WHEREAS, the Constitutional Convention of 1787 was initially convened to make revisions to the Articles of Confederation and this Convention decided instead to discard the Articles of Confederation entirely and create a new system of government; and
WHEREAS, the Constitution of the United States has served as the cornerstone of American liberty since its creation in 1787 and was the first written national constitution to set forth a system of separation of powers and to ensure that the rights of minority groups could not be easily trampled upon by the will of the majority; and
WHEREAS, despite turmoil and grave political and economic concerns, including, without limitation, the contested presidential elections of 1800, 1876, and 2000, the Civil War, and the Great Depression, a subsequent constitutional convention has not been held since 1787; and
WHEREAS, the Constitution has proven to be resilient and has been amended only twenty-seven times during the course of its two-hundred-thirty-year history; and

WHEREAS, the framers of the Constitution of the United States of America intended that Congress be "dependent on the people alone" (The Federalist No. 52, Alexander Hamilton or James Madison); and

WHEREAS, what a dependency on the people alone has transformed into a dependency on powerful special interests, through campaigns or third-party groups, which has created a fundamental imbalance in our representative democracy; and

Federal Election Commission, 572 U.S. 185 (2014), which removed the individual spending limit, allowing for the unprecedented funneling of campaign contributions from all over the nation; and

WHEREAS, the Constitution of Nebraska states that "governments are instituted among people, deriving their just powers from the consent of the governed." (Article I, section 1); and

WHEREAS, Article V of the Constitution of the United States requires Congress to call a convention for proposing amendments to the Constitution on the application of two-thirds of the legislatures of the several states; and

WHEREAS, in order to restore balance and integrity to our nation's elections, the Nebraska Unicameral Legislature perceives the need for an Article V convention limited to proposing an amendment to the Constitution of the United States that would permanently protect free and fair elections in America; and

WHEREAS, the State of Nebraska intends this resolution to be a continuing application for an Article V convention to be considered together with the applications calling for a convention passed in the 2013-2014 Vermont General Assembly as J.R.S. 27 (Act R-454), the 2013-2014 California State Legislature as AJR 1 (res. ch. 77), the 2013-2014 Illinois General Assembly as SJR 42, the 2014-2015 New Jersey Legislature as SCR 132, and the 2016 Rhode Island General Assembly as HR 7670 and SR 2589, and with all other passed, pending,

2. That the Nebraska delegates to such convention shall have no discretion beyond that granted by the Nebraska Unicameral Legislature and that the Legislature retains its authority to restrict or expand the power of Nebraska's delegates within the limits expressed in this resolution.

3. That the Nebraska Unicameral Legislature shall not ratify and the Nebraska delegates to a convention authorized by this resolution shall not vote to propose any amendment unless it allows each state to determine the campaign finance laws that will apply to its local and federal officials.

WHEREAS, a 2006 Federal Bureau of Investigation assessment defined a white supremacist as a pro-white person who believes that the white race is superior to all other races and was created to rule them. White supremacists view non-whites as subhuman and usually refer to them in derogatory terms; and

WHEREAS, the same 2006 intelligence assessment describes the domestic white-nationalist movement as seeking to promote, honor, and defend the white race. A white nationalist believes the white race is under attack from Jewish interests that dominate the media, banking, entertainment industries, and the government, which white nationalists refer to as the Zionist Occupied Government or ZOG, and that such interests act to the detriment of the white race. White nationalists view multiculturalism, diversity, and illegal immigration as direct assaults on the white race and race-mixing as akin to white genocide. White nationalists hope to appeal to mainstream whites, believing that the majority of white people do not understand the imminent or long-term threat to their race. Many white nationalists contend that a race war, often referred to as RAHOWA, or Racial Holy War, is a certainty; and

WHEREAS, white supremacy and white nationalism are contrary to the ideals of the United States of America, which was established according to the principle stated in the Declaration of Independence that all men are created equal, a principle that was updated in 1848 in Seneca Falls, New York, to include all people; and

WHEREAS, our country has often fallen short of these ideals, patriotic Americans have sought to embody the founding values of our country by rejecting white nationalism and white supremacy, embracing inclusive patriotism, and welcoming immigrants from across the globe who have continuously enriched our nation; and
WHEREAS, on April 27, 2019, a domestic terrorist armed with an assault rifle opened fire on worshipers in Chabad of Poway, a synagogue in Poway, near San Diego, California, killing Lori Kaye, 60, and injuring three others; and
WHEREAS, the perpetrator of this act of terrorism has also been linked to an arson blaze that blackened the walls of the Islamic Center of Escondido, a mosque in San Diego; and
WHEREAS, the perpetrator was motivated by white supremacy and white nationalism ideologies and inspired by the white-nationalist terrorist who killed fifty people in attacks on mosques in Christchurch, New Zealand at Friday prayer on March 15, 2019; and
WHEREAS, according to FBI statistics, hate crimes nationwide, including those in places of worship, increased in 2015, in 2016, and in 2017, the three most recent years for which data is available.
NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:
1. That the Legislature condemns racist violence and domestic terrorist attacks motivated by white supremacy and white nationalism.
2. That the Legislature recognizes Lori Kaye of Poway, California, who was killed in the domestic terrorist attack in San Diego, California, and the three other individuals injured in such attack, and offers condolences to the family and friends of Lori Kaye and sympathy to those individuals recovering from injuries sustained during such attacks.
3. That the Legislature recognizes the hundreds of other individuals killed and injured in attacks motivated by religious hatred.
4. That the Legislature offers support for communities victimized by demonstrations of violent bigotry.
5. That the Legislature rejects groups that espouse racism, extremism, xenophobia, anti-Semitism, Islamophobia, white supremacy, and white nationalism as hateful groups of intolerance contrary to the values of Nebraskans.
6. That a copy of this resolution be sent to the Vice President of the United States, the President pro tempore of the Senate, the Speaker of the House of Representatives, and each member of Nebraska's congressional delegation.

ATTORNEY GENERAL'S OPINIONS

Opinion 19-010

SUBJECT: Constitutionality of LB 110 – Adoption of the Medical Cannabis Act

REQUESTED BY: Senator Andrew La Grone
Nebraska Legislature

WRITTEN BY: Douglas J. Peterson, Attorney General
David A. Lopez, Deputy Solicitor General

INTRODUCTION

You have requested an opinion from this office regarding the constitutionality of LB 110, which would create the Medical Cannabis Act
Committee Amendment 1680 to LB 110 ("AM1680"), currently pending on General File, would authorize the cultivation, processing, wholesale distribution, and retail sale of cannabis (marijuana) and cannabis products for medical uses under Nebraska law. It would establish a regulatory framework to govern these activities and a wholly new government agency—the "Cannabis Enforcement Department"—to enforce this regulatory scheme through producer and patient registration, inspections, licensure, fee collection, and related rulemaking.

Your specific question asks whether the MCA, if enacted, would be preempted by the federal Controlled Substances Act ("CSA"), the money laundering statutes, the unlicensed money transmitter statute, or the Bank Secrecy Act. To the extent the latter three categories of statutes govern this question, it is primarily based on the underlying CSA provisions. See, e.g., 18 U.S.C. §§ 1956(c)(7)(B)(i), 1957 (money laundering); 18 U.S.C. § 1960(b)(1)(C) (unlicensed money transmitting); 31 U.S.C. § 5318; 31 C.F.R. § 1020.320 (Bank Secrecy Act regulation requiring financial institutions to file suspicious activity reports for transactions involving funds derived from federally illegal activities). The following analysis will thus focus on preemption under the CSA. As explained below, it is the opinion of this office that the MCA would be preempted.

ANALYSIS

I.  The Controlled Substances Act

The CSA establishes a comprehensive federal scheme to regulate the market in controlled substances. This "closed regulatory system mak[es] it unlawful to manufacture, distribute, dispense, or possess any controlled substance except in a manner authorized by the CSA." Gonzales v. Raich, 545 U.S. 1, 13 (2005) (citing 21 U.S.C. §§ 841(a)(1), 844(a)).

To effectuate that "closed" system, the CSA "authorizes transactions within 'the legitimate distribution chain' and makes all others illegal." United States v. Moore, 423 U.S. 122, 141 (1975) (quoting H.R. Rep. No. 1444, supra, Pt. 1, at 3). Violators of the CSA are subject to criminal and civil penalties, and ongoing or anticipated violations may be enjoined. 21 U.S.C. §§ 841-863, 882(a).

The CSA categorizes all controlled substances into five schedules. Id. at § 812. The CSA's restrictions on the manufacture, distribution, and possession of a controlled substance depend upon the schedule in which the drug has been placed. Id. at §§ 821-829. The drugs are grouped together based on their accepted medical uses, the potential for abuse, and their psychological and physical effects on the body. Id. at §§ 811, 812. Each schedule is associated with a distinct set of controls regarding the manufacture, distribution, and use of the substances listed therein. Id. at §§ 821-830.
Since Congress enacted the CSA in 1970, marijuana and tetrahydrocannabinols have been classified as Schedule I controlled substances. See Comprehensive Drug Abuse Prevention and Control Act of 1970, Pub. L. No. 91-513, § 202, 84 Stat. 1249 (Schedule I(c)(10) and (17)); 21 U.S.C. § 812(c) (Schedule I(c)(10) and (17)).

A drug is listed in Schedule I if it has "a high potential for abuse," "no currently accepted medical use in treatment in the United States," and "a lack of accepted safety for use . . . under medical supervision." 21 U.S.C. § 812(b)(1)(A)‑(C). By classifying marijuana as a Schedule I drug, Congress mandated that the manufacture, distribution, or possession of marijuana be a criminal offense, with the sole exception being use of the drug as part of a Food and Drug Administration preapproved research study. 21 U.S.C. §§ 823, 841(a)(1), 844(a); United States v. Oakland Cannabis Buyers' Coop., 532 U.S. 483, 489‑490, 492 (2001).

In the CSA, Congress included findings and declarations regarding the effects of drug distribution and use on the public health and welfare and the effects of intrastate drug activity on interstate commerce. Congress found, for example, that "]t]he illegal importation, manufacture, distribution, and possession and improper use of controlled substances have a substantial and detrimental effect on the health and general welfare of the American people." 21 U.S.C. § 801(2). Congress also found:

A major portion of the traffic in controlled substances flows through interstate and foreign commerce. Incidents of the traffic which are not an integral part of the interstate or foreign flow, such as manufacture, local distribution, and possession, nonetheless have a substantial and direct effect upon interstate commerce because—

(A) after manufacture, many controlled substances are transported in interstate commerce,

(B) controlled substances distributed locally usually have been transported in interstate commerce immediately before their distribution, and

(C) controlled substances possessed commonly flow through interstate commerce immediately prior to such possession.

Id. at § 801(3). Congress further found that "]l]ocal distribution and possession of controlled substances contribute to swelling the interstate traffic in such substances," id. at § 801(4); that "]c]ontrolled substances manufactured and distributed intrastate cannot be differentiated from controlled substances manufactured and distributed interstate" and "]t]hus, it is not feasible to distinguish" between such substances "in terms of controls," id. at § 801(5); and that "]f]ederal control of the intrastate incidents of the traffic in controlled substances is essential to the effective control of the interstate incidents of such traffic," id. at § 801(6). The federal

Congress has not amended the CSA to remove marijuana from Schedule I, nor have considerable efforts to administratively reschedule marijuana been successful.¹

II. LB 110—the Medical Cannabis Act

The MCA (under AM1680 to LB 110) would authorize the production, distribution, sale, and consumption of medical marijuana in Nebraska and establish an elaborate, state-run regulatory system to govern those activities. There is no material dispute that its text is intended to establish as comprehensive a regime as possible to place the state itself in the position of authorizing, licensing, inspecting, and monitoring these activities, and to collect fees from entities permitted by the state to produce, process, and dispense marijuana and marijuana products. Several of the MCA's provisions are worth specifically highlighting.

The MCA would permit certified patients and designated caregivers to apply to a newly-created "Cannabis Enforcement Department" for enrollment in a registry program, after which they would be permitted to purchase and consume marijuana and marijuana products. AM1680, §§ 8-10, 31. Non-Nebraska residents would be permitted to participate subject to certain conditions. §§ 17, 32. Patients would qualify for participation after a diagnosis of a "qualifying medical condition," which the MCA defines by enumerating seventeen specific health conditions. § 24.

The new Cannabis Enforcement Department would be charged with developing an application for patient enrollment in the registry program, § 34, registration of designated caregivers, § 35, permitting non-patient "caregivers" to possess marijuana and distribute it to patients, § 36, and for creating a written certification form to be used by participating health care practitioners. § 39(1). The new agency is also required to develop requirements for a medical necessity waiver to allow a patient to possess a greater quantity of cannabis than otherwise allowed, § 39(3), and to provide for classification and regulation of commercial producers based on size. § 39(4).

The MCA would require that "[a] producer of cannabis shall provide a reliable and ongoing supply of cannabis needed for the registry program." § 41(1) (emphasis added). It would direct the Cannabis Enforcement Department to register and regulate a limited number of producers and all qualifying processors for the production and processing of all cannabis within Nebraska. § 40. The Department would also be required to register a limited number of dispensaries for the dispensing and sale of all cannabis for medical use in the state. § 43. The MCA would direct the Nebraska State
Patrol to assist in executing the MCA by conducting criminal background checks of industry participants. § 47.

Additionally, the MCA would provide for the collection of fees by the Cannabis Enforcement Department, directing the new agency to collect an application fee of $25,000 for dispensaries, an application fee of up to $5,000 for producers or processors or, for producers or processors in the tier allowed to cultivate the largest number of plants, an application fee of not more than $25,000. § 61. The Department shall establish an annual fee for producers in the tier allowed to cultivate the largest number of plants of not more than $40,000, and an annual fee of not more than $5,000 for producers not in such tier. Id. Processors not licensed to perform solvent-based extractions on cannabis are subject to an annual fee of not more than $5,000, while processors permitted to perform additional solvent-based extractions are subject to an annual fee of not more than $40,000. Id. The Department shall establish an annual fee for dispensaries of not more than $25,000. Id. Laboratories are to be assessed an annual fee not to exceed $15,000. Id.

In sum, the MCA would, through its extensive licensure and regulatory scheme, place the state in the position of affirmatively facilitating the cultivation, processing, wholesale distribution, and retail sale of marijuana and marijuana products.

III. The U.S. Supreme Court's decision in Gonzales v. Raich establishes that state-level marijuana schemes like the Medical Cannabis Act are preempted by the CSA and therefore unconstitutional.

The Supremacy Clause of the United States Constitution provides that "[t]his Constitution, and the Laws of the United States which shall be made in Pursuance thereof . . . shall be the supreme Law of the Land . . . any Thing in the Constitution or Laws of any State to the Contrary notwithstanding." Art. VI, cl. 2. As a consequence of this constitutional command, "a state statute is void to the extent it conflicts with a federal statute – if, for example, ‘compliance with both federal and state regulations is a physical impossibility’ . . . or where the law ‘stands as an obstacle to the accomplishment and execution of the full purposes and objectives of Congress.’" Maryland v. Louisiana, 451 U.S. 725, 747 (1981) (citations omitted).

In 1996, California voters passed Proposition 215, known as the "Compassionate Use Act." Under this Act, "seriously ill" California residents were allowed access to marijuana for medical purposes. Gonzales v. Raich, 545 U.S. 1, 7 (2005). The Act exempted from criminal prosecution patients and their "primary caregivers" who possessed or cultivated marijuana for medicinal purposes with the recommendation or approval of a physician. Id. at 6. The Act required that the marijuana that was being grown by the patient or caregiver be used only for the patient's personal use.
Id. The California scheme was thus a purely noncommercial, compassionate use-based regime.

After DEA agents raided the homes of two seriously ill Californians who were in full compliance with the California Act, those Californians brought suit, seeking injunctive and declaratory relief prohibiting the enforcement of the federal CSA to the extent it prevents them from possessing, obtaining, or manufacturing cannabis for their personal medical use. Id. at 7.

The case made its way to the Supreme Court, where the federal government argued that marijuana was a drug with "significant potential for abuse and dependence," and was a "fungible commodity that is regularly bought and sold in an interstate market." Reply Brief for Petitioners, Ashcroft v. Raich, 545 U.S. 1 (2005) (No. 03-1454), 2004 WL 2652615, at *1. "That market," the federal government explained, "like the market for numerous other drugs having a significant potential for abuse and dependence, is comprehensively regulated by the [CSA]." Id. (emphasis added). Because Congress explicitly found that marijuana has "no currently accepted medical use in treatment in the United States" and had categorized marijuana as a "Schedule I" drug, the CSA was enacted "[i]n order to eradicate the market for such drugs." Id. As such, the federal government argued, "the CSA makes it unlawful to manufacture, distribute, dispense, or possess any Schedule I drug for any purpose, medical or otherwise, except as part of a strictly controlled research project." Id. (emphasis in original).

Nor, argued the federal government, was it "relevant that respondents' conduct may be lawful under state law" because "[u]nder the Supremacy Clause, state law cannot insulate conduct from the exercise of Congress's enumerated powers." Id. "Here," argued the government, "regulation of intrastate activities is an essential part of Congress's regulation of the interstate drug market and Congress's goal of achieving a comprehensive and uniform system that guards against drug abuse and diversion and permits manufacturing and distribution for legitimate medical uses only under carefully prescribed safeguards in the CSA itself." Id.

The Supreme Court agreed, having "no difficulty concluding that Congress had a rational basis for believing that failure to regulate the intrastate manufacture and possession of marijuana would leave a gaping hole in the CSA." Raich, 545 U.S. at 22 (emphasis added).

"First," the Court said, "the fact that marijuana is used 'for personal medical purposes on the advice of a physician' is irrelevant, because "the CSA designates marijuana as contraband for any purpose." Id. at 27 (emphasis in original). "Moreover," said the Court, "the CSA is a comprehensive regulatory regime specifically designed to regulate which controlled substances can be utilized for medicinal purposes, and in what manner." Id. "Thus, even if respondents are correct that marijuana does have accepted medical uses . . . the CSA would still impose controls beyond what is required by California law" because "[t]he CSA requires manufacturers,
physicians, pharmacies, and other handlers of controlled substances to comply with statutory and regulatory provisions mandating registration with the DEA, compliance with specific production quotas, security controls to guard against diversion, recordkeeping and reporting obligations, and prescription requirements."  Id.  "Accordingly," the Court concluded, "the mere fact that marijuana – like virtually every other controlled substance regulated by the CSA – is used for medicinal purposes cannot possibly serve to distinguish it from the core activities regulated by the CSA."  Id.

