8-157.01. (1) Upon prior written notice to the director, any financial institution which has a main chartered office or approved branch located in the State of Nebraska may establish and maintain any number of automatic teller machines at which all banking transactions, defined as receiving deposits of every kind and nature and crediting such to customer accounts, cashing checks and cash withdrawals, transfer of funds from checking accounts to savings accounts, transfer of funds from savings accounts to checking accounts, transfer of funds from either checking accounts and savings accounts to accounts of other customers, payment transfers from customer accounts into accounts maintained by other customers of the financial institution or the financial institution, including preauthorized draft authority, preauthorized loans, and credit transactions, receiving payments payable at the financial institution or otherwise, and account balance inquiry, may be conducted. Any other transaction incidental to the business of the financial institution or which will provide a benefit to the financial institution's customers or the general public may be conducted at an automatic teller machine upon thirty days' prior written notice to the director if the director does not object to the proposed other transaction within the thirty-day notice period. Neither such automatic teller machines nor the transactions conducted thereat shall be construed as the establishment of a branch or as branch banking. Such automatic teller machines shall be made available on a nondiscriminating basis for use by customers of any financial institution which has a main chartered office or approved branch located in the State of Nebraska which becomes a user financial institution. It shall not be deemed discrimination if an automatic teller machine does not offer the same transaction services as other automatic teller machines or if there are no fees charged between affiliate financial institutions for the use of automatic teller machines.

(2) Any financial institution may become a user financial institution by agreeing to pay the establishing financial institution its automatic teller machine usage fee. Such agreement shall be implied by the use of such automatic teller machines. Nothing in this subsection shall prohibit a user financial institution from agreeing to responsibilities and benefits which might be contained in a standardized agreement. The establishing institution or its designated data processing center shall be responsible for transmitting transactions originating from its automatic teller machine to a switch, but nothing contained in this section shall be construed to require routing of all transactions to a switch. All automatic teller machines must be made available on a nondiscriminating basis, for use by customers of any financial institution which has a main chartered office or approved branch located in the State of Nebraska which becomes a user financial institution, through methods, fees, and processes that the establishing financial institution has provided for switching transactions. The director, upon notice and after a hearing, may terminate or suspend the use of any automatic teller machine if he or she determines that it is not available on a nondiscriminating basis for use by customers of any financial institution which has a main chartered office or approved branch located in the State of Nebraska which becomes a user financial institution or that transactions originated by customers of user financial institutions are not being routed to a switch or other data processing centers. Nothing in this section may be construed to prohibit nonbank employees from assisting in transactions originated at the automatic teller machines, and such assistance shall not be deemed to be engaging in the business of banking. Such nonbank employees may be trained in the use of the automatic teller machines by financial institution employees.

(3) An establishing financial institution shall not be deemed to make an automatic teller machine available on a nondiscriminating basis if, through personnel services offered, advertising on or off the automatic teller machine's premises, or otherwise, it discriminates in the use of the automatic teller machine against any user financial institution which has a main chartered office or approved branch located in the State of Nebraska.

(4)(a) On and after August 1, 2000, any consumer initiating an
electronic funds transfer at an automatic teller machine for which an automatic teller machine surcharge will be imposed shall receive notice in accordance with the provisions of 15 U.S.C. 1693b(d)(3)(A) and (B), as such section existed on July 20, 2002. Such notice shall (i) be posted in a prominent and conspicuous location on or at the automatic teller machine at which the electronic funds transfer is initiated by the consumer and (ii) appear on the screen of the automatic teller machine or appear on a paper notice issued by such machine after the transaction is initiated and before the consumer is irrevocably committed to completing the transaction.

(b) Subdivision (a)(ii) of this subsection shall not apply until January 1, 2005, to any automatic teller machine that lacks the technical capability to disclose the notice on the screen or to issue a paper notice after the transaction is initiated and before the consumer is irrevocably committed to completing the transaction.

(5) A point-of-sale terminal may be established at any point within this state. A financial institution may contract with a seller of goods and services or any other third party for the operation of point-of-sale terminals. A point-of-sale terminal shall be made available on a nondiscriminating basis for use by customers of any financial institution which has a main chartered office or approved branch located in the State of Nebraska which becomes a user financial institution. Nothing in this subsection shall prohibit payment of fees to a financial institution which issues an access device used to initiate electronic funds transfer transactions at a point-of-sale terminal.

(6) A seller of goods and services or any other third party on whose premises one or more point-of-sale terminals are established shall not be, solely by virtue of such establishment, a financial institution and shall not be subject to the laws governing, or other requirements imposed on, financial institutions, except for the requirement that it faithfully perform its obligations in connection with any transaction originated at any point-of-sale terminal on its premises. The acquiring financial institution shall be responsible for compliance with all applicable standards, rules, and regulations governing point-of-sale transactions.

