FLOOR DEBATE

February 5, 2004 LR 14

anybody who's interested in that, please feel free to pursue it with me. I really need to thank especially two people, but there's quite a few. But I would like to thank Senator Janssen, who has been working with...on this issue with me for a good long time, and Senator Beutler nearly as long, and they've been very helpful. I think that there is a difference between a constitutional amendment like you have before you, and any other issue, like a taxation issue, which Senator Kremer mentioned. We are required to put changes in the constitution before people. You know, we can't just do it by ourselves on the floor. Even if we got 49 votes for a CA, we still have to put it on the ballot. So it's the difference between a taxation issue and something that is already in the constitution. I would like to thank you all...
