

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

January 26, 2006 LB 366

Patrol, and school employees plan. Thank you very much.

PRESIDENT SHEEHY: Thank you, Senator Stuhr. Mr. Clerk, report on AM1958, AM1959.

ASSISTANT CLERK: Mr. President, first of all, we do have committee amendments from the Retirement Committee.

PRESIDENT SHEEHY: Senator Stuhr.

SENATOR STUHR: Thank you, Mr. President and members of the body. I hope that you will listen carefully because we will need to talk about the committee amendment and then the amendment to the committee amendment. The committee amendment would eliminate Sections 1 and 2 of LB 366, which provide for the immediate enrollment and participation upon employment of members in both state employees retirement system and the county employees retirement system. The committee amendment was adopted by the Retirement Committee last year after LB 366 was before the committee on February 19, 2005. Because of some additional information that we have become aware of during the past year, it is our intent to amend this committee amendment and leave the immediate plan participation provision within LB 366 as it was originally introduced. So what we did in the committee amendment was remove the immediate participation, and what we will do with the following amendment that I will speak about briefly is to put that immediate participation back into the bill. Thank you, Mr. President.

PRESIDENT SHEEHY: Thank you, Senator Stuhr. We will now move to item for the record on AM1958 and AM1959.

ASSISTANT CLERK: Mr. President, Senator Stuhr had offered AM1958 and AM1959, but I do have notes from her that she wishes to withdraw both of those.

SENATOR STUHR: Yes, that is correct.

ASSISTANT CLERK: In that case, Mr. President, Senator Stuhr would offer AM1989. (Legislative Journal page 464.)