"One need not have a degree in economics to understand why . . . an exemption [from the CSA] for the vast quantity of marijuana (or other drugs) locally cultivated for personal use . . . [would] have a substantial impact on the interstate market for [marijuana]."  Id. at 28.  Thus, the policy judgment Congress made in the CSA "that an exemption for such a significant segment of the total market would undermine the orderly enforcement of the entire regulatory scheme is entitled to a strong presumption of validity."  Id.  Nor, said the Court, can "limiting the activity to marijuana possession and cultivation 'in accordance with state law' . . . serve to place [California's law] beyond congressional reach."  Id. at 29.

The Court thus soundly rejected the notion that the marijuana production and use at issue "were not 'an essential part of a larger regulatory scheme' because they had been 'isolated by the State of California, and [are] policed by the State of California,' and thus remain 'entirely separated from the market.'"  Id. at 30.  "The notion that California law has surgically excised a discrete activity that is hermetically sealed off from the larger interstate marijuana market is a dubious proposition," concluded the Court, and one that Congress rationally rejected when it enacted the CSA.  Id.

In the end, concluded the Court, if California wished to legalize the growing, possession, and use of marijuana, it would have to seek permission to do so "in the halls of Congress."  Id. at 33.

It is the opinion of this office that the MCA would suffer from the same legal infirmities as the California scheme in Raich.  Notwithstanding the fact that state-level marijuana legalization schemes have spread in the recent (and discretionary) unwillingness by the federal government to civilly enforce the CSA against states, that exercise of discretion simply does not change the federal law that remains on the books and which Congress has steadfastly maintained.

That is evident from the text of the various administrative memoranda that have been issued to guide the federal government's present posture of nonenforcement.  In the most recent of these, issued in early 2018, even as the U.S. Attorney General directed federal prosecutors to follow well-established principles in determining which marijuana activities merited prosecution within their jurisdiction, he premised his guidance with a reaffirmation of the CSA's prohibition of the cultivation, distribution, and possession of marijuana.  Memorandum from Jefferson B. Sessions,
Given *Gonzales v. Raich*, and given the text and legislative history of the CSA, there is no doubt that Congress intended the CSA to serve the purpose of making all manufacture, sale, and possession of regulated drugs illegal, except to the extent explicitly authorized by the CSA. Nothing about the federal government's relaxed view of its enforcement obligations under the CSA changes the fact that Congress intended the CSA to prohibit the type of legalization proposed by the MCA.

Indeed, in the briefing it filed with the Supreme Court in *Gonzales v. Raich*, the federal government confirmed that it shares this understanding of the intent and purpose of the CSA. Brief for the Petitioners, *Ashcroft v. Raich*, 545 U.S. 1 (2005) (No. 03‑1454), 2004 WL 1799022, at *11 (“Congress has concluded that regulation of all intrastate drug activity 'is essential to the effective control' of interstate drug trafficking.”) (emphasis added). Congress has taken no action in the decade-plus since to indicate a different intent and purpose. And, if "excepting drug activity for personal use or free distribution from the sweep of the CSA would discourage the consumption of lawful controlled substances and would undermine Congress's intent to regulate the drug market comprehensively to protect public health and safety" (Brief for the Petitioners, *Ashcroft v. Raich*, 545 U.S. 1 (2005) (No. 03‑1454), 2004 WL 1799022, at *11), then the comprehensive commercial distribution scheme proposed by the MCA undoubtedly would do the same.

This is particularly so given the CSA's provision at 21 U.S.C. § 903 that a state law is preempted when a "positive conflict" exists such that a CSA provision and the state law in question "cannot consistently stand together." Such a positive conflict clearly exists between the CSA and the MCA.

**CONCLUSION**

In sum, we conclude that the MCA, by creating a state regulatory scheme that would affirmatively facilitate the cultivation, processing, wholesale distribution, and retail sale of federal contraband on an industrial scale, would frustrate and conflict with the purpose and intent of the CSA. Accordingly, we conclude that the MCA would be preempted by the CSA and would be, therefore, unconstitutional.

Sincerely,

DOUGLAS J. PETERSON

Notably, even the recent farm bill, legislation which legalized the commercial production of hemp (defined as cannabis or cannabis derivatives with a tetrahydrocannabinol concentration ("THC") of 0.3 percent or less), stopped well short of removing marijuana from Schedule I. Agriculture Improvement Act of 2018, Pub. L. No. 115-334, §§ 10113, 12619 (2018). Likewise, continuing federal appropriations provisions which prohibit the U.S. Department of Justice from using funds to interfere with state medical marijuana laws in no way modify the CSA, much less remove marijuana from Schedule I. See, e.g., Consolidated Appropriations Act, 2018, Pub. L. No. 115-141, § 538 (2018). Any argument that such provisions substantively change the underlying CSA marijuana prohibition misapprehends the state of the controlled substances laws, generally, and the function of appropriations riders, specifically.

Opinion 19-012

SUBJECT: Constitutionality of the Appointment of County Election Commissioners and their Chief Deputies

REQUESTED BY: Senator Matt Hansen
Nebraska State Legislature

WRITTEN BY: Douglas J. Peterson, Attorney General
Lynn A. Melson, Assistant Attorney General

INTRODUCTION

You have requested an opinion from this office concerning the appointment of county election commissioners and their chief deputies. You note that Neb. Const. art. IX, § 4 states that "[t]he Legislature shall provide by law for the election of such county and township officers as may be necessary. . . ." Your two questions are as follows:

1. Whether the election commissioners provided for under Neb. Rev. Stat. §§ 32-207 and 32-211 are county officers under Nebraska Article IX, Section 4 of the Nebraska Constitution.

2. If election commissioners are county officers, whether the appointment of election commissioners and their deputies violates Article IX, Section 4 of the Nebraska Constitution.

You explain that you are "considering legislation that would make the offices of election commissioner and deputy election commissioner subject to popular vote rather than appointment by the Governor and county boards." Therefore, we will also discuss whether chief deputy election commissioners are county officers who must be elected pursuant to Neb. Const. art. IX, § 4.
ARTICLE IX, § 4 AND APPLICABLE STATUTES

Neb. Const. art. IX, § 4 provides: "The Legislature shall provide by law for the election of such county and township officers as may be necessary and for the consolidation of county offices for two or more counties; Provided, that each of the counties affected may disapprove such consolidation by a majority vote in each of such counties."

Turning to the statutes most relevant to your questions, Neb. Rev. Stat. § 32-207 (2016) provides that "[t]he office of election commissioner shall be created for each county having a population of more than one hundred thousand inhabitants. The election commissioner shall be appointed by the Governor and shall serve for a term of four years or until a successor has been appointed and qualified." Currently, Douglas, Lancaster, and Sarpy counties have election commissioners appointed by the Governor.

In those counties having a population of more than one hundred thousand inhabitants, the election commissioner must appoint a chief deputy election commissioner who is a member of a different political party than the election commissioner. Neb. Rev. Stat. § 32-209 (2016).

Neb. Rev. Stat. § 32-211 (2016) provides that the county board of each county with not less than twenty thousand nor more than one hundred thousand inhabitants "may" create the office of election commissioner and shall appoint that election commissioner. It is our understanding that, currently, four counties have election commissioners appointed by their county boards.

Section 32-211 further provides that, if an election commissioner is appointed by a county board, the board also has the option of appointing a chief deputy election commissioner of a different political party than the election commissioner.

Neb. Rev. Stat. § 32-218 (2016) provides that the county clerk will perform the duties assigned to the election commissioner, except in those counties which have an election commissioner pursuant to § 32-207 or § 32-211.

ANALYSIS

I. Whether Election Commissioners Are County Officers.

Your first question is whether election commissioners (and chief deputy election commissioners) are county officers. The Nebraska Supreme Court has discussed the indicia of public office on multiple occasions. Characteristics of a public office include the creation of the position by constitution or a statute, a definite or fixed term of office, a required oath of office and the ability to exercise an independence beyond that of employees.
"When a position based upon a provision of law carries with it continuing duties of public concern which involve some exercise of the sovereign power in their proper performance, the position may be said to be an office public in character." *Eason v. Majors*, 111 Neb. 288, 291, 196 N.W. 133, 134 (1923) (holding that a department head at the state normal school was a public officer). "[A] public officer is an incumbent of a public office, which is the right, duty and authority conferred by law, by which, for a given period, an individual is invested with some portion of the sovereign functions of government for the benefit of the public." *Home Savings & Loan Ass'n v. Carrico*, 123 Neb. 25, 30, 241 N.W. 763, 765 (1932) (holding that an attorney appointed to represent an indigent defendant was neither an officer nor an employee).

In *State ex rel. O'Connor v. Tusa*, 130 Neb. 528, 535, 265 N.W. 524, 528 (1936) ("Tusa"], the Nebraska Supreme Court noted the following definition of "office": "An office is a public station or employment, conferred by the appointment of government. The term embraces the ideas of tenure, duration, emolument, and duties" (quoting *United States v. Hartwell*, 73 U.S. 385, 393 (1867)). "It may be said that the almost universal rule is that, in order to indicate office, the duties must partake in some degree of the sovereign powers of the state." *Tusa* at 535, 265 N.W. at 528. After examining the statutory duties of a county manager, the Court determined that a county manager was a county officer. As we will discuss in greater detail in our response to your second question, the Court held that, because the county managers under those statutes were appointed to office, rather than elected, the statutes violated Neb. Const. art. IX, § 4.

Applying this analysis to your inquiry, we find that county election commissioners and chief deputy election commissioners in Nebraska are county officers. The "office of election commissioner" for each county with more than one hundred thousand inhabitants is created by statute, Neb. Rev. Stat. § 32-207 (2016). The election commissioner is appointed by the Governor for a term of four years. *Id.* Counties with a population of not less than twenty thousand nor more than one hundred thousand may create the "office of election commissioner." Neb. Rev. Stat. § 32-211 (2016). The election commissioner is appointed by the county board for a term of four years. *Id.*

The chief deputy election commissioner in a county with more than one hundred thousand inhabitants is also a position created by statute and has
the same term of office as the election commissioner. Neb. Rev. Stat. § 32-209 (2016). The chief deputy election commissioner takes a required oath of office and furnishes a bond. Further, the chief deputy election commissioner performs duties assigned by the election commissioner and, in the absence of the election commissioner, the chief deputy "shall perform all the duties of the election commissioner. . . ." Id. In a county with a population of not less than twenty thousand nor more than one hundred thousand, the county board has the option of appointing a chief deputy election commissioner, who serves for a term of four years. Neb. Rev. Stat. § 32-211 (2016).

Our conclusion that the election commissioners and chief deputy election commissioners are county officers is consistent with our 1994 opinion concerning the status and authority of election commissioners under LB 76, a substantial revision of the election laws pending before the Legislature at that time. Op. Att'y Gen. No. 94008 (February 7, 1994). The questions we addressed were: (1) if the election commissioner was appointed by the Governor, to whom the election commissioner would be responsible; and (2) whether a county board would have authority to require the election commissioner to comply with county personnel policies and procedures. In addressing those questions we stated:

It appears to us that the election commissioner for counties over 50,000 in population created by LB 76 would be a county officer because the bill provides that the election commissioner is employed by the county, and because the position created by the bill entails many of the indicia of public office, e.g., the election commissioner is appointed for a specific term, the position is created by statute and the position has duties and authority beyond that of a mere employee. See Eason v. Majors, 111 Neb. 288, 196 N.W. 133 (1923).

There are two other cases which are consistent with our conclusion. The Nebraska Supreme Court stated that the election commissioner and deputy election commissioner of Douglas County were "public officers" of Douglas County in State ex rel. Meissner v. McHugh, 120 Neb. 356, 233 N.W. 1 (1930). This case did not concern article IX, § 4. Instead, the Court determined, in the context of a special proceeding to contest whether a nomination for the office of county attorney must be accepted, that a single justice of the Court sitting in Lancaster County lacked jurisdiction over public officers in another county.

In Dwyer v. Omaha-Douglas Public Bldg. Comm., 188 Neb. 30, 195 N.W.2d 236 (1972), the Court upheld the constitutionality of a statute authorizing certain cities and counties to establish a joint public building commission. The Court found that the Omaha-Douglas County Public Building Commission was a separate governmental subdivision and not an arm of the county. Therefore, the levy by the Commission was not a county
tax. The Court also briefly considered an argument that appointment of the Commission members violated article IX, § 4, and found that the Commission members were not county officers as the Commission was a separate governmental subdivision.

II. Whether Election Commissioners Must Be Elected.

Your second question is whether the appointment of election commissioners and chief deputy election commissioners violates Neb. Const. art. IX, § 4. This constitutional provision was incorporated into the Constitution in 1875. While text was added following the 1968 general election which authorized the consolidation of county offices, the original provision requiring the election of county officers remains unaltered.

Our current statutes which provide for the appointment of election commissioners and chief deputy election commissioners, as discussed above, are Neb. Rev. Stat. §§ 32-207, 32-209, and 32-211. Nebraska has had a statute requiring the Governor to appoint an election commissioner in a county of a certain population since 1913. Despite this long history, we are not aware of any Nebraska cases which directly address your questions. As a preliminary matter, we note that "[s]tatutes are afforded a presumption of constitutionality, and the unconstitutionality of a statute must be clearly established before it will be declared void." Gourley v. Nebraska Methodist Health System, Inc., 25 Neb. 918, 942, 663 N.W.2d 43, 67 (2003). "[A] statute is presumed to be constitutional, and all reasonable doubts are resolved in favor of its constitutionality." State v. McCumber, 295 Neb. 941, 948, 893 N.W.2d 411, 417 (2017). However, in this instance, it is our view that the statutes providing for the appointment of election commissioners and chief deputy election commissioners would, if challenged, be held unconstitutional by the Nebraska Supreme Court.

Our office previously discussed similar issues concerning article IX, § 4 in some detail in Op. Atty Gen. No. 96024 (March 14, 1996). That opinion addressed whether a constitutional amendment was necessary to alter Nebraska's form of county governance and institute an optional county administrator system. In the opinion we began by discussing several canons of constitutional construction.

First, we are bound by the cardinal rule that the state Constitution must be applied and enforced as it is written. State ex rel. Spire v. Conway, 238 Neb. 766, 472 N.W.2d 403 (1991). Next, the provisions of the Constitution must be read as a whole. Jaksha v. State, 222 Neb. 690, 385 N.W.2d 922 (1986). "Moreover, constitutional provisions are not open to construction as a matter of course; construction of a constitutional provision is appropriate only when it has been demonstrated that the meaning of the provision is not clear and that construction is necessary." 238 Neb. at 774-775, 472 N.W.2d at 408-409.
Finally, because the Nebraska Constitution "is not a grant but, rather, a restriction on legislative power, . . . the Legislature is free to act on any subject not inhibited by the Constitution." *State ex rel. Stenberg v. Douglas Racing Corp.*, 246 Neb. 901, 905, 524 N.W.2d 61, 64 (1994) (citations omitted). In so acting, however, the court has established that "[t]he people of the state, by adopting a Constitution, have put it beyond the power of the [L]egislature to pass laws in violation thereof." *State ex rel. Randall v. Hall*, 125 Neb. 236, 243, 249 N.W. 756, 759 (1933).

With regard to article IX, § 4, we noted that the Nebraska Supreme Court "has long held that, pursuant to the Article IX, § 4 provision, '[t]he number and character of county offices that may be created rests in the discretion of the [Legislature].'" *Dinsmore v. State*, 61 Neb. 418, 429, 85 N.W. 445, 448 (1901). Op. Att'y Gen. No. 96024 at 4. However, we concluded that "[w]hile the Legislature is vested with broad authority to determine which county offices will exist, once those offices have been established, the people have retained the right to elect the individuals who will occupy those offices." Op. Att'y Gen. No. 96024 at 6.

Our analysis in that opinion relied extensively on *State ex rel. O'Connor v. Tusa*, 130 Neb. 528, 265 N.W.524 (1936), which we discussed in answer to your first question. In *Tusa*, Douglas County voters had exercised their statutory option to adopt a county manager form of government. When an individual attempted to file as a candidate for the office of county register of deeds, a controversy arose whether the office of register of deeds had been abolished by adoption of the county manager form of government. In deciding that issue, the Nebraska Supreme Court held that a county manager was a county officer as that term is used in article IX, § 4 and that a Nebraska statute authorizing the appointment of a county manager was unconstitutional.

Moreover, in that opinion we noted that the Court's *Tusa* decision was consistent with the ruling in an earlier case. In *State ex rel. Harte v. Moorhead*, 99 Neb. 527, 156 N.W. 1067 (1916), the Court concluded a districting plan was unconstitutional. Citing the predecessor of article IX, § 4, the Court reasoned that county governments are local in their nature and that the Constitution protects them in their right of local self-government. "The Constitution makers had something definite in mind when they provided that county officers should be elected." *Id.* at 534, 156 N.W. at 1069. For these reasons, we concluded the language of article IX, § 4 would need to be amended before adopting a county administrator system in which county officers would be appointed. Op. Att'y Gen. No. 96024 at 6.
Our office also considered whether county officers may be appointed in 1977-78 Rep. Att'y Gen. 20 (Opinion No. 13, dated February 1, 1977), in which we pointed out that a "potential problem" could be raised by article IX, § 4 if, under pending legislation, county officers were appointed rather than elected. And, in Op. Att'y Gen. No. 88014 (February 25, 1988), we concluded that the appointment of county superintendents, under proposed legislation, would violate article IX, § 4. In the latter opinion, we considered that the county superintendent was referred to as an "office" and that individuals appointed to that position would exercise sovereign functions of government. "Under our system of government, the people of our state cannot be denied the opportunity to elect county officers." Id. at 2.

Finally, our conclusion is supported by decisions of other jurisdictions and authorities. See State ex rel. Johnston v. Melton, 192 Wash. 379, 73 P.2d 1334 (1937) (holding that a state constitutional provision requiring the election of county officers was mandatory); State ex rel. Armstrong v. Halliday, 61 Ohio St. 171, 55 N.E. 175 (1899) (holding that a state constitutional provision required county officers to be elected so that a county fish and game warden could not be appointed); 3 Eugene McQuillin, The Law of Municipal Corporations § 12:117 (3d ed.) ("The constitutional method for filling offices must be observed. Neither the legislature of the state, nor that of the municipality, can change such method.").

CONCLUSION

For the reasons discussed above, it is our opinion that the positions of election commissioner and chief deputy election commissioner created by Nebraska statutes are county officers. The Nebraska Supreme Court has not yet addressed the specific question whether the appointment of election commissioners by either the Governor or a county board violates Neb. Const. art. IX, § 4. However, in our view, the Nebraska statutes requiring or authorizing the appointment of an election commissioner or a chief deputy election commissioner are constitutionally suspect and would, if challenged, be found unconstitutional by the Court.

