SENATOR CHAMBERS: And at that meeting a chairperson of that task force would be selected.

SPEAKER BRASHEAR: That's true.

SENATOR CHAMBERS: And the task force would undertake to study the various specified areas outlined in the bill. Is that true?

SPEAKER BRASHEAR: Depends upon the meaning of the word "undertake."

SENATOR CHAMBERS: Well, let me see if I can find the language in the bill.

SPEAKER BRASHEAR: Do you want me to explain what I meant?

SENATOR CHAMBERS: No, I want to figure out what I need to ask you first.

SPEAKER BRASHEAR: Okay.

SENATOR CHAMBERS: These are the issues which the task force shall study, whatever "study" means. Is that true?

SPEAKER BRASHEAR: True.

SENATOR CHAMBERS: I'm just looking at what is in the law itself, without interpretation.

SPEAKER BRASHEAR: I understand.

SENATOR CHAMBERS: Okay. And whatever money was available through the Nebraska Information Technology Commission, whatever money they could make available for this purpose would be available to contract for the services of a facilitator. Is that correct?
