Transcriber's Office
FLOOR DEBATE

March 27, 2003 LB 208

wants that proposition enacted by the Legislature. But I assure you, that doesn't influence me at all. And the public says, I believe you. I believe you. I believe you. I don't know who all is going out there, and maybe they'll come back better people for it. But it just seems to me there ought to be a different way, there ought to be a better way.

SENATOR CUDABACK: One minute.

SENATOR CHAMBERS: But who am I to dictate to anybody? Now I like to exercise with weights and other people don't. They don't try to tell me to stop exercising, so I'm not going to tell them to stop going to Las Vegas. Go to Las Vegas ten times a year if they'll pay your way. Get on the payroll of Venetian if you can do it without violating the law. But the public ought to know. And I don't know whether those kind of junkets have to report it...be reported to the Accountability and Disclosure Commission, so I have no way of knowing who all goes. I don't even know if I want to know, Senator Aguilar. I don't even know if I want to know. But to get back to what I was talking about when I first stood up, I cannot support this bill. And probably with my last discussion I just got Senator Kruse a lot more votes for his bill because they will be trying to show me something.

SENATOR CUDABACK: Time.

SENATOR CHAMBERS: But you still have me to contend with on Select File. Did you say time or one minute?

SENATOR CUDABACK: I did, I said time, Senator Chambers.

SENATOR CHAMBERS: Oh, thank you, Mr. President.

SENATOR CUDABACK: Thank you. There are no further lights on. Senator Kruse, you're recognized to close on LB 208.

SENATOR KRUSE: Thank you, Mr. President and members. I will be very brief. First, I appreciate the discussion and the involvement of various persons, and I would welcome that in between. We will be working on committee or on amendments,