INTRODUCTION

You are considering legislation that would reduce the percentage of actual value of real property subject to taxation by Nebraska K-12 public education entities. In two prior opinions, we concluded it would be constitutional to reduce the percentage of valuation of agricultural and horticultural land used in determining state aid value under the Tax Equity and Educational Opportunities Support Act ["TEEOSA"]. Neb. Rev. Stat. §§ 79-1001 to 79-1033 (2014, Cum. Supp. 2018, and Supp. 2019); Op. Att'y Gen. No. 15-002 (Feb. 17, 2015); Op. Att'y Gen. No. 19-007 (May 6, 2019). You are now contemplating introducing legislation to provide a percentage reduction in the valuation of real property subject to taxation by K-12 public education entities. The reduction would apply to commercial and residential real property as well as agricultural and horticultural real property. One option would be to apply a ten percent reduction to all real property. A second option would be to apply a different percentage reduction to commercial and residential real property (i.e. ten percent) than is applied to agricultural and horticultural real property (i.e. twenty percent). The percentage applied would mirror the percentage reduction utilized in the TEEOSA formula. Your question is whether the proposed reduction to the percentage of actual value of real property subject to taxation by K-12 public education entities would violate the requirement that "[t]axes shall be levied by valuation uniformly and proportionately upon all real property . . ." in Neb. Const. art. VIII, § 1.

ANALYSIS

Neb. Const. art. VIII, § 1(1) provides: "Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution; . . ." Subsection (4) of art. VIII, § 1, provides:

[T]he Legislature may provide that agricultural land and horticultural land, as defined by the Legislature, shall constitute a separate and distinct  

class of property for purposes of taxation and may provide for a different method of taxing agricultural and horticultural land which results in values that are not uniform and proportionate with all other real property
and franchises but which results in values that are uniform and proportionate upon all property within the class of agricultural land and horticultural land; . . . Neb. Const. art. VIII, § 1(4). 2

In addition, "the Legislature may prescribe standards and methods for the determination of the value of real property at uniform and proportionate values." Neb. Const. art. VIII, § 1(6).

The standard the Legislature has adopted to value real property for taxation is "actual value." Neb. Rev. Stat. § 77-201(1) (2018) (Except for agricultural land and horticultural land, agricultural land and horticultural land subject to special valuation, and historically significant real property, "all real property in this state, not expressly exempt therefrom, shall be subject to taxation and shall be valued at its actual value."). Agricultural land and horticultural land, as well as agricultural land and horticultural land qualifying for special valuation, is "subject to taxation, and shall be valued at seventy-five percent" of its actual or special value. Neb. Rev. Stat. § 77-202(2) and (3) (2018). "Actual value" is defined in Neb. Rev. Stat. § 77-112 (2018), which provides:

Actual value of real property for purposes of taxation means the market value of real property in the ordinary course of trade. Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in section 77-1371, (2) income approach, and (3) cost approach. Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm's length transaction, between a willing buyer and willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property, the analysis shall include a consideration of the full description of the physical characteristics of the real property and an identification of the property rights being valued.

II. Nebraska Case Law Discussing the Constitutional Requirement of Uniform and Proportionate Taxation.

"The object of Nebraska's uniformity clause is accomplished if all of the property within the taxing jurisdiction is assessed and taxed at a uniform standard of value." Sarpy County Farm Bureau v. Learning Community of Douglas and Sarpy Counties, 283 Neb. 212, 246, 808 N.W.2d 598, 622 (2012) ["Sarpy County Farm Bureau"]; "The uniform method for valuing property which the Legislature has provided is to tax property at its 'actual value.'" Xerox Corp. v. Karnes, 217 Neb. 728, 732, 350 N.W.2d 566, 569 (1984) (citing Neb. Rev. Stat. §§ 77-201 and 77-112). "There is no longer a constitutional requirement for the value of agricultural and horticultural land to be uniform and proportionate with the value of other real property." Krings v. Garfield Cty. Bd. of Equal., 286 Neb. 352, 362, 835 N.W.2d 750,
III. Validity of "Fractional" Valuation of Property for Taxation Under the Uniformity Clause.

The uniform standard of value adopted by the Legislature for property taxation is "actual value." "For purposes of taxation, the terms actual value, market value, and fair market value mean the same thing." Richards v. Thayer Cty. Bd. of Equal., 178 Neb. 537, 540, 134 N.W.2d 56, 58 (1965). Accord Xerox Corp. v. Karnes, 217 Neb. 728, 732-33, 350 N.W.2d 566, 569 (1984); Gage Cty. v. State Bd. of Equal., 185 Neb. 749, 751, 178 N.W.2d 759, 762 (1970). Currently, all real property, other than agricultural and horticultural land or agricultural and horticultural land subject to special valuation, is assessed at 100 percent of its actual value. Agricultural and horticultural land, including agricultural and horticultural land subject to special valuation, is assessed at 75 percent of its actual or special value.

Your proposal would reduce the actual value of all real property subject to assessment, non-agricultural as well as agricultural, by a percentage, solely for taxation by K-12 public education entities. The percentage may be the same, i.e., a ten percent reduction for all real property, or different, i.e., a ten percent reduction of the valuation of non-agricultural real property and a twenty percent reduction of the valuation of agricultural real property. In either scenario, the reduced assessed value would apply only to taxes levied by K-12 public education entities; property taxes imposed by all other taxing entities would be levied on the full actual value of non-agricultural real property, and 75 percent of the actual or special value of agricultural and horticultural land.

"There are two main types of real-property assessments for tax purposes: actual value assessments, under which real property is assessed at full value; and fractional or percentage assessments, under which real property is assessed at a fraction or percentage of full value. . . ." Annot., Requirement of Full-Value Real Property Taxation Assessments, 42 A.L.R.4th 676, 682 (1985). "[U]niform fractional assessments have been held valid under state constitutional/statutory provisions for assessment of real property at its just value . . . , at a uniform value . . . , at uniform and proportionate valuations . . . , or . . . in proportion to its true value." Id. at 683.

Article IX, § 1 of the Nebraska Constitution of 1875 provided, in part: "The Legislature shall provide such revenue as may be needful, by levying a tax by valuation, so that every person and corporation shall pay a tax in proportion to the value of his, her, or its property and franchises the value to be ascertained in such manner as the Legislature shall direct." In Beadle v. Sanders, 104 Neb. 427, 428, 177 N.W. 789, 789 (1920), the Nebraska Supreme Court noted that the "state assesses property at a fraction of its actual value." The Court cited the above constitutional provision, and the statute "mak[ing] the taxable value [of property] one-fifth of the actual or
market value." *Id.* at 428-29, 177 N.W. at 789-90 (citing Rev. Stat. § 6300 (1913)).

The Nebraska Constitution, as amended in 1920, provided in Article XIII, § 1, that "taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises . . . ." Following adoption of this amendment, the Legislature provided for the taxation of property at its "actual value." Comp. Stat. § 5820 (1922). This basis for taxation continued until 1953, when legislation was enacted providing for the valuation of property at its "actual value" and the assessment of property "at fifty per cent of such actual value." Neb. Rev. Stat. § 77-201 (Cum. Supp. 1953). For a short time, the standard was changed to valuation of property at its "basic value," and assessment "at fifty percent of such basic value." Neb. Rev. Stat. § 77-201 (Cum. Supp. 1955). The Legislature then returned to providing for valuation of property at its "actual value," and assessment "at thirty-five percent of such actual value." Neb. Rev. Stat. § 77-201 (Cum. Supp. 1957). "Actual value" was later made the basis for both the valuation and assessment of property by the enactment of 1979 Neb. Laws LB 187, § 191 (codified at Neb. Rev. Stat. § 77-201 (Cum. Supp. 1980)).

The Nebraska Constitution currently requires that "[t]axes be levied by valuation uniformly and proportionately upon all real property. . . ." Neb. Const. art. VIII, § 1(1). There is no language expressing an intent to require taxation of real property at its "full" or "actual value." While the Legislature has used full "actual value" as the basis for taxation in the past, and does so presently for nonagricultural real property, it has also provided for assessment real property at a percentage of full actual value. And, it currently provides for the taxation of agricultural and horticultural land (including land subject to special valuation) at a percentage of full actual value. Thus, the Legislature may provide for the assessment of real property at a uniform fraction or percentage of its actual value.

While assessment at a uniform percentage of actual value is constitutionally permissible, your proposed legislation would provide only for assessment of real property by K-12 public education entities at a reduced percentage of value. All other taxing entities would assess real property at full actual value, in the case of non-agricultural real property, or at seventy-five percent of actual or special value, in the case of agricultural and horticultural land. For example, you indicate the assessed value of all real property could be reduced by 10 percent, or that the assessed value of non-agricultural real property could be reduced by 10 percent, and agricultural and horticultural land could be reduced by 20 percent.

"The object of the uniformity clause is satisfied if all of the property within the taxing jurisdiction is assessed and taxed at a uniform standard of value." Sarpy County Farm Bureau, 283 Neb. at 246, 808 N.W.2d at 622. The "taxing jurisdiction" or jurisdictions relevant to your proposed legislation are those included in the undefined term "K-12 public education entities." Presumably, the intent is to utilize the same reduced valuation
percentage throughout the relevant taxing jurisdiction or jurisdictions encompassed by this term. Under your first scenario, the assessed value providing the basis for taxation for K-12 education entities is reduced by a uniform percentage for all real property subject to assessment within the taxing jurisdiction. Under your second scenario, which applies a greater percentage reduction to agricultural and horticultural land than other real property, the reduced percentages again are uniform within the taxing jurisdiction. While the percentage reduction of actual value for agricultural and horticultural land is greater than that applied to other real property, that is permissible, as agricultural and horticultural land is a separate class of real property that is not required to be valued uniformly in relation to non-agricultural real property; only uniformity within the class of agricultural and horticultural land is required. Accordingly, the reduced valuations you propose, if applied uniformly, do not appear to contravene art. VIII, § 1.

The remaining question is whether it is permissible to establish an assessed level of value for taxation by K-12 public education entities that is different than the level of assessed value for all other taxing entities. While we have not found any Nebraska case law on point, the Supreme Court of Texas has considered whether a statute providing for assessment of property at a greater percentage of value in one subdivision than the level of value subject to assessment by other taxing subdivisions violated the Texas Constitution's uniformity clause and the Equal Protection Clause of the U. S. Constitution. Smith v. Davis, 426 S.W.2d 827 (Tex. 1968) ["Smith"]. The challenged statute allowed hospital district tax assessments to be made "at a greater percentage of fair cash market value than that used in assessing the property for state and county purposes." Id. at 830. Art. VIII, § 1, of the Texas Constitution provided that "taxes shall be equal and uniform, and all property * * * shall be taxed in proportion to its value, which shall be ascertained as may be provided by law." Smith, 426 S.W.2d at 833. While noting that the state and federal constitutions "do require that taxation be uniform, equal, and in proportion to the value of the property being taxed . . .," the court found the assessments were "uniform and equal," as "[t]here is no constitutional requirement that different taxing bodies use the same proportion of fair market value in assessing property for tax purposes." Id. at 834.

While assessment at disparate levels of value by different taxing entities is permissible provided they are uniform within the taxing jurisdiction, a question could arise as to whether the creation of two classes of taxing entities results in impermissible special legislation in violation of Neb. Const. art. III, § 18. A legislative act violates the prohibition against special legislation if it "creat[es] a totally arbitrary and unreasonable method of classification. . . ." Human v. Marsh, 237 Neb. 699, 709, 467 N.W.2d 836, 845 (1991). "A special legislation analysis focuses on a legislative body's purpose in creating a challenged class and asks if there is a substantial difference of circumstances to suggest the expediency of diverse legislation." J.M. v. Hobbs, 288 Neb. 546, 557, 849 N.W.2d 480, 489
"A legislative body's distinctive treatment of a class is proper if the class has some reasonable distinction from other subjects of a like general character." *Big John's Billiards, Inc. v. State*, 288 Neb. 938, 945, 852 N.W.2d 727, 735 (2014). 

"[T]hat distinction must bear some reasonable relation to the legitimate objective and purposes of the legislative act." *Id.*

In Att'y Gen. Op. No. 15-002, we concluded that legislation that would reduce the value of agricultural and horticultural land, including land subject to special valuation, but not other real property, for purposes of calculating state aid to schools, did not create an improper classification in violation of the special legislation clause. *Id.* at 5. You indicate the proposed reduction in assessed values for taxation by K-12 public education entities would correspond with reductions in the valuation of real property for purposes of computing available resources under TEEOSA. The stated purpose is "to assure that the amount of reduction of property valuations within the TEEOSA formula will translate into actual property taxes paid by a property owner. . ." Given this connection and purpose, we cannot say the classifications created are improper and contrary to art. III, § 18.

**CONCLUSION**

The uniformity clause requires that all real property within a taxing jurisdiction be assessed and taxed at a uniform standard of value. While art. VIII, § 1, requires uniform and proportionate taxation, it does not mandate taxation at full actual value. While the Legislature has used full "actual value" as the basis for taxation in the past, and does so presently for nonagricultural real property, it has also provided for the assessment of real property at a percentage of full actual value. And, it currently provides for valuing and taxing agricultural and horticultural land (including land subject to special valuation) at a percentage of full actual value. Thus, the Legislature may provide for the assessment of real property at a uniform fraction or percentage of its actual value. While there is no Nebraska case law addressing whether it is permissible to establish disparate levels of value subject to assessment by different taxing entities, there is authority indicating that uniformity does not require that different taxing entities use the same proportion of value in assessing property for tax purposes. What is required is uniformity in the percentage of taxable value within each taxing jurisdiction. The reduced valuations of real property for taxation by K-12 public education entities you propose, applied uniformly, do not appear to contravene art. VIII, § 1. Further, the classifications created by the different levels of assessed value proposed do not appear to violate the prohibition against special legislation in Neb. Const. art. III, 18.

Very truly yours,

DOUGLAS J. PETERSON

Prior to 1992, art. VIII, § 1, required uniform taxation of "all tangible property and franchises." A constitutional amendment approved by the voters in 1992 replaced this requirement with the current language requiring taxes to be "levied by valuation uniformly and proportionately upon all real property and franchises..." Neb. Const. art. VIII, § 1(1), as amended by 1992 Neb. Laws, LR 219 CA, § 1.

The Legislature also is authorized to "enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall for property tax purposes be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses." Neb. Const. art. VIII, § 1(5). Pursuant to this so-called "Greenbelt amendment," the Legislature has exercised this power by providing for the special valuation of certain lands used for agricultural or horticultural purposes. Neb. Rev. Stat. §§ 77-1344 to 77-1347.01 (2018).

Article VIII, § 1, states this section applies "[n]otwithstanding" other provisions of the Constitution, including Article III, § 18. The effect of this language has not yet been subject to judicial interpretation. Nevertheless, we will consider the application of the special legislation clause to the proposed classifications.

Opinion 19-014

SUBJECT:   Constitutionality of Legislation Distributing Future Tax Equity and Educational Opportunities Support Act State Aid Funding Adjustments Proportionately Across All School Districts

REQUESTED BY:   Senator Mike Groene
Nebraska State Legislature

WRITTEN BY:   Douglas J. Peterson, Attorney General
Leslie S. Donley, Assistant Attorney General

You have requested an opinion from this office with respect to the constitutionality of proposed legislation which would amend the Tax Equity and Educational Opportunities Support Act, Neb. Rev. Stat. §§ 79-1001 to 79-1033 (2014, Cum. Supp. 2018, Supp. 2019) ("TEEOSA"). You indicate in your request letter that when the Legislature believes it necessary to annually adjust the TEEOSA formula, individual formula variables are "tweaked." You indicate that this process adjusts the formula to generate the total amount of state aid the Legislature will fund.
PROPOSED LEGISLATION

As we understand it, your proposed legislation would amend the TEEOSA formula to provide for "distributions of any future TEEOSA state aid funding adjustments made by the Legislature proportionally across all school districts." The legislation "would alter the TEEOSA formula to increase the amount of state aid to all school districts," resulting in "property tax relief through a lowered local property tax request." One key component of your proposed legislation is "provid[ing] equitable state funding to all school districts, with the greater of a per student foundation aid or 33.3% of a school district's formula needs." You indicate that specific provisions may be added to TEEOSA to address how the formula works in the event of a legislative adjustment, i.e., the formula will be left intact, while the total amount of the adjustment is divided proportionally across the school districts. By way of example, you indicate that the preliminary calculation of state aid is $1.5 billion. However, the Legislature determines that $1.425 billion is "adequate to fund the free instruction in Nebraska's common schools . . . ." A new statute would be added to TEEOSA to divide the difference—$75 million [or 5 percent of $1.5 billion]—proportionally across all districts by reducing each district's preliminarily calculated state aid by 5 percent. In addition, to ensure that funding is adequate, a new section would be added to allow local school boards, by a supermajority vote, an annual budget exception to their statutory levy and revenue limits to recoup up to 75 percent of any reductions in their state aid due to legislative action.

You have asked for our opinion as to the following questions:

I. Do these proposed provisions added to Nebraska's public school funding formula . . . adhere to "[t]he Legislature shall provide for the free instruction in our common schools" provision of Neb. Const. art. VII, § 1?

II. Furthermore, do the proposed provisions comply with the equal protection clauses under Neb. Const. art. I, § 3 and U.S. Const. Amend. XIV, § 1?

Our response to each of your inquiries is set out below.

DISCUSSION

I. Free Instruction Clause

Restated, your proposal would reduce every school district's state aid funding by an amount equal to the percentage of any legislative adjustment to the preliminary calculated amount of state aid funding. A school district will be able to recover 75% of the reduction by a supermajority vote of its governing body. While you have not expressly articulated in what manner
your proposed legislation might contravene the free instruction clause, it
appears to us your concerns relate to the adequacy of the funding in those
instances when the Legislature adjusts the preliminary calculated amount of
state aid.

The free instruction clause provides, in pertinent part, that

[t]he Legislature shall provide for the free instruction in the
common schools of this state of all persons between the ages of
five and twenty-one years.

Beginning with Affholder v. State, 51 Neb. 91, 70 N.W. 544 (1897), the
Nebraska Supreme Court has on several occasions considered the subject of
"free instruction" in Nebraska's common schools. In Affholder, the plaintiffs
sued the local school board to require the school district to furnish textbooks
to the children attending the school in accordance with an 1891 act. The
school board argued that the act in question violated the "same subject" rule
in Neb. Const. art. III, § 11 [now art. III, § 14], since the title of the act
referred to "textbooks," but another section of the act required the provision
of all "school supplies." Id. at 92, 70 N.W. at 545. The court considered
whether school supplies were encompassed by the term "textbooks" in the
context of the free instruction clause and concluded that

[s]ection 6, art. 8, [now art. VII, § 1] of the constitution of Nebraska
provides that "the legislature shall provide for the free instruction in the
common schools of this state of all persons between the ages of 5 and
21 years." What methods and what means should be adopted in order to
furnish free instruction to the children of the state has been left by the
constitution to the legislature. Prior to the passage of the act under
consideration, instruction in all public schools was gratuitous, and by
this act the legislature has seen fit to require the various school districts
to purchase text-books necessary to be used in the schools. We do not
think the term "text-books" should be given a technical meaning, but
that it is comprehensive enough to and does include globes, maps,
charts, pens, ink, paper, etc., and all other apparatus and appliances
which are proper to be used in the schools in instructing the youth . . . .

