CLERK: LB 1069, Mr. President, a bill by Senator Jensen.
(Read title.)   Introduced on January 14 of this year, at that
time referred to the Health Committee.   The bill was advanced to
General File.   At this time I have no amendments to the bill.

SENATOR CUDABACK: Thank you, Mr. Clerk.   Senator Jensen, to
open on LB 1069.

SENATOR JENSEN: Thank you, Mr. President, members of the
Legislature.   This makes just a couple of very small changes.
This was brought to us by the Board of Engineers and Architects.
The bill makes technical changes to educational and experience
requirements for engineers in Section 81-3451.   The bill changes
the requirement of progressive experience in engineering
projects to progressive post-baccalaureate degree experience.
The bill allows for the recognition by the Board of Engineers
and Architects of substantial equivalent curriculum to that of
accredited by the Accreditation Board of Engineering and
Technology.   And the bill does contain the emergency clause.
Very small changes, somewhat technical, and I would just ask
that the body support this bill.   Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Jensen.   Open for
discussion on the motion to advance LB 1069.   Anybody wishing to
discuss? Seeing no lights on, Senator Jensen.   He waives the
