Transcriber's Office

March 29, 2000 LB 1234

SENATOR CUDABACK: Thank you, Senator Schrock. Senator Baker, there are no further lights on. Did you wish to close on your amendment, AM3154.

SENATOR BAKER: Thank you, Senator Cudaback. I really think to just let it go. I can't imagine a serious retailer that has three or four tanks sitting there he's been using for gasoline say they are now something or other else. I don't...I understand Senator Schrock's concerns but I don't think that that would be the case in reality, thinking of the people that called me this morning and that they are set up that way now. They have diesel off road, they have diesel road, and they have no lead. They're obviously small stations, low volume. And then I also know that Wheeler's out there has a couple of tanks for kerosene and number one diesel. So I think I'll leave the amendment where it is and see what happens. If it doesn't fly, why I will work with Senator Schrock and see. But I can't...I understand his concerns but I don't think that would be reality. I don't think it would be abused. With that, I'd ask for adoption of the amendment. Thank you.