In State ex rel. Shineman v. Board of Education, 152 Neb. 644, 42 N.W.2d
168 (1950), parents sued the local board of education to compel the board to
establish a kindergarten for children who attained the age of five years of
age, but not six years, before October 15. The parents argued that under the
constitutional provision, their children were entitled to free public
instruction. Because their children did not meet the statutory age limit for
first grade, their children were prohibited from securing free instruction
there. Accordingly, they contended the board of education was required to
establish a kindergarten so that their five-year old children could receive the free instruction. *Id.* at 647, 42 N.W.2d at 170.

The trial court disagreed, however, and the Nebraska Supreme Court affirmed. The court reiterated the holding in *Affholder* "that the method and means to be adopted in order to furnish free instruction to the children of the state have been left by the Constitution to the Legislature." *Id.* at 648, 42 N.W.2d at 170. Notwithstanding explicit language in the clause requiring free instruction for persons ages five to twenty-one, the court found that "[c]learly legislation is necessary to carry into effect the constitutional provision. It is not a self-executing provision." *Id.* In the absence of a statute implementing the right, the matter of creating a kindergarten program was left to the discretion of the board of education. *Id.* at 649, 42 N.W.2d at 171.

In *Nebraska Coalition for Educational Equity and Adequacy v. Heineman*, 273 Neb. 531, 731 N.W.2d 164 (2007) ["Nebraska Coalition"], the plaintiffs filed a declaratory judgment action claiming that Nebraska's education funding system failed to "provide sufficient funds for an 'adequate' and 'quality' education." *Id.* at 534, 731 N.W.2d at 169. The plaintiffs further alleged that the funding system violated the free instruction and the religious freedom clauses of the Nebraska Constitution. The plaintiffs sought three declarations from the court, including "that the religious freedom and free instruction clauses provide[d] a fundamental right 'to obtain free instruction which enables each student to become an active and productive citizen in our democracy, to find meaningful employment, and to qualify for higher education.'" *Id.* at 536-37, 731 N.W.2d at 170. The plaintiffs also asked the court to declare the school funding system unconstitutional for "fail[ing] to provide adequate resources to provide the free education guaranteed by these sections . . . ." *Id.* at 537, 731 N.W.2d at 170. The trial court dismissed the complaint, determining that the plaintiffs' allegations that the Legislature had not provided sufficient funds to provide for an adequate education posed a nonjusticiable political question. *Id.* at 538, 731 N.W.2d at 171.

The Nebraska Supreme Court framed the critical issue in *Nebraska Coalition* as whether it may determine that the Legislature has failed to provide adequate funding for public education without violating the separation of powers clause. *Id.* at 541, 731 N.W.2d at 173. The court acknowledged that it "does not sit as a superlegislature to review the wisdom of legislative acts[,]" *Id.* at 545-46, 731 N.W.2d at 176, and ") that restraint reflects the reluctance of the judiciary to set policy in areas constitutionally reserved to the Legislature's plenary power." *Id.*

In its analysis, the court applied the criteria set out in *Baker v. Carr*, 369 U.S. 186 (1962), to determine whether the issue presented a nonjusticiable political question. The court indicated that it had already determined that the free instruction clause was clearly directed to the Legislature, and "that the duty to adopt the method and means to furnish free instruction has been left by the state Constitution to the Legislature." *Id.* at 549, 731 N.W.2d at 178.
The court found that "there are no qualitative, constitutional standards for public schools that this court could enforce, apart from the requirements that the education in public schools must be free and available to all children." *Id.* at 550, 731 N.W.2d at 179. In this regard, the court examined the state's constitutional history relating to the Legislature's duty to provide free public schools, and "interpret[ed] the paucity of standards in the free instruction clause as the framer's intent to commit the determination of adequate school funding solely to the Legislature's discretion, greater resources, and expertise." *Id.* at 552, 731 N.W.2d at 180. It held that "[a]ny judicial standard effectively imposing constitutional requirements for education would be subjective and unreviewable policymaking by this court." *Id.* at 553, 731 N.W.2d at 180-81. The court noted that under Neb. Const. art. III, § 25, fiscal policy decisions are left to the Legislature. "We could not hold that the Legislature's expenditures were inadequate without invading the legislative branch's exclusive realm of authority. In effect, we would be deciding what spending issues have priority." *Id.* at 554, 731 N.W.2d at 181. The court further observed that "a justiciable issue must be susceptible to immediate resolution and capable of present judicial enforcement." *Id.* at 555, 731 N.W.2d at 182. The court listed jurisdictions (i.e., Arkansas, Kansas, Texas, New Jersey), which had been mired in school funding litigation, and noted that "[t]he landscape is littered with courts that have been bogged down in the legal quicksand of continuous litigation and challenges to their states' school funding systems." *Id.* at 557, 731 N.W.2d at 183. The court, however, assertively "refuse[d] to wade into that Stygian swamp." *Id.*

In concluding that the issue before it presented a nonjusticiable political question, the court stated:

The Nebraska Constitution commits the issue of providing free instruction to the Legislature and fails to provide judicially discernible and manageable standards for determining what level of public education the Legislature must provide. This court could not make that determination without deciding matters of educational policy in disregard of the policy and fiscal choices that the Legislature has already made. . . .

*Id.* at 557, 731 N.W.2d at 183.

*Affholder, Shineman* and *Nebraska Coalition* all stand for the proposition that the Legislature is the sole judge of what amount of money should be spent on education. Consequently, your proposed legislation, which would reduce all school districts' state aid in an amount equal to a percentage of the legislative adjustment to the preliminary calculated state aid funding, does not contravene the constitutional provision discussed above. We would stress, however, that any future amendments to TEEOSA be consistent with other provisions in the act that require the Legislature to fund state aid as calculated under the formula.5

---

5 The court noted that the proposed legislation does not contravene the constitutional provision discussed above. However, the court stressed that any future amendments to TEEOSA should be consistent with other provisions in the act that require the Legislature to fund state aid as calculated under the formula.
II. Equal Protection Clause

Your second question asks us to consider your proposed legislation in the context of the equal protection provisions of both the Nebraska and United States Constitutions. Neb. Const. art. I, § 3 states that "[n]o person shall be deprived of life, liberty, or property, without due process of law, nor be denied equal protection of the laws." The U.S. Const. Amend XIV, § 1, provides, as pertinent, "nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws."

In Citizens of Decatur, a coalition of parents and taxpayers sued the surviving school district and members of the school board seeking an injunction to stop the district from moving grades four to six to the surviving district. To support its claim that the school board's action violated the equal protection and substantive due process rights of its members, "the Coalition argued that Nebraska's free instruction clause provided a fundamental right to an education equally or proportionally funded compared with other schools in the same district." Id. at 285, 739 N.W.2d at 751. The trial court ultimately found for the school district on all claims.

"If a legislative classification involves either a suspect class or a fundamental right, courts will analyze the classification with strict scrutiny. A suspect class is one that has been "'saddled with such disabilities, or subjected to such a history of purposeful unequal treatment . . . as to command extraordinary protection from the majoritarian political process.'"" Id. at 303, 739 N.W.2d at 762. The coalition did not allege that the school district discriminated against a "suspect class" nor did it contest that the school board's actions were rationally related to a legitimate state interest. It relied instead on the argument that the Nebraska Constitution provides a fundamental right to equal and adequate educational funding. The court rejected this argument, noting its holding in Nebraska Coalition. "The free instruction clause does not mandate equal funding of schools." Id. at 301, 739 N.W.2d at 761. Funding decisions are left to the Legislature, which in turn entrusts local budget decisions to school boards.
Where a suspect class or fundamental right is not implicated, "the Equal Protection Clause requires only that the classification rationally further a legitimate state interest." Id. at 303, 739 N.W.2d at 763. "[T]he burden is upon the challenging party to eliminate any reasonably conceivable state of facts that could provide a rational basis for the classification." Id. The court found that faced with increasing budget deficits, the school board's actions to reduce costs "were rationally related to its goal of providing an education for its students." Id. at 302, 739 N.W.2d at 762. It further found that the coalition failed to show that a heightened level of scrutiny applied or that the school board's actions were not rationally related to a legitimate state purpose.

You state that your proposed legislation "would alter the TEEOSA formula to increase the amount of state aid to all school districts and thereby provide property tax relief through a lowered local property tax request. One key component ... would be to provide equitable state funding to all school districts ...." It appears to us that the classification at issue, i.e., an across the board reduction in state aid funding, may further a legitimate state interest in lowering property taxes. We fail to see how the proposed legislation would result in an increase in state aid to school districts or would provide equitable funding to all districts. However, since the challenging party has the burden "to eliminate any reasonably conceivable state of facts that could provide a rational basis for the classification," we believe that a court would likely find your legislation, if enacted, constitutional since it rationally relates to your goal of providing property tax relief.6

Finally, as we recently pointed out in Op. Att'y Gen. No. 19-007 (May 6, 2019), to the extent the proposed legislation is constitutionally challenged by a county or school district, those entities have no due process or equal protection rights against the state. "U.S. Const. amend. XIV and Neb. Const. art. 1, § 3, prohibit the State from depriving any 'person' of life, liberty, or property without due process of law. A county, as a creature and political subdivision of the State, is neither a natural nor an artificial person .... Accordingly, a county cannot invoke the protection of the 14th amendment against the State." Rock County v. Spire, 235 Neb. 434, 447-48, 455 N.W.2d 763, 771 (1990). "[T]he [school] district, as a creature and political subdivision of the state, is neither a natural nor an artificial 'person' and, therefore, cannot invoke due process protection against the state." Loup City Public Schools v. Nebraska Dept of Revenue, 252 Neb. 387, 394, 562 N.W.2d 551, 556 (1997).

CONCLUSION

For more than a century, the Nebraska Supreme Court has held that the Nebraska Constitution leaves all decisions regarding the funding of public education to the Legislature. The Constitution provides no judicially discernible and manageable standards to determine what level of public education the Legislature must provide. Based on the foregoing authorities,
we conclude that your proposed legislation would not contravene the free instruction clause or the equal protection provisions in the Nebraska and U.S. Constitutions.

Sincerely,

DOUGLAS J. PETERSON
Attorney General

Dorsey, 108 Neb. 134, 187 N.W. 879 (1922) (The court held that a school district receiving nonresident students could charge no more that the tuition fee set by the Legislature, even when the school district offered courses beyond those required by the state.); and Farrell v. Sch. Dist. No. 54, 164 Neb. 853, 858, 84 N.W.2d 126, 131 (1957) ("[The free instruction clause] leaves all matters pertaining to schools and school districts, their creation, dissolution, government, and control with the Legislature. In all such matters the State is supreme.").

4 The Baker criteria consisted of "six independent tests," as follows:

[(1)] a textually demonstrable constitutional commitment of the issue to a coordinate political department; or [(2)] a lack of judicially discoverable and manageable standards for resolving it; or [(3)] the impossibility of deciding without an initial policy determination of a kind clearly for nonjudicial discretion; or [(4)] the impossibility of a court's undertaking independent resolution without expressing lack of the respect due coordinate branches of government; or [(5)] an unusual need for unquestioning adherence to a political decision already made; or [(6)] the potentiality of embarrassment from multifarious pronouncements by various departments on one question.

6 We reach this conclusion solely on the basis of the proposed legislation set out in your request letter, and have not considered other TEEOSA legislation that may be pending in the Legislature.

19–4029.02 Upon receiving a recommendation to change or expand the
boundaries of a business improvement district or the functions or ordinance provisions of an
existing business improvement district from the business improvement board, the
city council may change or expand the boundaries of the business improvement district or the functions or

SPEAKER SCHEER PRESIDING

RESOLUTION(S)

LEGISLATIVE RESOLUTION 294. Introduced by Kolowski, 31; Bolz, 29; Brandt, 32; Cavanaugh, 6; Chambers, 11; Crawford, 45; Hunt, 8; McCollister, 20; Morfeld, 46; Pansing Brooks, 28; Quick, 35; Wishart, 27.

WHEREAS, according to a warning published on November 5, 2019, about the effects of climate change, signed and supported by over eleven thousand scientists, the climate crisis "is more severe than anticipated, threatening natural ecosystems and the fate of humanity." Later on in the statement the scientists wrote that "climate change reactions could cause significant disruptions to ecosystems, society, and economies, potentially making large areas of Earth uninhabitable" and that because of the climate crisis, humanity could face "untold suffering"; and

WHEREAS, the United States Environmental Protection Agency states that intense weather phenomena, including large storms and heat waves, are likely to occur more frequently because of the climate and ecological crisis. Major storms can lead to loss of property and both storms and heat waves can cause death; and

WHEREAS, the Fourth National Climate Assessment says that over time these heat waves increase drought and wildfire risks. Heat waves and droughts have depleted water supplies, which has contributed to over ten billion dollars in losses for the agriculture sector; and

WHEREAS, according to the Union of Concerned Scientists, many forests are burning because of changes in temperature, precipitation levels, and soil moisture due to global warming. Hotter temperatures in the spring and summer, and the fact that snow is melting earlier in the spring, are likely to cause a longer wildfire season and cause wildfires to be more intense and burn for longer; and

WHEREAS, according to the National Centers for Environmental Information, which is part of the National Oceanic and Atmospheric Administration, there were eleven major wildfires between 2000 and 2017 in the United States of America. In that eighteen-year period, both the number of deaths and the financial damage caused by each wildfire dramatically increased. In the first wildfire of 2000, no one died, and the cost was $1.6 billion. In the last wildfire of 2017, fifty-four people died, and the cost was $18.7 billion; and

WHEREAS, the Fourth National Climate Assessment also states that flooding might increase across the United States of America, including in
areas where precipitation is expected to decrease. All flood types, including flash flooding, urban flooding, river flooding, and coastal flooding are, to different degrees, affected by the climate. The risks from future floods are very major; and

WHEREAS, according to the National Oceanic and Atmospheric Administration, sea levels are rising at a rate of about one-eighth of an inch per year. The two major causes of rising global sea levels are oceanic expansions due to the warming of oceans and increased melting of glaciers and ice sheets. The oceans are absorbing about ninety percent of the increased atmospheric heat that results from human emissions. The National Oceanic and Atmospheric Administration goes on to state that "with continued ocean and atmospheric warming, sea levels will likely rise for many centuries at rates higher than that of the current century"; and

WHEREAS, higher sea levels cause deadly and destructive storm surges to push farther inland, which means there will be more nuisance flooding, which is estimated to be three hundred to nine hundred percent more frequent in United States coastal communities than it was fifty years ago. Nearly forty percent of the United States' population lives in such coastal communities. Eight out of the ten largest cities in the world are close to a coast according to the U.N. Atlas of the Oceans; and

WHEREAS, according to a 2014 report published by the Intergovernmental Panel on Climate Change, animals have an increased risk of extinction because of the climate crisis; and

WHEREAS, a report done by the University of Nebraska-Lincoln concluded that disruptions in the climate have decreased agricultural yields in Nebraska over the last forty years and are predicted to decrease agricultural yields significantly over the next twenty-five years; and

WHEREAS, the State of Nebraska has contributed to the climate crisis but has done little to nothing to slow the effects.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature acknowledges that we are in the midst of an anthropogenic climate and ecological crisis.
2. That the Legislature has a moral obligation to take steps to combat the climate and ecological crisis.
3. That a copy of this resolution be sent to Prairie Hill Learning Center.

Laid over.

Senator Pansing Brooks filed the following amendment to LB147:

AM2078

11. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 79-254, Reissue Revised Statutes of Nebraska, is
4 amended to read:
5 79-254 Sections 79-254 to 79-294 and sections 4 and 5 of this act
6 shall be known and may be cited as the Student Discipline Act.
7 Sec. 2. Section 79-258, Revised Statutes Supplement, 2019, is
8 amended to read:
9 79-258 Administrative and teaching personnel may take actions
10 regarding student behavior, other than those specifically provided in the
11 Student Discipline Act, which are reasonably necessary to aid the
12 student, further school purposes, or prevent interference with the
13 educational process. Such actions may include, but need not be limited
14 to, physical contact, counseling of students, parent conferences,
15 referral to restorative justice practices or services, rearrangement of
16 schedules, requirements that a student remain in school after regular
17 hours to do additional work, restriction of extracurricular activity, or
18 requirements that a student receive counseling, psychological evaluation,
19 or psychiatric evaluation upon the written consent of a parent or
20 guardian to such counseling or evaluation.
21 Sec. 3, Section 79-259, Reissue Revised Statutes of Nebraska, is
22 amended to read:
23 79-259 If a student is removed, suspended, expelled, or excluded
24 from school or from any educational function pursuant to the Student
25 Discipline Act, such absence from school shall not be deemed a violation
26 on the part of any person under any compulsory school attendance
27 statutes. Any suspension or expulsion under the act shall comply with the
1 requirements of the Special Education Act and the requirements of the
2 federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq.
4 Sec. 4. (1) Administrative, teaching, and other school personnel
5 may use reasonable physical contact to protect a student, school
6 personnel, or another person from imminent physical injury;
7 (2) Reasonable physical contact shall only be used for as long as
8 necessary to protect the student, school personnel, or other person from
9 imminent physical injury. Reasonable physical contact does not include
10 physical contact that:
11 (a) Is intended to cause pain;
12 (b) Places a student in a prone restraint, which means restraint in
13 which a student is placed on the ground in a face-down position; or
14 (c) Involves any mechanical restraint.
15 (3) Each school district shall adopt a policy regarding the use of
16 physical contact pursuant to this section, including training
17 requirements relating to the use of reasonable physical contact.
18 (4) Within twenty-four hours following the use of any physical
19 contact pursuant to this section, school personnel shall contact the
20 parent or guardian of the student and notify the parent or guardian of
21 the use of such physical contact.
22 (5)(a) No administrative, teaching, or other school personnel shall
23 be subject to professional or administrative discipline or be held liable
24 for harm caused by an act or omission of any administrative, teaching, or
25 other school personnel relating to the use of reasonable physical contact
26 pursuant to this section unless the harm was caused by (i) gross
27 negligence, (ii) a conscious, flagrant indifference to the rights or
28 safety of the individual who was harmed, or (iii) willful, criminal, or
29 reckless misconduct, including misconduct (A) that constitutes a crime of
30 violence, as defined by 18 U.S.C. 16, as such section existed on January
31 1, 2020, (B) that involves a sexual offense listed in subdivision (1)(a)
32 (i) of section 29-4003, (C) for which the defendant has been found to
33 have violated a federal or state civil rights law, or (D) that occurred
34 while the defendant was under the influence of alcoholic liquor or drugs.
35 (b) Nothing in this section shall be construed to limit any defense,
36 that may be available under any other provision of law, including, but
37 not limited to, any defense relating to self-protection or the protection
38 of others.
8 Sec. 5. (1) An administrator or administrator's designee shall
9 immediately remove a student from a class upon request by a teacher or
10 other school personnel if such teacher or other school personnel has (a)
11 followed school policy in requesting the removal of such student and (b)
12 such student's behavior is so unruly, disruptive, or abusive that it
13 seriously interferes with the learning environment and the opportunity
14 for other students in the class to learn.
15 (2) Removal shall mean the exclusion of a student from a class for a
16 period not to extend beyond the end of the school day during which such
17 exclusion occurred, unless such student is otherwise suspended, expelled,
18 or excluded from school or any educational function pursuant to the
19 Student Discipline Act.
20 (3) Any removal pursuant to this section shall comply with the
21 requirements of the federal Individuals with Disabilities Education Act,
22 20 U.S.C. 1400 et seq., any applicable Individualized Education Plan shall be established pursuant to the Individuals with Disabilities Education Act, and section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, as such acts existed on January 1, 2020, and any other applicable state or federal law.

