Chambers had pending a motion to bracket LB 479 until May 1, 2003.

SENATOR CUDABACK: Thank you, Mr. Clerk.   We were on that discussion of that motion to bracket until May 1, 2003. On with discussion of that motion.   Senator Baker.

SENATOR BAKER: Thank you, Senator Cudaback and members.   We have worked on this over the noon hour. And Senator Kremer, who actually has a big part of this bill, and I, have agreed to accept the bracket motion.   We'll work with the various interested parties, there seems to be lots of them, and try and get this thing ironed out. And we're going to try and get some commitment out of these couple of plants that are hanging out there that we don't really know whether the five...number five and number six are going to be built. SENATOR CUDABACK: Thank you, Senator Baker. Further discussion on the bracket motion?   Seeing none, Senator Chambers, you're recognized to close on your bracket motion if you care to.   He waives that opportunity to close. The motion before the body is to bracket LB 479 until May 1, 2003.   All in favor of that motion vote aye, opposed nay. The motion before the body is to bracket LB 479 until May 1, 2003. Have you all voted who care to? Record please, Mr. Clerk.
