FLOOR DEBATE

January 20, 2006 LB 72

forth another situation in my local community of someone who started a security officer...a security guard business. And they were traveling from state to state, and always wondering, well, where...and asking for their Nebraska license. And that brought forth the issue, then, that we are one of eight states that do not have standards in regards to this industry. Just a note, I do want to thank Senator Chambers. As always, he looks over the bills. And of course, we missed that typo which should say, a license under the Security Personnel Licensing Act, instead of licensee. So we're glad for him to bring that to our attention. And I also want to thank the Chairman of the Government and Military Affairs Committee, Senator Schimek, who has helped assist, and her legal counsel, working on this bill; and again, also, the...many of the people involved in the industry that have been involved. I did want to share with you some of the minimum guidelines for security officers, as I said, which there are no minimum standards at this time.

PRESIDENT SHEEHY: One minute.

SENATOR STUHR: But the applicant must be 18 years of age for a license, and 21 years of age for a security officer firearms permit. Each applicant must have a federal criminal history record check through the Federal Bureau of Investigation. Applicants must also submit evidence of successfully completing an education and training program as required by the Secretary of State. The applicant must not have been convicted of unlawful conduct. The applicant must not have been declared by any court of competent jurisdiction incompetent by reason of mental defect or disease. And the applicant must not currently suffering from habitual drunkenness or from drug addiction or dependence. So those are some of the standards that have been set in...that are contained in the bill,...

PRESIDENT SHEEHY: Time, Senator Stuhr.

SENATOR STUHR: Thank you.

PRESIDENT SHEEHY: Senator Chambers.

SENATOR CHAMBERS: Mr. President, members of the Legislature,
