FLOOR DEBATE

they can do it and they can do it for \$15. And so that's a reasonable amount to ask of them and I think it just...it makes it cleaner when they do so.

SENATOR SMITH: And I would agree with that. I...some of my underlying concern is that it's a little ambiguous as to, you know, in the Rotunda once, in the Rotunda every day, all day. And so what I would like to do over a time then, I guess, is hopefully clarify who needs to register as a lobbyist and who doesn't. I was asked for some advice from the constituency and it was hard to...hard to pin down. And so it's something that I think our body should move toward, is a more concise threshold. And if you have further comments.

SENATOR SCHIMEK: Yes, and committee counsel has just told me that I should make clear that if you're doing this lobbying...

SENATOR KREMER: One minute.

SENATOR SCHIMEK: ...on behalf of somebody else, that's a point at which you should register as a lobbyist. So even if you're a volunteer group, if you're doing it and doing it on behalf of others, you should, you should register.

SENATOR SMITH: Okay, so that would be a concise matter. Does the economic development director from rural Nebraska need to register because they are meeting with senators for...and I don't have a specific scenario here. This is a hypothetical scenario, but it...it's something that I think should be clarified, because I don't want to see anyone stung in this process when they're well intending folks that...and I used economic development director because it's a common example across Nebraska. They're looking at bills and wanting to make sure that their policies are included or their vision for rural Nebraska, and I know that a lot of them already do register.

SENATOR KREMER: Time.

SENATOR SMITH: Thank you, Mr. President.

SENATOR KREMER: Thank you, Senator Smith and Senator Schimek.