7 (4) When a student is removed from a class, the goal shall be to return the student to the class as soon as possible after appropriate instructional or behavioral interventions or supports have been implemented to increase the likelihood the student will be successful.

17 For students with patterns of disruptive behavior, schools shall provide additional interventions or supports. After a student has been removed for a cumulative amount of time equivalent to five school days in a school year, the due process protections for long-term suspensions shall apply.

16 (5) Each school district shall adopt a policy that describes the process for removing a student from a class and for returning a student to a class. Such policy shall: (a) Describe how and when a student may be removed from a class and returned to a class; (b) use a discipline process that is proactive, instructive, and restorative; (c) require appropriate communication between administrators, teachers, students, and parents or guardians, including notification of a parent or guardian following the removal of a student from a class; and (d) allow a teacher to have, upon request, a conference with the principal and a parent or guardian of a student who was removed from class at the request of such teacher. Such policy shall be made available to the public.

14 (6) Administrative, teaching, and other school personnel shall not be subject to professional or administrative discipline for having a student removed from a class pursuant to this section if such administrative, teaching, or other school personnel acted in accordance with the policy adopted pursuant to subsection (5) of this section.

9 Sec. 6. This act becomes operative on January 1, 2021.

22 Sec. 7. Original sections 79-254 and 79-259, Reissue Revised Statutes of Nebraska, and section 79-258, Revised Statutes Supplement, 2019, are repealed.

Senator Walz filed the following amendment to LB147:

AM2086

1 1. Strike the original sections and insert the following new sections:

3 Section 1. Section 79-254, Reissue Revised Statutes of Nebraska, is amended to read:

5 79-254 Sections 79-254 to 79-294 and sections 3 and 4 of this act shall be known and may be cited as the Student Discipline Act.

7 Sec. 2. Section 79-258, Revised Statutes Supplement, 2019, is amended to read:

9 79-258 Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, physical intervention, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation.

21 Sec. 3. (1) Unless prohibited by the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or a plan developed pursuant to section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794.
as such acts existed on January 1, 2020, after every reasonable effort
has been made to de-escalate a potentially harmful situation, teachers
and other school personnel may use reasonable physical intervention to
safely manage the behavior of a student to:
1. (a) Protect such student, another student, a teacher or other school
personnel, or another person from physical injury; or
2. (b) Secure property in the possession of such student if the
possession of such property by such student poses a threat of physical
injury to such student, another student, a teacher or other school
personnel, or another person.
3. (2) Proximate restraint as a form of physical intervention shall only be
used as a last resort. In the event that proximate restraint is used, every
reasonable effort shall be made to change to a different restraint
position in a timely manner. Proximate restraint means any manual method,
physical or mechanical device, material, or equipment that immobilizes or
reduces the ability of an individual to move freely in either a face-up
or face-down position.
4. (3) Any physical intervention used by a teacher or other school
personnel pursuant to this section shall not be used for the purpose of
inflicting bodily pain as a penalty for disapproved behavior.
5. (4) Following the use of physical intervention pursuant to this
section, a teacher or other school personnel shall contact and notify the
parent or guardian of the use of physical intervention. The school
district shall submit a written report to the State Department of
Education describing the incident, the events leading up to the incident,
steps that were taken to de-escalate the situation, and how the incident
was resolved.
6. (5) No teacher or other school personnel shall be subject to
professional or administrative discipline and no teacher, other school
personnel, or school district shall be criminally or civilly liable for
the use of physical intervention pursuant to subdivision (1)(a) or (b) of
this section if such physical intervention was reasonable. Nothing in
this section shall be construed to limit any defense that may be
available under any provision of law, including, but not limited to, any
defense relating to self-protection or the protection of others.
Sec. 4. (1) Each school district shall have a policy that describes
2. the process of removing a student from a class and returning a student to
3. a class. Such policy shall: (a) Describe how and when a student may be
4. removed from a class and returned to a class; (b) use a discipline
5. process that is proactive, instructive, and restorative; (c) require
6. appropriate communication between administrators, teachers or other
7. school personnel, students, and parents or guardians. Such policy shall
8. be made available to the public.
9. (2) Unless prohibited by the federal Individuals with Disabilities
10. Education Act, 20 U.S.C. 1400 et seq., or a plan developed pursuant to
11. section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, as such
12. acts existed on January 1, 2020, an administrator or administrator's
13. designee shall immediately remove a student from a class upon request by
14. a teacher or other school personnel if such teacher or other school
15. personnel has followed school policy in requesting the removal of such
16. student.
17. (3) When a student is removed from a class, the goal must be to
18. return the student to the class as soon as possible after appropriate
19. instructional or behavioral interventions or supports have been
20. implemented to increase the likelihood the student will be successful.
21. For a student with a pattern of disruptive behavior, the school shall
22. provide additional interventions or supports.
23. (4) No teacher or other school personnel shall be subject to
24. professional or administrative discipline, and no teacher, other school
personnel, or school district shall be criminally or civilly liable for
26 the removal of a student from a class pursuant to this section if such
27 teacher or other school personnel acted in a reasonable manner and in
28 accordance with school policy.
29 Sec. 5. The State Board of Education may adopt and promulgate rules
30 and regulations to carry out sections 3 and 4 of this act.
31 Sec. 6. Section 4 of this act becomes operative on August 1, 2020.
32 The other sections of this act become operative on their effective date.
33 Sec. 7. Original section 79-254, Reissue Revised Statutes of
34 Nebraska, and section 79-258, Revised Statutes Supplement, 2019, are
35 repealed.

Senator Cavanaugh filed the following amendment to LB147:
AM2085
1 T1. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 79-1201, Reissue Revised Statutes of Nebraska, is
4 amended to read:
5 79-1201 Sections 79-1201 to 79-1249 and sections 2 to 7 of this act
6 shall be known and may be cited as the Educational Service Units Act.
7 Sec. 2. The Legislature finds that:
8 (1) Behavioral and mental health needs of students are frequently
9 identified in a school setting and affect the ability of teachers to
10 teach and the ability of students to learn.
11 (2) The findings of the Adverse Childhood Experiences Study
12 conducted by the federal Centers for Disease Control and Prevention make
13 clear that childhood experiences have a tremendous impact on lifelong
14 health, wellness, and opportunity.
15 (3) Superintendents, principals, and other school personnel in
16 Nebraska ranked the availability of people to provide behavioral and
17 mental health services as the number one support need for schools in
18 2017; and
19 (4) The creation of a collaborative school behavioral and mental
20 health program with initiatives in each of the educational service units
21 would provide schools with the needed support in the most efficient
22 manner in order to promote classroom learning and prevent student
23 involvement in the child welfare system or the juvenile justice system.
24 Sec. 3. (1) The Collaborative School Behavioral and Mental Health
25 Program is created. The goal of the program is to provide each
26 educational service unit with a social worker (a) to train teachers and
27 other school personnel and (b) to work with parents, schools, behavioral
28 and mental health care providers, and other community resources in order
29 to provide timely, effective, and family-centered services.
30 (2) At such time as the Collaborative School Behavioral and Mental
31 Health Fund reaches a balance of at least three million six hundred
32 thousand dollars, the Educational Service Unit Coordinating Council shall
33 begin implementation of the program pursuant to sections 2 to 7 of this
34 act. The program terminates on July 1, 2024.
35 (3) Three years after the program is implemented under subsection
36 (2) of this section, each educational service unit shall determine the
37 cost of the program in its service area. If the cost of the program for
38 an educational service unit exceeds the available funds for the
39 educational service unit, the program shall not continue in such service
40 area.
41 (4) Each initiative shall be a partnership between the Educational
42 Service Unit Coordinating Council, the educational service unit, and the
43 school systems within the educational service unit.
44 Sec. 4. (1) At such time as implementation begins under section 3
45 of this act, the Educational Service Unit Coordinating Council shall
46 administer the Collaborative School Behavioral and Mental Health Program,
47 including employing a coordinator for the program.
21 (2) As part of such administration, the Educational Service Unit
22 Coordinating Council shall:
23 (a) Establish requirements for initiatives in each educational
24 service unit to implement the program which include the components in
25 section 6 of this act;
26 (b) Solicit annual program plans from each educational service unit
27 and ensure that the plans meet initiative requirements;
28 (c) Identify evidence-based best practices in interventions for
29 students and coordinate the delivery of evidence-based training to social
30 workers and other school personnel on at least an annual basis;
31 (d) Complete an annual evaluation of the program in each educational
32 service unit based on the number of students referred, assessed, or
33 served, implementation of evidence-based practices, and improved health
34 and academic outcomes for students, and
35 (e) Create and maintain a statewide map of behavioral and mental
36 health services available in the state.
37 Sec. 5. To further the goal of the Collaborative School Behavioral
38 and Mental Health Program stated in section 3 of this act, the
39 Educational Service Unit Coordinating Council or an educational service
40 unit may employ a social worker. If a social worker is so employed, each
41 school system with which the social worker will interact shall designate
42 a contact person for each school system in the educational service unit.
43 Such social worker may:
44 (1) Work to empower students, families, and school personnel to
45 access available opportunities and resources to fully develop each
46 student's potential;

To amend Article III, section 24:

III‑24 (1) Except as provided in this section, the Legislature may not authorize, regulate, and tax any game of chance or any lottery or gift enterprise, including any game of chance, lottery, or gift enterprise when the consideration for a chance to participate involves the payment of money for the purchase of property, services, or a chance or admission ticket or requires an expenditure of substantial effort or time.

STATE OF THE STATE ADDRESS

“Through it all, Nebraskans showed the world what it truly means to be Nebraska Strong.”

“Property tax relief remains the top priority for the people of Nebraska and it’s my number one priority.”

“Our work in the coming days will take a spirit of collaboration and cooperation for each of us to do our part to keep Nebraska strong.”

President Foley, Speaker Scheer, Members of the Legislature, Distinguished Guests, Friends, Fellow Nebraskans – good morning!
Congratulations on the commencement of the Second Session of the 106th Nebraska Legislature. I want to welcome each of you back to Lincoln, and I look forward to working together to keep Nebraska strong during what is certain to be a fast-paced short session. From property tax relief to flood aid, we have several important priorities that we must address.

As we enter this session, our priorities for 2020 have been shaped by events and circumstances our state has faced over the last year.

As I have said before, I believe that 2019 will be remembered as Nebraska’s finest hour.

When we were faced with the most widespread and costliest natural disaster in state history, Nebraskans responded with heroic grit, determination, resilience, and generosity.

For 318 days—from February 4th to December 19th—Nebraska had a Flood Warning, Watch, or Advisory somewhere in our state.

Through it all, Nebraskans showed the world what it truly means to be Nebraska Strong.

Nebraskans not only rescued stranded neighbors, but they also sandbagged levies, donated hay and supplies, delivered hot meals, and raised money for those who had lost everything.

Last month, the First Lady and I had the honor of presenting several of our flood heroes with a token of our state’s appreciation. These men and women are ordinary Nebraskans, who recognized a need and took lifesaving action. In many cases they did this, not because it was their job, but because they cared about their neighbors and their communities.

Sadly, the flooding claimed the lives of six Nebraskans. One of those Nebraskans was James Wilke. James was a farmer from near Columbus, who sacrificed his life while volunteering to save a stranded motorist. When local emergency responders asked for his help, James answered the call, put on his boots, and got in his tractor. While driving his tractor to the rescue, the bridge he traveled over could not withstand the powerful water and collapsed. Even though God called James home earlier than any of us expected, he will forever be remembered for his selflessness and heroism. His wife Rachel and family members are here today. Please help me recognize them.

Today, I also want to recognize the amazing work of our public servants here at the State of Nebraska. They are the unsung heroes who worked around the clock organizing rescues, clearing roads, and supporting communities.
During the flooding, members of the Nebraska National Guard drove nearly 45,000 miles and put in 335 hours of flight time. Along the way, they rescued 112 people, 66 of those rescues were by helicopter hoist.

The Nebraska State Patrol made more than 160 rescues in the weeks following the blizzards and floods in March. Rescues were made using patrol units, light armored vehicles, boats, and a helicopter to reach people in danger and bring them to safety. In July, when another round of flooding struck central Nebraska, the State Patrol was among the first on the ground to help. Troopers worked side-by-side with Kearney police officers and others to evacuate hundreds of people from flooded businesses and hotels in Kearney.

At the Nebraska Department of Transportation, teammates like Rudy Novacek sacrificed countless hours to keep people safe. Rudy was escaping through floodwaters in a plow truck when he turned around to go back and assist a Nebraska State Trooper that got stranded behind him. Since the flood, the agency has helped rebuild the state by reopening and repairing 3,300 miles of state highway along with 27 bridges.

And finally, I want to recognize the team at the Nebraska Emergency Management Agency (NEMA). They helped coordinate the response across the state, supported local emergency managers, directed resources, and ran a joint information center among countless other duties. They are the best among their peers in the nation!

Please help me recognize representatives from the Nebraska National Guard, State Patrol, Department of Transportation, and NEMA, who are seated in the balcony today.

Before I elaborate further on the state of the state, I want to briefly honor State Patrol Trooper Jerry Smith who lost his life in a tragic crash last year. He was the first trooper we’ve lost in the line of duty in the last 20 years. From the sands of war-torn Iraq to the highways and byways of Nebraska, Trooper Smith’s life was distinguished by service—a service rooted in his deep love for his family, his community, his state, and his country. While his family was not able to be here today, please help me recognize his sacrifice, and the bravery of all the great men and women who serve in our law enforcement agencies.

Even though the floodwaters subsided and communities pulled together to rebuild, the events of the last year have compounded challenges for ag producers in our state’s largest industry. In addition to the flooding, we experienced several other major events. A fire at a beef processing plant in Kansas depressed beef prices and hit our ranch families hard. An irrigation tunnel collapsed in eastern Wyoming, threatening our state’s sugar beet industry and hundreds of farm operations. Trade uncertainty has shifted our focus towards diversifying markets for Nebraska’s ag producers. And our
continued battle to enforce a robust Renewable Fuel Standard has made for a difficult year for corn growers.

As agriculture works to power through these tough times, each of us has a duty to be a voice for our farm and ranch families whether we come from a rural background or an urban one.

Even with these challenges, Nebraska has been able to achieve several significant milestones in the last twelve months.

In spite of unprecedented flooding and other unforeseen challenges, I’m happy to report that the state of the state is strong, resilient, and growing!

In 2019, Nebraska outpaced the national rate for GDP growth.

In March, Nebraska marked the first month ever that one million unique individuals have been employed in our state.

And in October, we added over 15,000 new jobs, which is the fastest year-over-year job growth since 2015.

Our team at the State of Nebraska has been working hard to support new growth. Over the past year, we’ve used our four pillars of prosperity to grow Nebraska and deliver on our mission of making state government more effective, more efficient, and more customer-focused.

We have connected numerous Nebraskans with great jobs and opportunities, launched new kinds of apprenticeships with CLAAS and Graepel, expanded registered apprenticeships, and created new Developing Youth Talent Initiative programming.

We continue to lead the nation in running government like a business. In September, Harvard spotlighted the great work our Center of Operational Excellence is doing to put our customers first, cut wait times, and eliminate waste.

Together, we increased the Property Tax Credit Relief Fund by over 20 percent to $275 million annually, or almost double what it was before I took office.

And I led trade missions to Mexico, Vietnam, Japan, and Germany to promote Nebraska’s quality products and to recruit new investment to our state.

These strategies have been key in bringing great opportunities here to the Good Life. Companies such as Costco, Google, Facebook, and Veramaris invested in our state. Investments like these helped us win our third consecutive Governor’s Cup award for the most new investments per capita of any state in the nation.
Before I talk about legislative priorities, I want to take a moment to make a special announcement. Nebraska is not just a leader in growing job opportunities, but also in our work in the area of child welfare. You may have noticed that my lovely wife Susanne is not here today. She is in Seattle with Casey Family Programs accepting the foundation’s Jim Casey Building Communities of Hope Award on behalf of our great state. Nebraska is receiving this national award because of the incredible work that private and public agencies have been doing through the Bring Up Nebraska initiative. This work is helping produce better outcomes for our children. Thanks in part to this work, the number of children in need of foster care in Nebraska has decreased by 18 percent over the last two years, helping to keep more children and families together. Please help me thank the Nebraska Children and Families Foundation and all the incredible partners who have invested so deeply in Bring Up Nebraska, our kids, and our families!

Now, let’s turn to the legislative session, and what we can do to grow our state and keep Nebraska strong. Just a short eight months ago, we collaborated together on a two-year budget that set priorities for this year and next.

With the exception of a couple emergent priorities, I expect state agencies and our partners to manage within this two-year budget. Not including property tax relief, the budget adjustments I am presenting to you today continue to control spending and limit budget growth to about 2.9 percent over the biennium.

A strong finish to the last fiscal year helped us rebuild our cash reserve and has created the opportunity for us to work on key priorities for the people of Nebraska.

In October, the state’s forecasting board raised its revenue projection by $266 million for the current and upcoming fiscal year combined.

With this fiscal framework in mind, I have four major priorities I am presenting to you today.

First, property tax relief. Property tax relief remains the top priority for the people of Nebraska and it’s my number one priority. Last year, we successfully increased the Property Tax Credit Relief Fund from the state to the people of Nebraska by over 20 percent. This was a step in the right direction, but more must be done.

