

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

March 7, 2006 LB 975

"less" to "fewer," because he believes that reads better, and that is certainly agreeable to me. So that's kind of where we're at, and I think everybody else is pretty much in agreement on this bill. But I've been known to see surprises show up on this floor before. As...do you want me to take any more time, Mr. President?

SENATOR CUDABACK: It's up to you, but I think that's adequate.

CLERK: Mr. President, the first amendment to this component is by Senator Schrock, AM2580. (Legislative Journal pages 914-915.)

SENATOR CUDABACK: Senator Schrock, to open.

SENATOR SCHROCK: Yes, Mr. President, members of the Legislature, I did explain that. It is the agreed-upon amendment that I had with Senator Chambers that says that counties shall issue the permit if it is for a facility that is meeting federal or state regulations. It does allow an expansion, on those feedlots that are under 3,000, of 500 head; on those feedlots that are under 5,000, of 300 head. It does not allow necessarily for an automatic expansion for poultry and swine, only for cattle and dairy cows. That is the best of my recollection. And with that, I would ask for the adoption of this amendment.

SENATOR CUDABACK: You've heard the opening on AM2580. Open for discussion. Senator Schrock, there are no lights on. He waives closing. The question before the body is, shall AM2580 be adopted to FA485? All in favor vote aye; opposed, nay. We're voting on the adoption of the Schrock amendment to FA485. Have you all voted on the Schrock amendment who care to, Schrock amendments to the third division of the divided question? Have you all voted? Please record, Mr. Clerk.

CLERK: 26 ayes, 0 nays, Mr. President, on the adoption of Senator Schrock's amendment.

SENATOR CUDABACK: The motion was successful. AM2580 has been adopted.
