amendment and all of it is so that they can invest those funds in some other...in other type of investment than what's outlined in statute? Is...am I correct on that assumption?

SENATOR BEUTLER: That's essentially correct, Senator, yes.

SENATOR LOUDEN: Yeah. Now, if this is the case, then how come in your amendment we have every school district, public power district, I suppose NRD, I didn't read the whole list, but I mean, you have a whole shopping list of about everything that's going on in Nebraska. If this is something that's mostly good for here, why don't you mark it out as perhaps cities of a certain size, or perhaps just for cities, or something like that? School districts, for the most part, that I've been...known of, that receive money like that, it's usually a private foundation is set up and they use that money to service the school, if that's what it was set up for. I would like to see it narrowed down considerably than what it is. Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Louden. Further discussion on LB 383? Are no lights on. Is Senator Chambers present? Senator Chambers, you're recognized to close if you care to. Senator Chambers waives closing. The question before the body is adoption of FA383 to AM0022 to LB 75. All in favor vote aye; opposed, nay. The question before the body is the Chambers amendment, FA383, which amends the committee amendments. Have you all voted on the question who care to? Record please, Mr. Clerk.

CLERK: 28 ayes, 0 nays, Mr. President, on the adoption of the