Today, I am recommending roughly $500 million in property tax relief over the next three years to help our farmers, ranchers, home owners, and businesses. I will be working closely with Senator Linehan and the Revenue Committee to direct this relief in a way that will make a difference in the local property tax bills Nebraskans pay.
As we work together, I have three principles I am following: No tax increases, protect the Property Tax Credit Relief Fund, and encourage spending restraint in local governments just like we are doing at the state.

We need local spending restraint because, over the last 10 years, local governments have raised local property taxes 54 percent while inflation only grew at 17 percent.

Second, flood relief. Communities across Nebraska have been rebuilding, but there’s still a long way to go. The federal government will step up to provide significant support, but the state must do our part as well. Eighty-four counties and five tribal nations have submitted over $400 million in disaster relief projects to the Federal Emergency Management Agency.

My recommendation includes $50 million to address the state’s share of these projects and another $9.2 million to aid the counties most severely impacted by the disaster. I am also recommending an additional $3 million to maintain an adequate balance in the Governor’s Emergency Fund, so the state is prepared to address any future events.

Third, we need to do more to retain our veterans. Veterans continue to contribute to our communities and our economy after they complete their service. Nebraska is the only state in our region whose veterans’ population is declining in part because we tax retirement benefits. This week, you voted 46-0 for military retirement tax relief. I want to thank you for advancing LB 153, and encourage you to deliver this tax relief that will help us retain our veterans.

Fourth, workforce and business expansion. These twin issues need ongoing work in both the public and private sector.

Connecting the next generation of Nebraskans to great opportunities in our state is key to helping our kids make Nebraska their home. I am proposing that we invest $16 million in scholarships for students at our community colleges, state colleges, and University system to help connect the next generation of Nebraskans with great careers in fields ranging from math and engineering to healthcare and IT.

I also want to acknowledge University of Nebraska President Ted Carter who has joined us here today – we look forward to working with you as you lay out your vision for our University system!

My recommendations also include funding for LB 720, which would refine Nebraska’s business incentives. It is critical that incentives are dealt with this legislative session, so Nebraska can remain competitive nationally as we work to recruit and expand job opportunities.
And finally on the topic of workforce, I am recommending $8 million to attract and retain quality teammates in Corrections. This will support the new agreement recently reached with the Corrections Officer union. As we implement this agreement, Director Frakes and I continue to look at next steps for the agency and what we need to do to keep our people and communities safe.

Property tax relief. Flood relief. Veterans tax relief. And growing our people and businesses. These are four ways we can keep Nebraska strong and growing in 2020.

I know that there will be tough debates. Long nights. And an unpredictable journey ahead.

But I also know that the citizen legislators gathered here today can get the job done when everyone rolls up their sleeves and works together.

Before I close, I want to recognize the State Senators who are completing their final session. Each of these individuals has devoted the last seven years to serving their district and our state. Senators Bolz, Chambers, Crawford, Howard, Kolowski, and especially Jim Scheer, who has provided tremendous leadership for the State of Nebraska as Speaker of the Legislature. Would you all please stand? Thank you for your service!

This year also marks an important milestone. It is the 100th anniversary of women’s suffrage. I want to recognize all the female legislators who have stepped up to serve our state. Would you please stand and be recognized?

Once again, thank you all for your service to the people of Nebraska. Our work in the coming days will take a spirit of collaboration and cooperation for each of us to do our part to keep Nebraska strong. I look forward to the days ahead.

God bless you all and God bless the great State of Nebraska!

The committee escorted Governor Pete Ricketts from the Chamber.

MESSAGE(S) FROM THE GOVERNOR

January 15, 2020

5 shall be conducted a tax amnesty program with regard to taxes due and
6 owing that have not been reported to the Department of Revenue. Any
7 person applying for tax amnesty shall pay all unreported taxes that were
8 due on or before April 1, 2004. Any person that applies for tax amnesty
9 and is accepted by the Tax Commissioner shall have any penalties and
10 interest waived on unreported and delinquent taxes notwithstanding any
11 other provisions of law to the contrary.
12 (2) To be eligible for the tax amnesty provided by this section, the
13 person shall apply for amnesty within the amnesty period, file a return
14 for each taxable period for which the amnesty is requested by December
15 31, 2004, if no return has been filed, and pay in full all taxes for
16 which amnesty is sought with the return or within thirty days after the
17 application if a return was filed prior to the amnesty period. Tax
18 amnesty shall not be available for any person that is under civil or

1 (4) If a person elects to participate in the amnesty program, the
2 election shall constitute an express and irrevocable relinquishment of
3 all administrative and judicial rights to challenge the imposition of the
4 tax or its amount. Nothing in this section shall prohibit the department
5 from adjusting a return as a result of any state or federal audit.
6 (5)(a) Except for any local option sales tax collected and returned
7 to the appropriate municipality and any motor vehicle fuel, diesel fuel,

RESOLUTION(S)

LEGISLATIVE RESOLUTION 297. Introduced by Hilkemann, 4.

WHEREAS, the Constitutional Convention of 1787 was initially convened to make revisions to the Articles of Confederation and this Convention decided instead to discard the Articles of Confederation entirely and create a new system of government; and

WHEREAS, the Constitution of the United States has served as the cornerstone of American liberty since its creation in 1787 and was the first written national constitution to set forth a system of separation of powers and to ensure that the rights of minority groups could not be easily trampled upon by the will of the majority; and

WHEREAS, despite turmoil and grave political and economic concerns, including, without limitation, the Civil War and the Great Depression, a subsequent constitutional convention has not been held since 1787; and

WHEREAS, the Constitution has proven to be resilient and has been amended only twenty-seven times during its two-hundred-thirty-two-year history; and
WHEREAS, Article V of the Constitution requires the Congress of the United States to convene a constitutional convention upon the application of the legislatures of two-thirds of the several states; and

WHEREAS, in 1893, the Legislature passed a joint resolution to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1903, the Legislature passed House Roll No. 167 to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1907, the Legislature passed Senate File No. 313 to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1911, the Legislature passed a joint resolution to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1949, the Legislature passed Legislative Resolution 32 to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1965, the Legislature passed Legislative Resolution 42 to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1978, the Legislature passed Legislative Resolution 152 to make an application to Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, in 1979, the Legislature passed Legislative Resolution 106 to make an application to the Congress to call a convention to propose specified amendments to the Constitution; and

WHEREAS, a Legislature may not bind a future Legislature for the very reason that in the course of human events new priorities emerge, what represented positive adaptation at a particular time ceases to do so, and the will of the people of the State of Nebraska changes; and

WHEREAS, over ninety-five percent of the members of the current Legislature have not had an opportunity to consider or take a position on the aforementioned resolutions, indeed may not even be aware of their contents; and

WHEREAS, the issues raised and the contents of the respective resolutions may no longer be germane to the present times; and

WHEREAS, action by the current legislatures of a small number of states could, in a very short period of time, irrevocably trigger one or more conventions to be convened without the concurrence of two-thirds of the current legislatures; and

WHEREAS, former Chief Justice of the Supreme Court Warren E. Burger, former Associate Justice of the Supreme Court Arthur Goldberg, and other leading constitutional scholars agree that such a convention may propose sweeping changes to the Constitution, thereby creating imminent peril to the well-established rights of citizens and the duties of various levels of government.
NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That each resolution petitioning Congress to call for a constitutional convention under Article V of the Constitution of the United States included in this resolution shall be automatically rescinded if the convention is not called on or before January 1, 2021.

2. That any application to the United States Congress for the calling of a convention under Article V of the United States Constitution that is submitted to the Nebraska legislature during or after the current legislative session shall be automatically rescinded if the convention is not called on or before the seventh anniversary of the date the last legislative vote is taken on the application.

3. That the members of the Legislature urge the members of other state legislatures, which have previously requested for Congress to convene a constitutional convention, to establish a date at which prior applications that are no longer relevant to the state's interests will be rescinded.

Laid over.

MOTION - Escort Chief Justice

Senator Geist moved that a committee of five be appointed to escort the Chief Justice of the Supreme Court to the Legislative Chamber for the purpose of delivering the State of the Judiciary Address.

The motion prevailed.

The Chair appointed Senators Brandt, Hilgers, Lathrop, Pansing Brooks, and Wayne to serve on said committee.

STATE OF THE JUDICIARY ADDRESS

Mr. President, Mr. Speaker, Members of the Legislature, fellow Justices of the Nebraska Supreme Court, and fellow Nebraskans.
Thank you to the members of this legislative body, particularly Speaker Scheer, for inviting me to address you this morning. It is once again an honor for me to report on the accomplishments of our Judicial Branch and to discuss our upcoming plans with you.

First, I will introduce my fellow Justices.

To my immediate right is Justice Lindsey Miller-Lerman of Omaha; to Justice Miller-Lerman's right is Justice Jonathan Papik, also of Omaha. To my immediate left is Justice William Cassel of O'Neill; to his left is Justice Jeff Funke of Nebraska City; and to Justice Funke's left is Justice John Freudenberg of Rushville. Justice Stephanie Stacy of Lincoln is unable to be with us this morning.

INTRODUCTION

Today, I will highlight the commitment of Nebraska's Judicial Branch, including juvenile and adult probation, access, outreach, and efficiency.

Access to Justice

A primary goal of the judiciary is access to justice for all Nebraska citizens. To realize that goal, the Nebraska Supreme Court has created an Access to Justice Commission. The purpose of the Commission is to provide equal access to expeditious and fair justice for all Nebraskans, regardless of income, race, ethnicity, gender, disability, age, or language.

Language Access Program

First, I will address language access. In Fiscal Year 2019, the Supreme Court's Language Access Program provided interpreters in 65 of Nebraska's 93 counties. Collectively, those interpreters communicated in 49 different languages, including the following:

- Russian;
- Dinka, spoken in South Sudan;
- Ewe, spoken in Togo and Ghana;
- Hindi, spoken in India;
- Krio, spoken in Sierra Leone; and
- Tigrinya, spoken in Eritrea and Ethiopia.

Spanish, of course, remains the most frequently interpreted language in Nebraska's courts. But in addition to Spanish interpreters, last year each Judicial District needed interpreters for at least two other languages.

One of the challenges we are currently facing is the shortage of certified court interpreters, both in Nebraska and nationally. To address the shortage, this year our Court's Language Access Program collaborated with Northeast Community College in Norfolk to provide a no-cost adult education course for aspiring court interpreters.

This program is the first of its kind in the nation and is proving to be very successful. Our Language Access partnership story was broadcast both locally and nationally when it was featured on Nebraska Public Radio. We hope to expand this initiative in the near future.
Access - Public Engagement Sessions

Also through our Access to Justice Commission, the courts began significant outreach programming with tribal, state, and federal courts. This past fall, grant-funded engagement sessions, directed by Tribal Court Judge Patrick Runge of the Winnebago and Ponca Tribes, and State District Court Judge Andrea Miller of Scottsbluff, were held in Omaha, Niobrara, Macy, and Winnebago.

These sessions fostered conversations with Nebraska's Native American communities regarding court relationships, jurisdictional issues, and the Indian Child Welfare Act. By organizing and hosting these sessions, we hope to strengthen Native American communities' confidence in our court system. A second public engagement session is planned for later this year in northwestern Nebraska.

Details regarding the Access to Justice Commission are available in the Judicial Branch Annual Report provided to you today. The report is also available on the Court's website.

Access - Nebraska Strong

Our courts remained accessible in all 93 of Nebraska's counties, despite the heavy snows of last winter and the catastrophic flooding we experienced this past spring. I am pleased to report that with very few exceptions, where travel was impossible, we were able to maintain full court services during these devastating weather events.

I am proud to say that our courts, court staff, probation, public guardians, mediators, and interpreters remained 'Nebraska Strong' throughout 2019. Again, we commend these essential staff members for their commitment.

Access - Children in the Courts

The welfare of Nebraska's children and the elderly continues to be a priority for the judiciary. As part of our commitment to these populations, our Court Improvement Project has been involved in a number of outreach programs across Nebraska.

Our Through the Eyes of the Child teams continue to work throughout the state to improve the court system's response to abused and neglected children. There are 25 teams across Nebraska, each led by a trial court judge, working locally to improve our juvenile court system.

To enhance those efforts, we also began hosting Children's Summits in 2006 to better the lives of children and their families in our courts. This year, the Court Improvement Project hosted a Children's Summit in Kearney. The Summit was attended by nearly 600 participants from the legal community, social services, probation, tribal members, foster parents, and the therapeutic community.

Also, in Dawson, Lancaster, and Madison Counties, our Court Improvement Project took the lead in a joint pilot program with the Nebraska Department of Health and Human Services. The goal of this program is to increase the number of foster children reunified with their parents. The design was prompted by the actions of Judge Jeff Wightman of
Access - Public Guardian

Annually, I also report on the Office of Public Guardian. The role of the office is two-fold: to provide guardianship services for individuals when no private alternative is available, and to develop required education for court-appointed individuals serving as guardians or conservators.

Many of Nebraska's court-appointed guardians are family members, caring for loved ones who have minimal assets and support. Since its inception in late 2015, the Office of Public Guardian has provided education to nearly 5,000 recently court-appointed private guardians in Nebraska, and our associate public guardians have helped over 600 vulnerable individuals. This year, to manage the volume of necessary trainings, the office of Public Guardian added an online class to educate Nebraska's private guardians in a quicker, more cost-efficient manner.

In August of 2019, an editorial appeared in the Omaha World Herald, crediting our Office of Public Guardian with uncovering fraudulent Medicaid billings and financial abuse of an elderly client. The article commended our public guardians for their work in helping vulnerable, elderly Nebraskans, and pointed out that from 2010 to 2030, the number of Nebraskans aged 65 and above is projected to increase by 160,000 people, from 240,000 to 400,000.

The editorial called on the State to address current shortcomings in medical, behavioral health, and nursing home services, along with calling for additional public guardians to meet the current need. Unfortunately, our Office of Public Guardian has reached its service capacity in most areas of the State. As a result, nearly 100 cases were necessarily referred to a waiting list.

Access - Guardians and Conservators

To complement the Office of Public Guardian, in 2015 the Supreme Court established the Commission on Guardianships and Conservatorships. The Commission is led by Judge Todd Hutton of Papillion, Judge Holly Parsley of Lincoln, and Judge Sheryl Lohaus of Omaha, and is responsible for the continued analysis and study of statutes, court rules and procedures, and the ways laws and procedures often challenge the system of legal guardians.

The Supreme Court recently approved rules to support the Commission's recommended changes, simplifying over 150 guardianship and conservatorship forms. These rule changes result in lessening the burden on family members and others serving as volunteer guardians.

Courts in Your Communities

In addition to maintaining our regular caseloads, the judiciary is consistently involved in local and regional educational events throughout the year. In 2019, this Supreme Court held oral argument sessions at both of Nebraska's law schools, as well as Boys Town, Scottsbluff High School, and South Sioux City High School.
Last year, the Court of Appeals held its Constitution Day arguments at Concordia University in Seward. And for the convenience of our citizens, the Court of Appeals regularly travels to various locations around the State to hold oral arguments. We are grateful for the Court of Appeals' continuing efforts to reach out to Nebraska's many communities.

Our trial court judges are also engaged in law-related educational programs. Judges often turn their courtrooms into classrooms when contacted by educators within their jurisdictions, and when participating in activities such as County Government Day, 5th Grade Law-Day Job Shadowing, and High School Mock Trial competitions.

Pandemic Preparedness

Another recent Judicial Branch initiative involved preparing courts for pandemics. According to national experts, a pandemic is not just possible – it is highly probable.

In May of 2019, Nebraska's Judicial Branch hosted an innovative National State Court Summit on Pandemic Preparedness at the University of Nebraska Medical Center in Omaha. UNMC is home to the country's largest biocontainment unit and has treated Ebola patients on at least three occasions.

The Summit brought together court leaders, public health officials, legislators, and executive branch officials to discuss the need to plan and prepare for a pandemic. The session included teams from 25 states and three territories.

Prior to the Summit, and with the assistance of UNMC Chancellor Dr. Jeffrey Gold and his management team, a committee chaired by Judge Leigh Ann Retelsdorf of Omaha developed a Bench Book for Nebraska Courts to assist judges facing pandemic-related issues. Nebraska judges are now better prepared for the need to respond quickly and efficiently to pandemic quarantines and related legal issues.

It was an honor to serve as host for this group. I would like to take this opportunity to thank Governor Pete Ricketts for his welcoming address at the Summit, and Chancellor Gold and the UNMC staff for their great work and dedication to this project. Several photos of our session can be seen in the Judicial Branch Annual Report.

COURT EFFICIENCY

I will now speak to you about efforts we have made to improve the efficiency of our courts and adult and juvenile probation. Most recently, we have worked with four counties to provide court clerk services for both district and county courts. Because district court clerks have traditionally been funded by county property taxes, this option has resulted in cost savings for those counties.

By utilizing this option, duties within the court system are streamlined, and court clerk positions are no longer funded by those local property tax dollars. This is real property tax relief, with the potential for expansion with further legislative support.
Problem-Solving Courts

Likewise, in 2019, problem-solving courts continued to be an important and cost-effective judicial resource. These courts operate within the district, county, or juvenile courts in all 12 of Nebraska's Judicial Districts. Currently, 32 problem-solving courts are operating in Nebraska under the authority of 46 different judges. Nebraska problem-solving court models include Drug and DUI Courts, Veterans Treatment Courts, Reentry Courts, and Young Adult Courts. All of these courts adhere to Best Practice Standards approved by the Nebraska Supreme Court. In the coming months, the Supreme Court will also review Best Practice Standards for proposed Mental Health Treatment Courts.

As a result of LB919 introduced in 2016, as well as recent appropriations last year, the Judicial Branch added six new problem-solving courts and expanded the capacity of three of its existing problem-solving courts. Between 2015 and 2019, the number of problem-solving court participants has increased by 31%.

These courts effectively reduce recidivism and increase community safety, while being very cost-effective. The average cost to supervise a problem-solving court participant is approximately $2,865 taxpayer dollars per year. In comparison, the average cost to incarcerate a prisoner can reach as high as $38,000 taxpayer dollars per year.

Judicial Workload Study

However, operating problem-solving courts increases judicial workloads. The Judicial Branch has recently undertaken a judicial workload study, which will allow us to better compare judicial caseloads throughout our State. The results of this study will assist us, and you, in allocating our judicial resources.

Adult Probation

Since the passage of LB605 in 2015, adult probation continues to experience significant growth in the number of the individuals it serves, in both felony probation and post-release supervision. In 2019, the felony probation population expanded to over 4,800 individuals.

Adult probation provides community corrections through supervision, case management, support services, and rehabilitative services, including access to behavioral health. We have probation officers in all 93 counties and 16 regional day and evening reporting centers, serving populations that are at a high risk to reoffend.

