

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

March 2, 2004

LB 962

SENATOR BEUTLER: Okay, and if they're forced together to have a plan, is that what's called the basin-wide plan?

SENATOR SCHROCK: Well, a basin refers to the...

SENATOR BEUTLER: I'm getting...

SENATOR SCHROCK: ...geographic area that drains into a watershed area and, of course, the Republican River Basin has four NRDs involved,...

SENATOR BEUTLER: Yeah.

SENATOR SCHROCK: ...and, of course, the Tri-Basin that I live in is kind of unique because it involves three water basins.

SENATOR BEUTLER: I'm trying to...there are two kinds of integrations that have to go on, integration,...

SENATOR CUDABACK: Time.

SENATOR BEUTLER: ...at least two kinds, integration of the surface water with the ground water. Did you say...

SENATOR CUDABACK: I did, Senator Beutler.

SENATOR BEUTLER: ...I'm ended? I'm sorry.

SENATOR CUDABACK: I did. Thank you, Senator Beutler. Senator Schrock, on FA1516.

SENATOR SCHROCK: Senator Beutler, go ahead. You can use my time.

SENATOR BEUTLER: Two kinds of integration have to go on, the surface water with the ground water in each of the three NRDs in our example. But at the same time, or at a different point in time, the three NRDs first have to agree upon how the...on some uniform treatment of the ground water, I assume, or they may have to in a particular situation. So which happens first, or
