SENATOR CUDABACK: LB 381 does advance. Mr. Clerk, next agenda item.

CLERK: LB 381A, by Senator Redfield. (Read title.)

SENATOR CUDABACK: Senator Redfield, you're recognized to open on LB 381A.

SENATOR REDFIELD: Thank you, Mr. President.   Members of the body, this is the A note that accompanies LB 381.   It does necessitate a computer programming change.   The amount is comprised of approximately $53,000 for adding a line to the sales tax program on the mainframe, and $8,000 to add a column to the sales tax schedule. Now the reason for these costs is that the Department of Revenue needs to be able to identify that the sales tax is for a leased vehicle. Otherwise, their system will show an underpayment of tax based on taxable sales. Again, I will draw your attention to the fiscal note and there is a net gain, which I think warrants the change in our programming system. Thank you.

SENATOR CUDABACK: Thank you, Senator Redfield. Nobody wishing to speak to the advancement. Senator Redfield, did you wish to close on that?   She waives that opportunity. The question for the body is advancement of LB 381A to E & R Initial.   All in favor vote aye, opposed nay.   Voting on the advancement of LB 381A. Have you all voted who care to? Voting on advancement of LB 381A. Have you all voted?

SENATOR REDFIELD: Senator Cudaback, I...if we need to call the house, we may need to do so. There. Never mind.
