

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

January 25, 2006

SENATOR SCHROCK: Yes.

SENATOR CHAMBERS: Senator Schrock, I didn't gather for sure whether you said it or whether it would even be true, but are these other two persons new or are they reappointments, if you know?

SENATOR SCHROCK: They are both new, Senator Chambers.

SENATOR CHAMBERS: Okay. Thank you. Thank you, Mr. President.

SENATOR CUDABACK: Senator Chambers. Further discussion, confirmation report. Senator Stuhr, followed by Senator Preister. Senator Stuhr.

SENATOR STUHR: Thank you, Mr. President and members of the body. I just wanted to comment that I was a member of the Natural Resources Committee that listened to the confirmation, and I believe unanimously approved the confirmation for Mr. Bradley. I personally was very impressed with this young man, who has worked very hard in obtaining several degrees, and was also working on his doctorate degree. I supported Senator Preister's amendment last year, which I thought was important, that we do have a broad representation on the Environmental Council. So again, I believe that Mr. Bradley is going into this serving on the board really with a very open mind, and would represent this group very well. Thank you.

SENATOR CUDABACK: Thank you, Senator Stuhr. Senator Preister.

SENATOR PREISTER: Thank you, Honorable President, friends all. Thank you, Senator Stuhr, for your comments, but thank you also for your help in the committee, your sensitivity to the issue and your willingness to work on it over the years on the Natural Resources Committee with me. I think this process is a good one, is a healthy one, and I'm grateful to Senator Chambers to bring up the issue, because it's an issue that I've been working on. When we have these positions, we do need to have more than just aged white men serving in capacities where they're the only ones on these boards and groups, and where they're looking out
