important one. It is important that we don't forget the kind of work that has been done by so many people. And unfortunately, as we leave the Legislature, as those who have left the Legislature before us and others, sometimes people soon forget. I was a county commissioner for a long time, and I was on the committee along with Floyd and some others that hired Mr. Mills when he became Director of NACO. I remember when NACO was the victim of almost every other FIG's organizations; you know what that means, Public Interest Groups. It isn't meant to be disrespectful at all, but that's what they're called, and he helped considerably. Every time somebody needed money that was scarce then just like now, they usually got it from the resources that went to counties. Well, that's changed now and it probably is one of the most effective, if not the most effective, of all the public interest group organizations. They have done things to provide service for the counties that is most important to us all, and we're grateful for Jack and the staff. But I also...I also wanted to add, when he leaves, he is taking somebody pretty important from our office as well because Norma, for some reason, insists on leaving. Can you hear me down there, Pam? I wasn't quite sure with all the noise going on over here if you could hear me or not, but I wanted to make sure. But, I see, they can't hear that either. (Laughing) But, in any case, but in any case, because when he does leave for some reason or another Norma, who is our boss, is going to leave with him, and we're going to miss her as well. You know, she's got quite a few years of service in here with the Attorney General's Office and with my office, ever since I came here. So as we honor Jack, we also want to honor and remember Norma as well. With that, I'd appreciate very much your support for this resolution. By the way, the resolution was presented by...not everybody's name was on it and, again, we didn't want to leave anybody out, but it happened to be former county officials who are now serving in the Legislature as the cosigners of this resolution. Thanks.

PRESIDENT MAURSTAD: Thank you, Senator Lynch. Senator Kristensen, on LR 367.

SPEAKER KRISTENSEN: Thank you, Mr. President, members of the Legislature. As a former county official, I was proud to know Mr. Mills, when I first was started. He's been a friend to
