FLOOR DEBATE

February 4, 2004 LR 14

could the Legislature do that later?

SENATOR SCHIMEK: No.

SENATOR ENGEL: So it's strictly eight casinos.

SENATOR SCHIMEK: Eight locations, that's correct.

SENATOR ENGEL: Eight locations, okay, across the state. Okay. Thank you very much. Then another thing, if we're going to do this, then I live in a community right across the river from a riverboat in Iowa, so if you're going to do this, then I would, as Senator Louden, I would put up an amendment that there would be one of those casinos located in South Sioux City, Nebraska, within the...because, again, you're doing this for Omaha. You're close to casinos; up there, the same thing. In the end, I'm not going to vote for this, but I'm just telling you how I feel about the situation. I'm not going to vote for the amendment and...at this present time, unless the...unless this bill looks like it's going to go. Then I'm going to vote for that amendment. Because gambling does not solve a thing, as far as I'm concerned. It just adds to problems after problem after problem. Thank you very much.

SENATOR CUDABACK: Thank you, Senator. Senator Bromm, followed by Senator Louden and seven others.

SPEAKER BROMM: Thank you, Mr. President. Senator Louden, if I were here when your proposal were presented, I would favor some locations in the Mountain time zone without any question. I want you to know that. I do have some questions, however, about the wisdom of putting your amendment in, into the constitution, and let me raise a couple questions which your light is next and you can respond to, unless there's time before I'm finished. But as I read the language, it would read the Legislature, see, authorized by the Legislature at up to eight casino locations, three of which shall be, and then it says, in the Mountain time zone. Okay, if this is passed by the voters and we come back in here and we're doing legislation and this body decides they want to have only two casinos, period, only two, and the constitution says three must be, shall be, in the Mountain time zone, does
