FLOOR DEBATE

January 20, 2006 LB 72

before the body is, shall FA355 be adopted to the amendment? All those in favor vote aye; opposed, nay. Have all voted who wish? Please record, Mr. Clerk.

ASSISTANT CLERK: 26 ayes, 0 nays on the adoption of the amendment, Mr. President.

PRESIDENT SHEEHY: FA355 is adopted. We will now move to amendment under the committee, AM0059. Senator Schimek.

SENATOR SCHIMEK: Thank you, Mr. President and members. I actually turned my light on to speak on the other amendment, and I'm not sure what amendment we're on right now. I'm trying to...

PRESIDENT SHEEHY: We are on...

SENATOR SCHIMEK: ...find my gadget. Are we on the committee amendment now?

PRESIDENT SHEEHY: We're on the committee amendment.

SENATOR SCHIMEK: Okay, I see. If I'd just look up at the board, I would see that. I just wanted to remind people that the amendment, the committee amendment, was included in the Stuhr amendment, which was already adopted, and I would encourage people to support it. I think Senator Chambers may have just put up another amendment or motion, so this isn't a closing on the committee amendment. It was just an opportunity for me to get up and say that I think that any bill that comes before us will have some honest differences of opinion, and I appreciate the fact that Senator Chambers and others are willing to work on this and put some time into it, if necessary. What I would hate to see happen with this bill is that it would go by the wayside, because I really do think these are not miscellaneous scary people, Senator Chambers. In fact, I'm not sure what miscellaneous scary people are. But they are people who are in the business and they feel that it's...it is scary, if you will, that they're not regulated. And they see different kinds of things going on all the time, which wouldn't happen if there was...if there was a certification regulation kind of
