

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

April 6, 2004            LB 1083

in the morning about term limits, I just hope that we have the proper senators in this body in the future to follow up on this, and that's something that I'm afraid you and I can't guarantee today. But still, I think as public representatives, they're also going to ensure that this is carried through.

SENATOR SCHIMEK: It will be their job to do so, but they will be handicapped to some degree because they won't know what's gone before and I think that's why I think it's so...I think it's an added reason for the importance of doing this right now so that in the future this kind of information will be available. I thank you for your response and I don't want to do anything more right now with my questions, but I would hope that as we do go into the future that you, as the Health Committee, will be certain that you are getting the information that you need...

SENATOR CUDABACK: One minute.

SENATOR SCHIMEK: ...and that that is then shared with the entire Legislature. And I think Nebraska has not always been good on its data collection, no matter what we're talking about, so this is a good time to start, right now in the beginning, as we're switching over to a new system, so we have some consistent data in the years ahead. Thank you very much. Thank you, Senator Schimek. Senator Jensen, you're recognized to close on AM3560.

SENATOR JENSEN: Thank you, Mr. President. And I thank all the members for their questions and also thank you for indulgence into this very important area. With this amendment, it does clear up some of the things that we had in LB 1083, and I would just ask for its adoption and then also adoption of the bill. Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Jensen. You've heard the closing on AM3560 to LB 1083. The question before the body is, shall that amendment be adopted? All in favor of the motion vote aye. All opposed to the motion vote nay. The question before the body is adoption of the Jensen amendment, AM3560, to LB 1083. Have you all voted who wish to? Record please,
