FLOOR DEBATE

April 5, 2006 LB 500

a parking facility...I'm sorry, a park in western Nebraska. That's my best refreshment that I can of the general topic.

SENATOR CUDABACK: Thank you, Senator Landis. Mr. Clerk, explain where we are.

CLERK: Senator, there...may I construe that as your opening on your committee amendments as well, so we could proceed to the amendments to the committee amendments, or...it's up to you.

SENATOR LANDIS: And would that lead us to AM1579?

CLERK: AM1529.

SENATOR LANDIS: AM1529. Which is one of my own amendments?

CLERK: Yes.

SENATOR LANDIS: Thank you. Yes, that would be splendid. Let's treat that as my introduction of the committee amendments.

CLERK: Mr. President, in that case, Senator Landis, I have amendments to the committee amendments. It was originally AM1529 and, per a division request, was divided into three components, FA272, FA274...FA273 and FA274. It was my understanding you wanted to withdraw those, Senator.

SENATOR LANDIS: I do.

SENATOR CUDABACK: They are withdrawn.

CLERK: Mr. President, then I had, Senator Landis, AM2641, but I understand you'd like to withdraw AM2641 and offer, as a substitute, AM3125. (Legislative Journal page 1483.)

SENATOR LANDIS: There we are.

SENATOR CUDABACK: Without objection, so ordered.

SENATOR LANDIS: We've done it. Yes, quite right, Mr. Clerk, and thank you for holding my hand through that process.