In 2017, we developed our transitional living assistance program to provide recently-released prisoners with short-term, stable, and structured housing in an environment conducive to behavioral change. As the lead agency of a Department of Justice grant known as Project Integrate, Nebraska Probation has been able to maximize transitional living services while reducing costs. Project Integrate is a partnership between probation, parole, the Nebraska Department of Correctional Services, and Douglas County.

This initiative places individuals in a supportive and sober environment, enabling them to concentrate on treatment, employment, and
reintegration into the community. Participants needing transitional living assistance ultimately learn to become self-sufficient and are then able to reimburse the program for their living expenses.

**JUVENILE JUSTICE**

Juvenile justice continues to be an important priority for the Judicial Branch. Juvenile probation has made great strides toward best practice approaches for investigating and supervising youth found to be responsible for delinquencies and/or status offenses. We have emphasized fiscal responsibility while increasing juvenile justice services.

A September 2019 Legislative Performance Audit confirms that juvenile probation has increased its use of in-home and community-based alternatives, including intensive case management and transition planning for youth in out-of-home placements, while also reducing costs. These cost savings have made service expansion efforts possible.

**Office of Dispute Resolution**

One example of such community-based alternatives is Victim Youth Conferencing. With the passage of LB595 in 2019, the Restorative Justice bill, our Office of Dispute Resolution continues to partner with a network of six regional community mediation centers to offer Victim Youth Conferencing throughout the State.

This restorative process is significant to youth, their families, victims, communities, and the court system. This past year, 300 youth took responsibility for their actions and participated in face-to-face dialogues with their victims.

**CONCLUSION**

In conclusion, while facing many challenges, the Judicial Branch continued to expand its services and programming over the past year.

The Nebraska Judicial Branch remains committed to the delivery of justice in a fair and timely manner. We will carry out this mission efficiently, while continuing to provide equal access for all Nebraska citizens.

Thank you for this opportunity to speak with you today, and thank you for your support of the Judicial Branch.

The committee escorted the Chief Justice from the Chamber.

WHEREAS, in the summer of 2019, the Department of Health and Human Services notified the Health and Human Services Committee of the Legislature of deteriorating conditions at the Youth Rehabilitation and Treatment Center-Geneva. Such conditions necessitated the relocation of female youth from the Youth Rehabilitation and Treatment Center-Geneva due to living conditions posing a threat to the health, safety, and welfare of the female youth residing at the facility under court order; and

WHEREAS, the Health and Human Services Committee of the Legislature found, through a series of public hearings and comments during the 2019 interim, that there was a breakdown in the day-to-day operations of the Youth Rehabilitation and Treatment Center-Geneva, including (1) disrepair of the facilities making them uninhabitable, (2) inadequate staffing, (3) a lack of proper behavioral or mental health services and treatment programming, and (4) a lack of healthcare, including, but not limited to, medication management; and

WHEREAS, the Department of Health and Human Services has released a business plan to reorganize the youth rehabilitation and treatment center model in Nebraska on a condensed timeline without consultation or input from the Legislature or stakeholders with experience and expertise in youth rehabilitation and treatment; and

WHEREAS, the safety, quality of life, and right to a safe treatment environment for these youth is of the utmost concern to the Legislature and it is clear the Youth Rehabilitation and Treatment Center-Geneva has reached a critical point in its ability to care for the female youth entrusted to its care.

THE MEMBERS OF THE ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, SECOND SESSION, RESOLVE THAT:
Section 1. At the general election in November 2020, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article VIII, sections 1 and 12, and Article XIII, sections 2 and 4, and repeal Article VIII, sections 1A, 2, 3, 10, and 13:

VIII-1 Notwithstanding any other provision of this Constitution to the contrary, effective January 1, 2022, the State of Nebraska and all political subdivisions of the state shall be prohibited from imposing any form of taxation other than a single-rate consumption tax. The Legislature shall enact a single-rate consumption tax which shall begin no later than January 1, 2022. Such consumption tax shall apply to the consumption of new goods and services. The Legislature shall be prohibited from granting any exemptions from such consumption tax. The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Notwithstanding Article I, section 16, Article III, section 18, or Article VIII, section 4, of this Constitution or any other provision of this Constitution to the contrary: (1) Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution; (2) tangible personal property, as defined by the Legislature, not exempted by this Constitution or by legislation, shall all be taxed at depreciated cost using the same depreciation method with reasonable class lives, as determined by the Legislature, or shall all be taxed by valuation uniformly and proportionately; (3) the Legislature may provide for a different method of taxing motor vehicles and may also establish a separate class of motor vehicles consisting of those owned and held for resale by motor vehicle dealers which shall be taxed in the manner and to the extent provided by the Legislature and may also establish a separate class for trucks, trailers, semitrailers, truck-tractors, or combinations thereof, consisting of those owned by residents and nonresidents of this state, and operating in interstate commerce, and may provide reciprocal and proportionate taxation of such vehicles. The tax proceeds from motor vehicles taxed in each county shall be allocated to the county and the cities, villages, and school districts of such county; (4) the Legislature may provide that agricultural land and horticultural land, as defined by the Legislature, shall constitute a separate and distinct class of property for purposes of taxation and may provide for a different method of taxing agricultural land and horticultural land which results in values that are not uniform and proportionate with all other real property and franchises but which results in values that are uniform and proportionate upon all property within the class of agricultural land and horticultural land; (5) the Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall for property tax purposes be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses; (6) the Legislature may prescribe standards and methods for the determination of the value of real property at uniform and proportionate values; (7) in furtherance of the purposes for which such a law of the United States has been adopted, whenever there exists a law of the United States which is intended to protect
a specifically designated type, use, user, or owner of property or franchise from discriminatory state or local taxation, such property or franchise shall constitute a separate class of property or franchise under the laws of the State of Nebraska, and such property or franchise may not be taken into consideration in determining whether taxes are levied by valuation uniformly or proportionately upon any property or franchise, and the Legislature may enact laws which statutorily recognize such class and which tax or exempt from taxation such class of property or franchise in such manner as it determines; and (8) the Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year. Each actual property tax rate levied for a governmental subdivision shall be the same for all classes of taxed property and franchises. Taxes uniform as to class of property or the ownership or use thereof may be levied by valuation or otherwise upon classes of intangible property as the Legislature may determine, and such intangible property held in trust or otherwise for the purpose of funding pension, profit-sharing, or other employee benefit plans as defined by the Legislature may be declared exempt from taxation. Taxes other than property taxes may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature.

VIII‑12 For the purpose of rehabilitating, acquiring, or redeveloping substandard and blighted property in a redevelopment project as determined by law, any city or village of the state may, notwithstanding any other provision in the Constitution, and without regard to charter limitations and restrictions, incur indebtedness, whether by bond, loans, notes, advance of money, or otherwise. Notwithstanding any other provision in the Constitution or a local charter, such cities or villages may also pledge for and apply the payment of the principal, interest, and any premium on such indebtedness all taxes levied by all taxing bodies, which taxes shall be at such rate for a period not to exceed fifteen years, on the assessed valuation of the property in the project area portion of a designated blighted and substandard area that is in excess of the assessed valuation of such property for the year prior to such rehabilitation, acquisition, or redevelopment.

When such indebtedness and the interest thereon have been paid in full, such property thereafter shall be taxed as is other property in the respective taxing jurisdictions and such taxes applied as all other taxes of the respective taxing bodies.

XIII‑2 Notwithstanding any other provision in the Constitution, the Legislature may authorize any county or incorporated city or village, including cities operating under home rule charters, to acquire, own, develop, and lease real and personal property suitable for use by manufacturing or industrial enterprises and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing such property by construction, purchase, or otherwise. The Legislature may also authorize such county, city, or village to acquire, own, develop, and lease real and personal property suitable for use by enterprises as determined by law if
such property is located in blighted areas as determined by law and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing or financing such property by construction, purchase, or otherwise. Such bonds shall not become general obligation bonds of the governmental subdivision by which such bonds are issued. Any real or personal property acquired, owned, developed, or used by any such county, city, or village pursuant to this section shall be subject to taxation to the same extent as private property during the time it is leased to or held by private interests, notwithstanding the provisions of Article VIII, section 2, of the Constitution. The acquiring, owning, developing, and leasing of such property shall be deemed for a public purpose, but the governmental subdivision shall not have the right to acquire such property by condemnation. The principal of and interest on any bonds issued may be secured by a pledge of the lease and the revenue therefrom and by mortgage upon such property. No such governmental subdivision shall have the power to operate any such property as a business or in any manner except as the lessor thereof.

Notwithstanding any other provision in the Constitution, the Legislature may also authorize any incorporated city or village, including cities operating under home rule charters, to appropriate such funds as may be deemed necessary for an economic or industrial development project or program subject to approval by a vote of a majority of the registered voters of such city or village voting upon the question. Subject to such vote, funds may be derived from property tax, local option sales tax, or any other general tax levied by the city or village or generated from municipally owned utilities or grants, donations, or state and federal funds received by the city or village subject to any restrictions of the grantor, donor, or state or federal law.

XIII-4 Notwithstanding any other provision in this Constitution, the Legislature may authorize any county, city, or village to acquire, own, develop, and lease or finance real and personal property, other than property used or to be used for sectarian instruction or study or as a place for devotional activities or religious worship, to be used, during the term of any revenue bonds issued, only by nonprofit enterprises as determined by law and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing or financing such property by construction, purchase, or otherwise. Such bonds shall not become general obligation bonds of the governmental subdivision by which such bonds are issued, and such governmental subdivision shall have no authority to impose taxes for the payment of such bonds. Notwithstanding the provisions of Article VIII, section 2, of this Constitution, the acquisition, ownership, development, use, or financing of any real or personal property pursuant to the provisions of this section shall not affect the imposition of any taxes or the exemption therefrom by the Legislature pursuant to this Constitution. The acquiring, owning, developing, and leasing or financing of such property shall be deemed for a public purpose, but the governmental subdivision shall not have the right to acquire such property for the purposes specified in this section by condemnation. The principal of and interest on any bonds issued may be secured by a pledge of the lease and the revenue therefrom and by

the power to operate any such property as a business or in any manner
except as the lessor thereof.

are repealed.

Sec. 2. The proposed amendment shall be submitted to the electors in the
manner prescribed by the Constitution of Nebraska, Article XVI, section 1,
with the following ballot language:

WHEREAS, the federal Education for All Handicapped Children Act of 1975 (the 1975 Act) was enacted to address the failure of states to meet the educational needs of children with disabilities. In 1990, the act was amended and renamed the Individuals with Disabilities Education Act (IDEA). This law remains the cornerstone of federal statutory mandates governing special education; and

WHEREAS, the purpose of the 1975 Act, as declared by Congress, was to ensure that all children with disabilities have available to them a free appropriate public education which emphasizes special education and related services designed to meet their unique needs, to assure that the rights of children with disabilities and their parents or guardians are protected, to assist states and localities to provide for the education of all children with disabilities, and to assess and assure the effectiveness of efforts to educate children with disabilities; and

WHEREAS, the 1975 Act authorized a maximum state funding entitlement of 40 percent, for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, of the average per-pupil expenditure in public elementary and secondary schools in the United States; and

WHEREAS, since 1975, including in the most recent amendments to the IDEA, Public Law 108-446, the federal Individuals with Disabilities Education Improvement Act of 2004, Congress has maintained the funding authorization at 40 percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States; and

WHEREAS, the federal government has never paid the promised 40 percent share of the IDEA mandate. For many years, Congress paid less than 8 percent of the excess cost of educating children with disabilities, forcing the states and local educational agencies to cover the remaining costs; and

WHEREAS, the Nebraska student population requiring special education and related services continues to grow each year; and

LEGISLATIVE RESOLUTION 306. Introduced by Wishart, 27; Linehan, 39; Pansing Brooks, 28.
WHEREAS, school, disability, and parent groups have been trying for years to bring IDEA appropriations up to the full funding of 40 percent of average per-pupil expenditures, the maximum any state can receive per student with disability. These efforts have yet to succeed; and
WHEREAS, in 2016, federal funding only represented 16.3 percent of its share, well short of the promised 40 percent level; and
WHEREAS, because the promised federal funding level is not being met, the burden has fallen on states and local school districts, which leads to cuts in programs, tax increases, or both; and
WHEREAS, a bill stands on the floor of the United States House of Representatives, H.R. 1878, known as the IDEA Full Funding Act, that aims to reach the 40 percent full funding level by the fiscal year 2028 through incremental increases in the federal share of funding each fiscal year.

insert the following new sections:

Section 1. Section 77-2906, Reissue Revised Statutes of Nebraska, is
amended to read:

5 77-2906 (1)(a) Within twelve months after the date on which the
6 historically significant real property is placed in service, a person
7 whose application was approved under section 77-2905 shall file a request
8 for final approval containing all required information with the officer
9 on a form prescribed by the officer and shall include a fee established
10 by the officer pursuant to section 77-2907. The officer shall then
11 determine whether the work substantially conforms to the application
12 approved under section 77-2905. If the work substantially conforms and no
13 other significant improvements have been made to the historically
14 significant real property that do not substantially comply with the
15 standards, the officer shall approve the request for final approval and
16 refer the application to the department to determine the amount of
17 eligible expenditures, calculate the amount of the credit, and issue a
18 certificate to the person evidencing the credit. If the work does not
19 substantially conform to the approved application or if other significant
20 improvements have been made to the historically significant real property
21 that do not substantially comply with the standards, the officer shall
22 deny the request for final approval and provide the person with a written
23 explanation of the decision. The officer shall make a determination on
24 the request for final approval in writing within thirty days after the
25 filing of the request. If the officer does not make a determination
26 within thirty days after the filing of the request, the request shall be
27 deemed approved and the person may petition the department directly to
1 determine the amount of eligible expenditures, calculate the amount of
2 the credit, and issue a certificate evidencing the credit.
3 (b) The department shall determine the amount of eligible
4 expenditures, calculate the amount of the credit, and issue one or more
5 certificates evidencing the credit within sixty days after referral of
6 the application to the department by the officer or the filing of a
7 petition pursuant to subdivision (1)(a) of this section. The person
8 filing the request for final approval and the department may also agree
9 to extend the sixty-day period, but such extension shall not exceed an
10 additional thirty days. If the department does not determine the amount
11 of eligible expenditures, calculate the amount of the credit, and issue
12 one or more certificates evidencing the credit within such sixty-day
13 period or agreed-upon longer period, the credit shall be deemed to have
14 been issued by the department for the amount requested in such person's
15 request for final approval, except that such amount shall not exceed one
16 hundred ten percent of the amount of credits allocated by the officer
17 under section 77-2905 and such amount shall not increase or decrease the
18 total amount of credits that may be allocated by the officer under
19 section 77-2905 in any calendar year.
20 (c) Any denial of a request for final approval by the officer or any
21 determination of the amount of eligible expenditures or calculation of
22 the amount of the credit by the department pursuant to this section may
23 be appealed, and the appeal shall be in accordance with the
24 Administrative Procedure Act.
25 (2) The department shall divide the credit and issue multiple
26 certificates to a person who qualifies for the credit upon reasonable
27 request.
28 (3) In calculating the amount of the credits to be issued pursuant
29 to this section, the department may issue credits in an amount that
30 differs from the amount of credits allocated by the officer under section
31 77-2905 if such credits are supported by eligible expenditures as
1 determined by the department, except that the department shall not issue
2 credits in an amount exceeding one hundred ten percent of the amount of
3 credits allocated by the officer under section 77-2905. If the amount of
4 credits to be issued under this section is more than the amount of
5 credits allocated by the officer pursuant to section 77-2905, the
6 department shall notify the officer of the difference and such amount
7 shall be subtracted from the annual amount available for allocation under
8 section 77-2905. If the amount of credits to be issued under this section
9 is less than the amount of credits allocated by the officer pursuant to
10 section 77-2905, the department shall notify the officer of the
11 difference and such amount shall be added to the annual amount available
12 for allocation under section 77-2905.
13 (4) The department shall not issue any certificates for credits
14 under this section until the recipient of the credit has paid to the
15 department

3 amended to read:
4 68-1206 (1) The Department of Health and Human Services shall
5 administer the program of social services in this state. The department
6 may contract with other social agencies for the purchase of social
7 services at rates not to exceed those prevailing in the state or the cost
8 at which the department could provide those services. The statutory
9 maximum payments for the separate program of aid to dependent children

18 (2) As part of the provision of social services authorized by this 
19 section and section 68-1202, the department shall participate in the 
20 federal Child Care Subsidy program. In determining ongoing eligibility 
21 for this program, ten percent of a household's gross earned income shall 
22 be disregarded after twelve continuous months on the program and at each

LEGISLATIVE BILL 242. Placed on General File with amendment. AM434

11. Strike the original sections and insert the following new
2 sections:
3 Section 1. Sections 1 to 5 of this act shall be known and may be
4 cited as the Infrastructure Improvement and Replacement Assistance Act.
5 Sec. 2. (1) The Legislature finds that municipalities and sewer and
6 water utilities of this state face a need to construct, upgrade,
7 redevelop, and replace sewer and water infrastructure facilities and to
8 redevelop and replace obsolete sewer and water facilities. By providing
9 sewer and water facilities, municipalities and sewer and water utilities
10 provide the building blocks for economic development. Not only does the
11 investment in infrastructure generate an immediate stream of economic
12 activity, it also lays the groundwork for private investment that will
13 use the facilities so provided. Municipalities and sewer and water
14 utilities in this state currently are in critical need of assistance in
15 providing these facilities. Political subdivisions are limited in their
16 ability to finance major infrastructure projects. Political subdivisions
17 are able to use property taxes, local option sales taxes, bond funding,
18 fees for services, or a combination thereof. However, many of these
19 financing options contain statutory budget and tax levy restrictions. In
20 order to minimize the burden on property taxpayers in Nebraska, the
21 Legislature finds that it is fair and equitable to encourage the use of
22 fees for services to finance major infrastructure projects.
23 (2) The Legislature further finds that it is in the public interest
24 to assist municipalities and sewer and water utilities by establishing a
25 turnback of state sales tax revenue to provide funds to municipalities
26 and sewer and water utilities to be used to replace and redevelop sewer
27 and water infrastructure facilities and to redevelop and replace obsolete
28 sewer and water facilities. In order that this state and its residents
29 may receive long-term economic and fiscal benefits from such facilities,
30 a need exists to provide state assistance to municipalities and sewer and
31 water utilities endeavoring to construct, acquire, substantially
32 reconstruct, expand, operate, improve, or equip such facilities. It is in
33 the best interest of the state, its municipalities, and its sewer and
34 water utilities that the state assist municipalities and sewer and water
35 utilities in financing the construction, acquisition, substantial
36 reconstruction, expansion, operation, improvement, or equipping of sewer
37 and water infrastructure facilities and to permit municipalities and
38 sewer and water utilities to reissue bonds secured by amounts received
39 under the Infrastructure Improvement and Replacement Assistance Act and
40 from other sources.
41 Sec. 3. For purposes of the Infrastructure Improvement and
42 Replacement Assistance Act:
43 (1) Political subdivision means any local governmental body formed
44 and organized under state law and any joint entity or joint public agency
45 created under the Interlocal Cooperation Act or the Joint Public Agency
46 Act which has statutory authority to issue general obligation bonds;
47 (2) Sewer utility means any sewer utility operated by a political
21 subdivision; and
22 (3) Water utility means any water utility operated by a political
23 subdivision.
24 Sec. 4. (1) The state shall assist political subdivisions and sewer
25 and water utilities by turning back a percentage of certain state sales
26 tax revenue to political subdivisions and sewer and water utilities as
27 provided in this section.
28 (2) The state shall pay to each political subdivision, sewer
29 utility, or water utility a percentage of the state sales tax imposed on
30 sewer and potable water fees and collected by such political subdivision
31 or utility as follows:
1 (a) For sales taxes imposed from July 1, 2020, through June 30,
2 2021: 36.36 percent;
3 (b) For sales taxes imposed from July 1, 2021, through June 30,
4 2023: 54.54 percent; and
5 (c) For sales taxes imposed on and after July 1, 2023: 72.72 percent.
6 (3) Funds received under this section shall be used exclusively to
7 assist in:
8 (a) Paying for infrastructure improvements relating to constructing,
9 upgrading, redeveloping, or replacing sewer and water infrastructure
10 facilities;
11 (b) Paying for the redevelopment and replacement of obsolete water
12 or sewer facilities; or
13 (c) Repaying bonds issued and pledged for such work.
15 Sec. 5. The Department of Revenue shall adopt and promulgate rules
16 and regulations as necessary to carry out the Infrastructure Improvement
17 and Replacement Assistance Act.
18 Sec. 6. Since an emergency exists, this act takes effect when
19 passed and approved according to law.

