS: Do you think it should be on these roads where the speed limit is no more than 30 miles an hour, in the same capacity, on the same basis as every other motor vehicle?

SENATOR JENSEN: I think...I think it is safe. It has brakes, turning signals, windshield wipers,...
