SENATOR WEHRBEIN: Mr. President, members, I admit I'm not prepared to discuss this yet either because I...is this amendment, Senator Wickersham, to the committee amendments, which is AM2464? Is that right? Anyway, as I look on my machine it says page 8. I was trying to find out where this amendment that you have right now fits into the...the committee amendment, and I notice it says page 8, and I can't find page 8 right off the bat.

PRESIDENT MAURSTAD: Senator Wickersham.

SENATOR WICKERSHAM: Well, Sen...just a moment. I'll...that must...that would have to be an am...that would have to be referring to page 8 in the bill. Yes, that would be referring to page 8 in the green copy. That may be a bill drafting error, Senator.

SENATOR WEHRBEIN: Okay. So, tell me what your amendment does again to...in the green copy.

SENATOR WICKERSHAM: The...the amendment...

SENATOR WEHRBEIN: I found the spot in the green copy, so...

SENATOR WICKERSHAM: Right, it reduces the amount that would be appropriated back to the amount that was appropriated last year.

SENATOR WEHRBEIN: And this was state aid to municipalities and counties and...

SENATOR WICKERSHAM: That's correct, yes.

SENATOR WEHRBEIN: And your amendment, okay, so we're...we're kind of interchanging it. But your primary committee amendment speaks only to county aid, is that correct, the committee amendment, the white copy?

SENATOR WICKERSHAM: The committee amend...the committee amendment strips out the provisions for NRD aid.

SENATOR WEHRBEIN: But it does consider municipalities and counties then?
