LB 489

Inspection Fund. Section 7 indicates what the Conveyance Act applies to. Section 8 indicates what conveyances are exempt from the Conveyance Safety Act. Section 9 indicates that the commissioner shall promulgate rules and regulations to carry out the act. Section 10 relates to new conveyances and their registration. Section 11 indicates that after the effective date of this act, the owner or operator shall receive a certificate of operation from the state elevator inspector before it is to be used. Section 12 delineates what type of work can be done on elevators and what cannot be done relative to the licensure mechanisms. Section 13 indicates that all conveyances shall be inspected at least once every 12 months. Section 14 involves, which is mostly current language relative to inspection before and by a reputable insurance company. Section 15 indicates that an owner or user may request a special inspection of a conveyance. If so, then a report will be provided to the requesting party and the commissioner can charge a fee for such inspection. Section 16, upon passing an inspection, the commission shall issue an inspection certificate. Section 17 indicates that the inspector shall maintain an inventory of where conveyances are located throughout the state. Section 18, the commissioner, state elevator inspector, or his or her deputy has the power to enter any building to ensure the safety of a conveyance. Section 19 indicates that the inspector shall inform the owner of any problems with a conveyance and is empowered to issue a temporary certificate if the conveyance can be operated without a chance of harm to pedestrians or users. Section 20 indicated that the owner shall report a personal injury or other accident which causes more than \$1,000 in damage to the inspector by the next business day. The inspector shall approve the use of the conveyance before it is placed back in service. Section 21 relates to those wishing to become a mechanic and those wishing to become a contractor under the act, what is necessary for that. Section 22 is the licensure requirements for a licensed mechanic. Section 23 relates to the contractors' requirements and criteria, which is five years' experience in the field. Section 24 relates to a waiver in the license as far as other states that are similar to Nebraska in terms of scope of a mechanic, license of elevator mechanic. Section 25 indicates that licenses shall be issued for a period of two years and
