LB 1010

Wouldn't that solve that problem?

SENATOR BAKER: That's being rather idealistic. We all know that we don't all follow the Bible.

SENATOR CHAMBERS: So you don't believe it works in every case?

SENATOR BAKER: No.

SENATOR CHAMBERS: It's not applicable in every case?

SENATOR BAKER: No.

SENATOR CHAMBERS: No, it is, or no, it isn't?

SENATOR BAKER: It's not applicab...it's applicable, but people don't follow it.

SENATOR CHAMBERS: So, what value is it?

SENATOR BAKER: A lot of...

SENATOR CHAMBERS: In this case, none, really, is it?

SENATOR BAKER: Oh, I'm not saying the majority don't follow it.

SENATOR CHAMBERS: Suppose one of those neighbors decided to use the Bible against his neighbor when he got angry enough. Might that help solve the problem? (Laugh)

SENATOR BAKER: I doubt it.

SENATOR CHAMBERS: Thank you, Senator Baker. Members of the Legislature, no matter how this bill is written, it's not going to make any sense, because it's written for the purpose of getting revenge against the board members, that's all that it's for, revenge. Senator Baker wants to emphasize the length of the leases. That would show you that the bill cannot work, based on his argument, it cannot. So you don't need this bill. He says that, if you adopt the amendment...

SENATOR CUDABACK: One minute.
