LB 209

amendment, as simply as I can describe it. I think the bill is extremely necessary bill this session to get done. And I appreciate the help of all those who have worked on it. And there have been many who have worked on it to try to get it to this point, including Senator Chambers. I would offer, on the return motion, if I have some time, to allow Senator Chambers to make comments, if he would like.

SENATOR CUDABACK: Senator Chambers, did you wish to make some comments?

SENATOR CHAMBERS: Mr. President, members of the Legislature. Thank you, Senator Bromm. Only to say that I appreciate the way Senator Bromm worked on this amendment. I have signed onto it. I support it. And I will support the bill. Thank you.

SENATOR CUDABACK: Thank you, Senator Chambers. Senator Bromm, did you wish...you've heard the opening on the motion by Senator Bromm to return from E & R Final to Select File for specific amendment. Any further discussion on that motion to return? Seeing none, Senator Bromm, did you waive closing? He waives his opportunity to close. The question before the body is to return LB 209 to Select File for a specific amendment. All in favor of the motion vote aye, and opposed nay. The question before the body is to return LB 209 to Select File for a specific amendment. Record please, Mr. Clerk.

CLERK: 43 ayes, 0 nays, Mr. President, on the motion to return the bill.

SENATOR CUDABACK: The motion was successful. Senator Bromm, to open on that motion.

SPEAKER BROMM: Thank you, Mr. President. I don't believe there's anything further to say about it, other than what I said on the motion to return. If there are questions, I'd be glad to answer them. But I would not take any more of the body's time. Thank you.

SENATOR CUDABACK: You've heard the opening on AM2059. The question before the body is, shall that amendment be adopted?
