FLOOR DEBATE

January 20, 2006 LB 72

SENATOR CHAMBERS: ...to try to get your attention. I cannot assign you to a chalkboard to write something 1,000 times, and I've never been convinced that that is effective in getting anything across to a person anyway, other than that the one who dictates that has the authority to dictate it and impose some sanction if the person doesn't carry through on it. Senator Stuhr, let me ask you whether certain things are possible to change on Select File as we proceed through with the bill.

PRESIDENT SHEEHY: Senator Stuhr, will you yield?

SENATOR STUHR: Yes, Senator Beutler.

SENATOR BEUTLER: First of all, let me back up and see if I'm...if you and I and Senator Combs maybe understand these two bills and their relationship the same way. Senator Combs' bill allows somebody to carry a concealed weapon if they go through a permitting process...
