

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

February 22, 2006 LB 975

this other kind of permit, the NPDES permit, if you're doing any of those, then it shall contain language that's set forth in the amendment. So what's not clear to me, then, is how is this amendment saying that you only have to do, apparently, an operating permit, a construction permit, and a construction and operating permit, or the other permit? Shouldn't it just flat-out say that you do one or the other permits, and not...

SENATOR CUDABACK: Senator Schrock.

SENATOR SCHROCK: Senator Beutler, I think the language that we have in this amendment is correct, and we're just trying to comply with the regulations that we have now.

SENATOR BEUTLER: Okay. Senator Schrock, I think I'm just going to sit down and let this section pass. I don't understand it, but maybe it makes more sense to discuss it off the floor, and although it would be unusual, I'd reserve the right to discuss it further on Final Reading, if we had to.

SENATOR SCHROCK: Well, and I don't think the bill will move today, so we can...we'll have time between now and the next time it comes back up.

SENATOR BEUTLER: Okay, fair enough. Thank you.

SENATOR CUDABACK: One minute. Are you through, Senator Beutler? Further discussion? There are no lights on. Senator Schrock, did you wish to close on FA484?

SENATOR SCHROCK: Mr. President, I would ask you to advance this section of the bill, with the understanding that Senator Beutler and I will try to come to some agreement and make sure that the clarification is...suits his needs. And with that, I would just ask you to advance this section.

SENATOR CUDABACK: Thank you, Senator Schrock. You've heard the closing on FA484, the second component. All in favor of adoption of FA484 to LB 975 vote aye; those opposed vote nay. Have you all voted on the question who care to? Please record, Mr. Clerk.