(7) Any financial institution, upon a request of the director, shall file with the director a current listing of all point-of-sale terminals established by the financial institution within this state. For purposes of this subsection, point-of-sale terminal shall include a group of one or more of such terminals established at a single business location. Such listing shall contain any reasonable descriptive information pertaining to the point-of-sale terminal as required by the director. Neither the establishment of such point-of-sale terminal nor any transactions conducted thereat shall be construed as the establishment of a branch or as branch banking. Following establishment of a point-of-sale terminal, the director, upon notice and after a hearing, may terminate or suspend the use of such point-of-sale terminal if he or she determines that it is not made available on a nondiscriminating basis for use by customers of any financial institution which has a main chartered office or approved branch located in the State of Nebraska which becomes a user financial institution, that the necessary information is not on file with the director, or that transactions originated by customers of user financial institutions are not being routed to a switch or other data processing center. Nothing in this section shall be construed to prohibit nonbank employees from assisting in transactions originated at the point-of-sale terminals, and such assistance shall not be deemed to be engaging in the business of banking.

(8) Transactions at point-of-sale terminals may include:
(a) Check guarantees;
(b) Account balance inquiries;
(c) Transfers of funds from a customer's account for payment to a seller's account for goods and services on whose premises the point-of-sale terminal is located in payment for the goods and services;
(d) Cash withdrawals by a customer from the customer's account or accounts;
(e) Transfers between accounts of the same customers at the same financial institution; and
(f) Such other transactions as the director, upon application, notice, and hearing, may approve.

(9)(a) Automatic teller machines may be established and maintained by a financial institution which has a main chartered office or approved branch located in the State of Nebraska, by a group of two or more of such financial institutions, or by a combination of such financial institution or financial institutions and a third party.

(b) Point-of-sale terminals may be established and maintained by a
financial institution which has a main chartered office or approved branch located in the State of Nebraska, by a group of two or more of such financial institutions, or by a combination of such financial institutions and a third party. No one, through personnel services offered, advertising on or off the point-of-sale terminal premises, or otherwise, may discriminate in the use of the point-of-sale terminal against any other user financial institution.

(10) All financial institutions shall be given an equal opportunity for the use of access to a switch, and no discrimination shall exist or preferential treatment be given in either the operation of such switch or the charges for use thereof. The operation of such switch shall be with the approval of the director. Approval of such switch shall be given by the director when he or she determines that its design and operation are such as to provide access thereto and use thereof by any financial institution without discrimination as to access or cost of its use. Any switch established in Nebraska and approved by the director prior to January 1, 1993, shall be deemed to be approved for purposes of this section.

(11) Use of an automatic teller machine or a point-of-sale terminal through access to a switch and use of any switch shall be made available on a nondiscriminating basis to any financial institution. A financial institution shall only be permitted use of the switch if the financial institution conforms to reasonable technical operating standards which have been established by the switch.

(12) To assure maximum safety and security against malfunction, fraud, theft, and other accidents or abuses and to assure that all such access devices will have the capability of activating all automatic teller machines and point-of-sale terminals established in this state, no automatic teller machine or point-of-sale terminal shall accept an access device which does not conform to such specifications as are generally accepted. No automatic teller machine or point-of-sale terminal shall be established or operated which does not accept an access device which conforms with such specifications.

An automatic teller machine shall bear a logo type or other identification symbol designed to advise customers that the automatic teller machine may be activated by any access device which complies with the generally accepted specifications. An automatic teller machine or point-of-sale terminal may also bear, at the option of the establishing or acquiring financial institution, any of the following:

(a) The names of all individual financial institutions using such automatic teller machines or point-of-sale terminals in alphabetical order, except that the establishing or acquiring financial institution may be listed first, and in uniform typeface, size, and color; or

(b) The logo type or symbol of any association, corporation, or other entity or organization formed by one or more of the financial institutions using such automatic teller machines or point-of-sale terminals.

(13) If the director, upon notice and hearing, determines at any time that the design or operation of a switch or provision for use thereof does discriminate against any financial institution in providing access thereto and use thereof either through access thereto or by virtue of the cost of its use, he or she may revoke his or her approval of such switch operation and immediately order the discontinuance of the operation of such switch.

(14) If it is determined by the director, after notice and hearing, that discrimination against any financial institution has taken place, that one financial institution has been preferred over another, or that any financial institution or person has not complied with any of the provisions of this section, he or she shall immediately issue a cease and desist order or an order for compliance within ten days after the date of the order, and upon noncompliance with such order, the offending financial institution shall be subject to sections 8-1,135 to 8-1,138 and to having the privileges granted in this section revoked.

(15) For purposes of this section:

(a) Access means the ability to utilize an automatic teller machine or a point-of-sale terminal to conduct permitted banking transactions or purchase goods and services electronically;

(b) Access device means a code, a transaction card, or any other means of access to a customer's account, or any combination thereof, that may be used by a customer for the purpose of initiating an electronic funds transfer by an automatic teller machine or a point-of-sale terminal;

(g) Establishing financial institution means any financial institution establishing an automatic teller machine which has a main chartered office or approved branch located in the State of Nebraska;

(k) User financial institution means any financial institution which desires to avail itself of and provide its customers with automatic teller machine or point-of-sale terminal services.

(16) Nothing in this section prohibits ordinary clearinghouse transactions between financial institutions.

