FLOOR DEBATE

March 22, 2006 LB 968

SENATOR CUDABACK: One minute.

SENATOR BEUTLER: ...you intend to sustain, whether it's an expenditure or a tax cut. Having said that, in this...I'm not going to have time to say everything, but I will get back because there's so much more to say here. But note on the green sheet that there is an area for pending bills, what we call A bills. Okay, I call those the reality rectangles. They're reality rectangles because that's where we are, and that's where we are with respect to this green sheet in our process, as it proceeds along, right at this moment in time. And what it shows is that in '06-07 we're in good shape--\$116 million over our statutory reserve. And in '08-09 we're also in decent shape. We're \$61 million above our statutorily required reserves. Now let me go back a minute and be sure that everybody is clear on our reserve funds. We have two reserve funds. One we call the
