SENATOR CROSBY: Thank you, Senator Chambers. Senator Wickersham. You're waiving off? Thank you. There are no further lights. Senator Jones, would you like to close on your amendment?

SENATOR JONES: Thank you, Madam President and members of the body. I would like to just close a minute on it. All this is is a wording change. Senator Connealy's amendment the other day said all small stations need to carry the lowest grade with ethanol in it. And he also said that you didn't have to carry it in the lowest grade. You can carry...you had to carry it but you had to carry two of the lower grades. And I kept reading his amendment and I never did understand that so I got...all this is is wording so you can clearly understand that you can have 87 with and 87 without, and that's all it does. And I've talked with Senator Connealy about it and Ed Schrock about it, and they both agree with the amendment, so I would just like to have your vote. Thank you.

SENATOR CROSBY: Thank you, Senator Jones. You've heard the closing. The question is the adoption of the Jones amendment to the committee amendment. All in favor vote aye, opposed no. We're voting on the Jones amendment. Have you all voted? We're voting on the Jones amendment. Have you all voted? Record, please.