(17) Nothing in this section requires any federally chartered establishing financial institution to obtain the approval of the director for the establishment of any automatic teller machine.

(18) Nothing in this section shall prevent any financial institution which has a main chartered office or an approved branch located in the State of Nebraska from participating in a national automatic teller machine program to allow its customers to use automatic teller machines located outside of the State of Nebraska which are established by out-of-state financial institutions or to allow customers of out-of-state financial institutions to use its automatic teller machines located in the State of Nebraska. Such participation and any automatic teller machine usage fees charged or received pursuant to the national automatic teller machine program shall not be considered for purposes of determining if an automatic teller machine located in the State of Nebraska has been made available on a nondiscriminating basis for use by customers of any financial institution which has a main chartered office or approved branch located in the State of Nebraska which becomes a user financial institution.

Sec. 5. Section 8-1,139, Reissue Revised Statutes of Nebraska, is amended to read:

Sec. 6. Section 8-345.01, Revised Statutes Supplement, 2002, is amended to read:

8-345.01. Nothing in section 8-157 shall prohibit building and loan associations as defined in sections 8-301 to 8-340.01 from establishing and operating new automatic teller machines for the purpose of transmitting savings and loan transactions or industrial loan and investment companies as defined in sections 8-401 to 8-450 from establishing and operating new automatic teller machines for the purpose of transmitting industrial loan and investment company transactions.

Sec. 7. Section 8-601, Revised Statutes Supplement, 2002, is amended to read:

8-601. (1) To pay the salary and necessary expense of examiners and examiners' helpers and such sum, if any, as may be required, in excess of the sum appropriated for the Department of Banking and Finance, for the payment of the salaries of the Director of Banking and Finance, his or her deputies,
attorneys, and assistants, there shall be levied upon the banks, organized under the laws of this state, and trust companies, building and loan associations, industrial loan and investment companies, credit unions, and holding companies, if any, of such institutions, organized under the laws of this state or authorized to do business in this state, an assessment each year based upon two factors: (a) A single assessment fee based upon the asset size of the institution, except that in determining the asset size of a holding company, the asset size of any financial institution or holding company otherwise assessed pursuant to this section and the assets of any nationally chartered financial institution shall be excluded; and (b) an assessment based upon the number of hours spent on the examination. The assessment shall be a sum determined by the director and approved by the Governor as set forth in this subsection and subject to the additional assessments and adjustments referred to in subsection (3) of this section.

(2) The assessment referred to in subsection (1) of this section and the additional assessments provided for by subsection (3) of this section shall be paid by such banks, trust companies, building and loan associations, industrial loan and investment companies, credit unions, and holding companies, if any, of such institutions on the order of the director to the State Treasurer who shall place the same in the Financial Institution Assessment Cash Fund, which is hereby created and which shall be used solely for the purposes hereinafter specified. The amount of the assessment shall be the sum estimated by the director as necessary for the fiscal year to pay the following: (a) Salaries of examiners and examiners' helpers; (b) necessary expenses incurred by examiners and examiners' helpers in the discharge of their duties incident to the examination of the institutions enumerated in this section; and (c) such sum, if any, as may be required, in excess of the sum appropriated for the department, for the payment of the salary and expenses of the director, his or her deputies, attorneys, and assistants, and in addition there shall be included in the assessment to be paid by banks organized under the laws of this state, the salaries and expenses of examiners and examiners' helpers attending a school for examiners. As soon as reasonably possible after June 30 of each year, the director shall estimate the total sum required for the above purposes. The director shall also estimate the total number of days to be used by examiners and examiners' helpers in the examination and supervision of the institutions enumerated in this section during the fiscal year, taking into account the experience of the preceding year. The total estimated fund shall be divided by the total number of days estimated, as above specified, and the quotient shall be the unit of assessment against the individual institutions, which unit is hereinafter referred to as the per diem unit. The assessment upon each institution shall be based upon a percentage fee of total assets in each institution and a per diem fee for the number of hours spent in examination as determined by the director. The director shall set the per diem fee based on (i) the number of per diem units required to examine the respective institutions during the fiscal year for which the estimate is made, taking into account the experience of the previous year, and (ii) in case of institutions organized under the laws of the states other than the State of Nebraska, the estimated traveling expense involved in making the examination. If the estimated sum levied and collected is insufficient to defray the expenditures, as provided in this section, for the fiscal year for which it was made, a special assessment may be levied and collected in like manner for the balance of the fiscal year.

(3) At the end of the fiscal year for which the assessment is made, the director shall forward to each of such institutions subject to such an assessment, as provided for by subsections (1) and (2) of this section, a statement for as many per diem units as the days actually used in the examination of the institution exceeds that which was estimated, under the provisions of subsection (2) of this section, which shall be paid on the demand of the director in the same manner as the original assessment. If the number of days actually used is less than that estimated for any such institution, the difference shall stand to the credit of such institution for a subsequent year's assessment. In case an extra examination of any institution should become necessary and be made, the reasonable cost thereof shall be determined and shall be paid by the institution so examined.

Sec. 8. Section 8-602, Revised Statutes Supplement, 2002, is amended to read:
