and a half minutes left.

SENATOR JANSSEN: Thank you, Senator Cudaback. Thank you for recognizing the fact that (laughter) the fact that Senator Vrtiska did give me some of his time. Thank you, Senator Vrtiska. This is an issue that I visited with my county treasurer this summer about the fact, and she brought to my attention that someone was going to bring this type of legislation, and she was very upset about it. And she related to me some of the problems that could arise in my county, which is a fairly large county, by the way. And I think maybe she was overexaggerating a little bit about the magnitude of the problems that they'd have. But I listened to her very intensely and I could see that there were going to be some problems. And the fact that if another county is doing it and a person owns property in say Cuming County and they do it, and he owns property in Dodge County and they don't do it, they would come in and say, you know, why can't you do the same thing? Well, if you want to, I think on General File someone mentioned the fact that a person would sit down at the beginning of the year and write out 12 different checks and then bring them all in at one time. So, I guess, if you wanted to do that, you could do that, too. But now I...I...I...

SENATOR CUDABACK: One minute.

SENATOR JANSSEN: ...as of now, I don't think that I would support anything that, even permissive that would allow the county treasurers to collect this on a partial payment deal. Thank you.

SENATOR CUDABACK: Thank you, Senator Janssen and Senator Vrtiska. Senator Baker, you're next.

SENATOR BAKER: Thank you, Senator Cudaback, members. I simply had to correct the record. My county treasurer that I just talked to is going to jump all over me when I get home this evening. But we do not...she's...they don't take partial payments. I think that Senator Wickersham may have talked to Senator Landis, but I wanted to get that of record. My county, the treasurer I just talked to, does not take partial payments, in fact as a matter of service I know for a fact in the case of
