SENATOR CUDABACK: We thank you very much, Sally, and we appreciate your kindness and your fine example for us. Thank you very much, and Happy Birthday.

Along with that, we're celebrating another birthday that hasn't even happened yet and that's Senator Baker's, and he's supplying the body with some nourishment for the session ahead, so that's in the lounge, so thank you, Senator Baker. Speaker Bromm, you're recognized.

SPEAKER BROMM: Thank you so much, Mr. President. I think we're taking a very short break her for some cake, I believe. I'll let you announce that, but when we resume, to accommodate a colleague who needs to catch a plane, we're going to change LB 841 around and put that up next as soon as we return to the Chamber, or as soon as we resume deliberation; followed by LB 559 and then the rest of the agenda will stay the same. So we'll go to LB 841 when we resume debate.
