FLOOR DEBATE

any favorable legislation that would benefit the purveyors and speculators when it comes to ethanol production. So I acknowledge that I pick and choose. But there are others who talk about consistency and the overall tax base and such things as that, but when it comes to a favorite project of theirs, all of those things go out the window. Everybody on this floor ought to do like I do. You've got pet projects, for whatever reason, and that's what motivates you, and not all this high-sounding, highfalutin talk about the tax base. And I'm not just referring to what Senator Redfield said. I'm taking shots at Senator Landis and all the rest of those.

SPEAKER BRASHEAR: Time.

SENATOR CHAMBERS: Thank you, Mr. President.

SPEAKER BRASHEAR: Thank you, Senator Chambers. Members, while the Legislature is in session and capable of transacting business, I propose to sign and do now sign the following legislative resolutions: LR 302, LR 304, LR 305, and LR 306. Mr. Clerk.

CLERK: Mr. President, an announcement. The Agriculture Committee will meet in Executive Session at 1:20 in Room 2022 this afternoon. Senator Smith would like to take his name off of LB 808 as cointroducer. And Senator Mines would like to add his name to LB 968. (Legislative Journal page 1107.)

Priority motion. Senator Beutler would move to recess until 1:30 p.m.

SPEAKER BRASHEAR: Thank you, Mr. Clerk. Members, you've heard the motion to recess. All those in favor signify by saying aye. Those opposed, nay. The ayes have it. We are in recess. Thank you.
