FLOOR DEBATE

an extent that they deserved to die at all, and certainly not in the horrible way that they died on September 11. What Bush did that makes him a bigger terrorist than them, he destroyed a society, he destroyed a culture, he destroyed a civilization, he destroyed a country. No terrorist in the history of the world ever did that. That's why he's the biggest terrorist. And he's a liar. He was a liar then, he was a liar in-between, and he's a liar now. And he's saying that he still believes that Saddam was the threat that he lyingly said before that he was, knowing he's lying. But here's what "Rumsfeldstiltskin" said. In the hole in the ground where they found Saddam Hussein, a hole that size could store enough whatever nerve or chemical agent or biological agent he had in his disordered mind to kill innumerable people, so there's a possibility that these weapons of mass destruction do exist, but the only way to find them is to dig up every foot of ground in Iraq to make sure that they're not buried. So they will tell those lies for political purposes to hide the fact that over 525 young American men and women have died for nothing, other than Halliburton.

SENATOR CUDABACK: One minute.

SENATOR CHAMBERS: And I did see where Halliburton is returning several millions of dollars from the overcharge they made on those meals that I discussed the other day. They serve 14,000 a day, charge for 42,000 a day. They returned the millions of dollars. They had to fire one of their employees and return several millions of dollars for overcharging and kickbacks. And you know how they overcharged the troops for the fuel that they were receiving. But since "Lon" Dick Cheney, the man of a thousand lies, before he became Vice President ran Halliburton, ran interference to give them this multibillion-dollar contract, they gave the money back and Halliburton keeps the contract that Dick "Lon" Cheney helped them to get. So, in the same way they repeat for their nefarious purposes, I'm going to repeat and repeat for what I consider to be a wholesome moral purpose. Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Chambers. Senator Schimek.
