SENATOR CUDABACK: The motion was successful. The amendment has been adopted and I do raise the call. (Visitors introduced.) Mr. Clerk, next motion.

ASSISTANT CLERK: Mr. President, next amendment to the FA1502 is offered by Senator Chambers. This is FA1529.

SENATOR CUDABACK: Senator Chambers, you're recognized to open on FA1529 to FA1502.

SENATOR CHAMBERS: Thank you, Mr. President. Members of the Legislature, this, again, is an amendment that is not difficult to understand and I will tell you exactly what it does. On page 8, in lines 25 and 26, and on page 9 in lines 1, 2 and 4, I would strike the word "being," b-e-i-n-g, because it is superfluous. I will give you an example of how one of the provisions...one of the provisions reads and you will see that we do not need the present progressive: if, starting in line 24, if the notice is being provided in accordance with subsection (1). We don't need being. All we need to say here, as we say in other parts of the law, if the notice is provided in accordance with. So in the places that I mentioned in the amendment, on the lines designated in the amendment that I'm offering, the word "being" is being stricken. If you have any questions, I will respond to them. But as I said the last time, there may be a level of comfort or trust which will enable you to accept what I say at face value or there might be simple exhaustion. But in any case, unless I receive questions, I have nothing to add on this amendment.

SENATOR CUDABACK: Thank you, Senator Chambers. You heard the opening on FA1529 to the first division. Open for discussion on that motion by Senator Chambers. Open for discussion on FA1529. Senator Chambers, there are no lights on, Senator Chambers. Did you wish to?

SENATOR CHAMBERS: Nothing other than to say when the lights go on again all over the world. The older senators will understand that but, in addition, I want to give the opportunity to have the next amendment posted on the gadget. In view of the fact
