FLOOR DEBATE

amendments. I have a series of hearing notices from Business and Labor, Appropriations, and the Transportation Committee. (Legislative Journal pages 423-424.)

Mr. President, Senator Chambers would move to amend the committee amendments, FA357. (Legislative Journal page 424.)

PRESIDENT SHEEHY: Senator Chambers, you're recognized on FA357.

SENATOR CHAMBERS: Thank you, Mr. President. Members of the Legislature, it's not on our gadget yet, but it's going to come up. And, Mr. Clerk, because I've been drafting them, I believe this is the one that goes to page 3, line 23? Is that the one we're on?

CLERK: Yes, sir.

SENATOR CHAMBERS: Thank you.

CLERK: Strikes "may," inserts "shall."

SENATOR CHAMBERS: Members of the Legislature, this amendment goes to page 3, line 23, and I would strike the word "may" and insert the word "shall." Senator Stuhr and I discussed this earlier and this word appears in connection with the establishment of minimum guidelines for educating and training these licensees. Below the language that I am addressing you will find a list of some of the items that would be included, but since the word "may" is utilized, none of those need be a part of these minimum guidelines. It is not Senator Stuhr's intent, from what I gathered during our discussion, that these...the inclusion of these items be left to the discretion, whim, or desire of the Secretary of State or anybody else, but that they be required in the statute. The only way we can make sure that they will be included is to drop the word "may" and insert the word "shall." Before I use the opportunity granted me by this amendment to "Expatriate free" over other subjects--I didn't create that language, I got that from Alexander Pope--I'd like to ask Senator Stuhr a question.

PRESIDENT SHEEHY: Senator Stuhr, would you yield?
