

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

January 9, 2006 LB 542

SENATOR CHAMBERS: Yes.

SENATOR STUTHMAN: ...and that is a totally different demographic than it used to be.

SENATOR CHAMBERS: Does graphology have anything to do with writing? Like, an autograph is a self-signature?

SENATOR STUTHMAN: I'm not sure.

SENATOR CHAMBERS: Okay. I'd like to ask Senator Hudkins a question, our resident English authority. Senator Hudson (sic)...

SENATOR CUDABACK: Senator Hudkins.

SENATOR CHAMBERS: ...Hudkins, does graphology have to do with writing?

SENATOR HUDKINS: It could be making graphs, too.

SENATOR CHAMBERS: Making what?

SENATOR HUDKINS: Graphs.

SENATOR CHAMBERS: Graphs?

SENATOR HUDKINS: X and Y axis.

SENATOR CHAMBERS: I didn't hear you again.

SENATOR HUDKINS: Using the X and Y axes.

SENATOR CHAMBERS: I've received help from the culture corner. Thank you, Senator Hudkins. Here's the way I view that word "demographic": signature of a demon. Why should that be in the...in legislation, Senator Stuthman, if you'll answer?

SENATOR CUDABACK: Senator Stuthman.
