FLOOR DEBATE

January 24, 2003 LB 242

we have put General Funds into these fees, and I agree with you...

SENATOR BEUTLER: Right.

SENATOR JENSEN: ...that that is not the purpose of government to subsidize a fee for a professional out there. I would...I certainly would hope that it can be neutral, that the state is not making money on it nor are we tapping into General Funds to support a fee structure. And it allows the department to make those adjustments to what I would think would be neutrality. I don't...I haven't gone down through, and it would certainly take a fiscal analysis...

SENATOR BEUTLER: Okay, you believe it to have no fiscal impact,...

SENATOR JENSEN: Yes, that's my understanding.

SENATOR BEUTLER: ...and hopefully we'll get a fiscal statement before the next round of debate...

SENATOR JENSEN: Yes.

SENATOR BEUTLER: ...to verify that.

SENATOR JENSEN: And certainly we could, I think, determine that before Select File, when that comes up.

SENATOR BEUTLER: Sure. Okay, now with regard...first of all, the licensure department has jurisdiction over, as you mention, a large number of licensing questions. Are all of the licensing...is all of the licensing that they have jurisdiction to work with included in this bill?

SENATOR JENSEN: Certainly to my knowledge, I believe it's all in there.

SENATOR BEUTLER: Okay, so we're dealing with the whole universe of their licensing.