LEGISLATIVE BILL 705. Placed on General File with amendment.
AM162
1 1. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 77-1403, Reissue Revised Statutes of Nebraska, is
4 amended to read:
5 77-1403 (1) Unless otherwise permitted under section 529A, the owner
6 of an account shall be the designated beneficiary of the account, except
7 that if the designated beneficiary of the account is a minor or has a
8 custodian or other fiduciary appointed for the purposes of managing such
9 beneficiary's financial affairs, a custodian or fiduciary for such
10 designated beneficiary may serve as the account owner if such form of
11 ownership is permitted or not prohibited under section 529A.
12 (2) Unless otherwise permitted under section 529A, the designated
13 beneficiary of an account shall be a resident of the state or of a
14 contracting state. The State Treasurer shall determine residency of
15 Nebraska residents for such purpose in such manner as may be required or
16 permissible under section 529A or, in the absence of any guidance under
17 section 529A, by such other means as the State Treasurer shall consider
18 advisable for purposes of satisfying the requirements of section 529A.
19 (3) Unless otherwise permitted under section 529A, a change in the
20 designated beneficiary of an account is permitted only if (a) the change
21 occurs during the life of the original designated beneficiary and (b) the
22 new beneficiary is an individual with a disability and a sibling of the
23 original designated beneficiary.
24 (4) At the time an account is established under the program and
25 prior to any change in the designated beneficiary pursuant to subsection
26 (3) of this section, the State Treasurer shall notify the owner of the
27 account or the designated beneficiary of the potential tax consequences

19 Act shall be made by the director.
20 (4) An audit of a project shall be made by the director to the
21 extent and in the manner determined by the director. The director may
22 recover any matching funds which were erroneously allowed by issuing a
23 repayment determination within the later of three years from the date the
24 matching funds were paid or three years after the end of the
25 period.
26 (5) Any determination by the director that the applicant does not
27 qualify, that a location is not a qualified location, that a project does
28 not qualify, that a private dollar donation does not qualify, or that
29 matching funds must be repaid may be protested by the applicant to the
30 director within sixty days after the mailing to the applicant of the
31 written notice of the proposed determination by the director. If the
32 notice of proposed determination is not protested in writing by the
33 applicant within the sixty-day period, the proposed determination is a
34 final determination. If the notice is protested, the director, after a
35 formal hearing by the director or by an independent hearing officer
36 appointed by the director, if requested by the applicant in such protest,
37 shall issue a written order resolving such protest.
38 Sec. 20. (1) The applicant must make an investment of one billion
39 six hundred million dollars at the project before the end of the
40 transformational period. If the applicant fails to reach such threshold,
41 all of the matching funds paid to the applicant under the Nebraska
42 Transformational Projects Act shall be repaid by the applicant to the
43 director, and the applicant shall be entitled to no matching funds for
44 the project.
45 (2) The applicant must maintain the required level of investment for
46 the entire continuation period. If the applicant fails to maintain the
47 required level of investment for the entire continuation period, all of
48 the matching funds paid to the applicant under the act shall be repaid by
49 the applicant to the director, and the applicant shall be entitled to no
50 matching funds for the project.
51 (3) If the applicant fails to receive, before the end of the
52 continuation period, three hundred million dollars of donations of
53 private dollars to be used for the project, then all matching funds paid
54 to the applicant under the act shall be repaid by the applicant to the
55 director.
56 (4) The repayment required by this section shall not occur if the
57 failure to receive a donation, or achieve or maintain the required level
58 of investment, was caused by an act of God or national emergency.
59 Sec. 21. The right to receive matching funds under the Nebraska
60 Transformational Projects Act:
61 (1) Shall be subject to the limitations provided in the act;
62 (2) Shall be subject to funds being appropriated by the Legislature;
63 and
64 (3) Shall not be transferable.
65 Sec. 22. If the applicant cannot be paid in full in any given
66 fiscal year, then the matching funds shall be paid in later years until
67 fully funded.
68 Sec. 23. Any complete application shall be considered a valid
69 application on the date submitted for the purposes of the Nebraska
70 Transformational Projects Act.
71 Sec. 24. (1) No later than October 1, 2022, and no later than
72 October 1 of each year thereafter, the director shall submit
73 electronically an annual report for the previous fiscal year to the
74 Legislature. The report shall be on a fiscal year, accrual basis that
75 satisfies the requirements set by the Governmental Accounting Standards
76 Board. The director shall, on or before December 15, 2022, and on or
77 before December 15 of each year thereafter, appear at a joint hearing of
78 the Appropriations Committee of the Legislature and the Revenue Committee
79 of the Legislature and present the report. Any supplemental information
80 requested by three or more committee members shall be presented within
81 thirty days after the request.
(2) The report shall state (a) the payment of matching funds made by 
the State of Nebraska, (b) the expected payments of matching funds still 
to be made by the State of Nebraska, and (c) the investment made by the 
applicant.
(3) The report shall provide an explanation of the audit and review 
processes of the Department of Economic Development in approving and 
rejecting the provision of matching funds and in enforcing matching funds 
repayment.
(4) No information shall be provided in the report or in 
supplemental information that is protected by state or federal 
confidentiality laws. The identity of private donors shall not be 
included in the report.
1 Sec. 25. Except as otherwise provided in the Nebraska 
Transformational Projects Act, the director may adopt and promulgate all 
procedures and rules and regulations necessary to carry out the purposes 
of the act.
2 Sec. 26. (1) The Nebraska Transformational Project Fund is hereby 
created. The fund shall receive money from application fees paid under 
the Nebraska Transformational Projects Act and from appropriations from 
the Legislature, grants, private contributions, repayments of matching 
funds, and all other sources. Any money in the fund available for 
investment shall be invested by the state investment officer pursuant to 
the Nebraska Capital Expansion Act and the Nebraska State Funds 
Investment Act.
3 (2) It is the intent of the Legislature that the State Treasurer 
shall transfer an amount not to exceed three hundred million dollars to 
the Nebraska Transformational Project Fund no later than fiscal year 
2020-21. No transfer shall be made to the fund until the applicant has 
been selected for participation in the program described in Title VII. 
4 Subtitle C, section 740 of Public Law 116-92 and commitments of at least 
one billion three hundred million dollars in total investment, including 
only federal dollars and private donations, have been secured.
5 Distributions may be made from the fund in amounts equal to the amount of 
private dollars received by the applicant for the project.
6 (3) Any money remaining in the fund after all obligations have been 
met shall be transferred to the General Fund.
7 Sec. 27. This act becomes operative on January 1, 2021.

58 if the financial institution reasonably believes the third party is, may
59 be, or may have been engaged in the financial exploitation of the
60 vulnerable adult or senior adult or if requested to refrain from making a
61 notification by a law enforcement agency, if such notification could
62 interfere with a law enforcement investigation.
63 (c) Nothing in this subsection shall prevent a financial institution
64 from notifying the department or a law enforcement agency, if the
65 financial institution reasonably believes that the financial exploitation
66 of a vulnerable adult or senior adult may have occurred, may have been

17 to occur or continue to be attempted. 
18 (b) A financial institution and its bank holding company, if any, 
19 and any employees, agents, officers, and directors of the financial

24 transaction, withdrawal, or disbursement under this section and (b) for 
25 actions taken in furtherance of determinations made under subsections (1) 
26 through (5) of this section. 
27 (7) (a) Notwithstanding any other law to the contrary, the refusal by

31 (b) Notwithstanding any other law to the contrary, a reasonable 
32 belief that payment of a check will facilitate the financial exploitation

LEGISLATIVE BILL 1166. Placed on General File with amendment.
AM2310
111. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 79-499, Revised Statutes Cumulative Supplement,
4 2018, is amended to read:
5 79-499 (1) If the fall school district membership or the average
6 daily membership of an existing Class III school district shows fewer
7 than thirty-five students in grades nine through twelve, the district
8 shall submit a plan for developing cooperative programs with other high
9 schools, including the sharing of curriculum and certificated and
10 noncertificated staff, to the State Committee for the Reorganization of
11 School Districts. The cooperative program plan shall be submitted by the
12 school district by September 1 of the year following such fall school
13 district membership or average daily membership report. A cooperative
14 program plan shall not be required if there is no high school within
15 fifteen miles from such district on a reasonably improved highway. The
16 state committee shall review the plan and provide advice and
17 communication to such school district and other high schools.
18 (2) If for two consecutive years the fall school district
19 membership, or for two consecutive years the average daily membership, of
20 an existing Class III school district is fewer than twenty-five pupils in
21 grades nine through twelve as determined by the Commissioner of Education
22 or if for one year an existing Class III school district contracts with a
23 neighboring school district or districts to provide educational services
24 for all of its pupils in grades nine through twelve, such school district
25 shall, except as provided in subsection (3) or (4) of this section, be
26 dissolved pursuant to the procedures described in subdivision (4)(b) of
27 this section through the order of the state committee if the high school
1 is within fifteen miles on a reasonably improved highway of another high
2 school.
3 This subsection does not apply to any school district located on an
4 Indian reservation and substantially or totally financed by the federal
5 government.
6 (3) Any Class III school district which has a fall school district
7 membership or an average daily membership of fewer than twenty-five
8 students in grades nine through twelve may contract with another school
9 district to provide educational services for its pupils in grades nine
10 through twelve. Such contract may continue for a period not to exceed one
11 year. At the end of such one-year period, the school district may resume
12 educational services for grades nine through twelve if the average daily
13 membership in grades nine through twelve for such school district has
14 reached at least fifty students. If the school district has not achieved
15 such fall school district membership or average daily membership, it
16 shall be dissolved pursuant to the procedures described in subdivision
17 (4)(b) of this section by order of the state committee entered after
18 thirty days' notice to the district but without a hearing,
19 notwithstanding the distance on a reasonably improved highway to the
20 nearest school district conducting a high school.
21 (4)(a) Any Class III school district maintaining the only public
22 high school in the county with a fall school district membership or an
23 average daily membership of fewer than twenty-five students in grades
24 nine through twelve shall be subject to this subsection until such school
25 district reaches a fall school district membership or an average daily
26 membership in grades nine through twelve of at least thirty-five students
27 or, for two consecutive years, fewer than fifteen students in grades nine
28 through twelve or such school district dissolves. Such school district
29 may continue to operate the high school if:
30 (i) The plan submitted pursuant to subsection (1) of this section
31 provides a broad-based curriculum as determined by the state committee;
1 and
2 (ii) At a districtwide election held the second Tuesday of November
3 by whatever means the county conducts balloting, in the second
4 consecutive school year that the fall school district membership for
5 grades nine through twelve is fewer than twenty-five students, a majority
6 of voters approve a ballot issue to continue to operate the high school
7 for the immediately following school year. If such ballot issue succeeds
8 in the initial election, the school board shall annually determine if
9 such a districtwide election is necessary for each subsequent year that
10 the school district is subject to this subsection, except that such
11 school board shall hold such districtwide election if four years have
12 passed since the last election pursuant to this section and the school
13 district has remained subject to this subsection.
14 (b) If such ballot issue as provided in subdivision (4)(a)(ii) of
15 this section fails, or if a school district falls within the provisions
16 of subsection (2) or (3) of this section, the state committee shall
17 dissolve the school district and attach the territory to other school
18 districts based on the preferences of each landowner if such preference
19 is provided in the time and manner required by the state committee and
20 would transfer such parcels to a school district with a boundary
21 contiguous to the school district being dissolved. Landowners submitting
22 such preferences shall sign a statement that the district of preference
23 is the district which children who might reside on the property, at the
24 time of the dissolution or in the future, would be expected to attend.
25 For property for which a preference is not provided in the time and
26 manner required by the state committee, the state committee shall
27 transfer such property to one or more of the school districts with
28 boundaries contiguous to the district being dissolved in a manner that
29 will best serve children who might reside on such property, at the time
30 of the dissolution or in the future, and that will, to the extent
31 possible, create compact and contiguous districts.
1 (c) This subsection shall not apply to any school district if the
2 fall school district membership or an average daily membership falls to
3 fewer than fifteen students in grades nine through twelve for two
4 consecutive years.
5 (5) For purposes of this section, when calculating fall school
6 district membership or average daily membership, a resident school
7 district as defined in section 79-233 shall not count students attending
8 an option district as defined in such section and a Class III school
9 district shall not count foreign exchange students and nonresident
10 students who are wards of the court or state.
11 Sec. 2. Original section 79-499, Revised Statutes Cumulative
12 Supplement, 2018, is repealed.
13 Sec. 3. Since an emergency exists, this act takes effect when
14 passed and approved according to law.

Senator Wayne offered the following amendment to the committee amendment:

| AM2358 (Amendments to Standing Committee amendments, AM434) |
| 1 1. Strike the original sections and all amendments thereto and |
| 2 insert the following new sections: |
| 3 Section 1. Sections 1 to 6 of this act shall be known and may be |
| 4 cited as the Infrastructure Improvement and Replacement Assistance Act. |
| 5 Sec. 2. (1) The Legislature finds that municipalities and sewer |
| 6 utilities of this state face a need to construct, upgrade, redevelop, and |
| 7 replace sewer infrastructure facilities and to redevelop and replace |
| 8 obsolete sewer facilities. By providing sewer facilities, municipalities |
| 9 and sewer utilities provide the building blocks for economic development. |
| 10 Not only does the investment in infrastructure generate an immediate |
| 11 stream of economic activity, it also lays the groundwork for private |
12 investment that will use the facilities so provided. Municipalities and
13 sewer utilities in this state currently are in critical need of
14 assistance in providing these facilities. Political subdivisions are
15 limited in their ability to finance major infrastructure projects,
16 political subdivisions are able to use property taxes, local option sales
17 taxes, bond funding, fees for services, or a combination thereof;
18 However, many of these financing options contain statutory budget and tax
19 levy restrictions. In order to minimize the burden on property taxpayers
20 in Nebraska, the Legislature finds that it is fair and equitable to
21 encourage the use of fees for services to finance major infrastructure
22 projects.
23 (2) The Legislature further finds that it is in the public interest
24 to assist municipalities and sewer utilities by establishing a turnback
25 of state sales tax revenue to provide funds to municipalities and sewer
26 utilities to be used to replace and redevelop sewer infrastructure
27 facilities and to redevelop and replace obsolete sewer facilities. In
28 order that this state and its residents may receive long-term economic
29 and fiscal benefits from such facilities, a need exists to provide state
30 assistance to municipalities and sewer utilities endeavoring to
31 contract, acquire, substantially reconstruct, expand, operate, improve,
32 or equip such facilities. It is in the best interest of the state, its
33 municipalities, and its sewer utilities that the state assist
34 municipalities and sewer utilities in financing the construction,
35 acquisition, substantial reconstruction, expansion, operation,
36 improvement, or equipping of sewer infrastructure facilities and to
37 permit municipalities and sewer utilities to reissue bonds secured by
38 amounts received under the Infrastructure Improvement and Replacement
39 Assistance Act and from other sources,
40 Sec. 3. For purposes of the Infrastructure Improvement and
41 Replacement Assistance Act:
42 (1) Political subdivision means any local governmental body formed
43 and organized under state law and any joint entity or joint public agency
44 created under the Interlocal Cooperation Act or the Joint Public Agency
45 Act which has statutory authority to issue general obligation bonds; and
46 (2) Sewer utility means any sewer utility operated by a political
47 subdivision.
48 Sec. 4. (1) The state shall assist political subdivisions and sewer
49 utilities by turning back a percentage of certain state sales tax revenue
50 to political subdivisions and sewer utilities as provided in this
51 section.
52 (2) The state shall pay to each political subdivision or sewer
53 utility a percentage of the state sales tax imposed on sewer fees and
54 collected by such political subdivision or sewer utility as follows:
55 (a) For sales taxes imposed from July 1, 2020, through June 30:
56 2021: 36.36 percent; and
57 (b) For sales taxes imposed from July 1, 2021, through June 30:
58 2023: 54.54 percent; and
59 (c) For sales taxes imposed on and after July 1, 2023: 72.72
60 percent.
61 (3) Funds received under this section shall be used exclusively to
62 assist in:
63 (a) Paying for infrastructure improvements relating to constructing,
64 upgrading, redeveloping, or replacing sewer infrastructure facilities,
65 (b) Paying for the redevelopment and replacement of obsolete sewer
66 facilities; or
67 (c) Repaying bonds issued and pledged for such work.
68 Sec. 5. (1) The Tax Commissioner shall certify to the State
69 Treasurer, on a quarterly basis, the amount of state sales tax revenue
70 collected by any political subdivision or sewer utility fees and the
71 applicable percentage which the state shall pay pursuant to section 4 of
15 this act.
16 (2) Upon receipt of the quarterly certification, the State Treasurer
17 shall transfer the amount certified from the General Fund to the
18 Infrastructure Improvement and Replacement Assistance Cash Fund. The
19 Infrastructure Improvement and Replacement Assistance Cash Fund is

LEGISLATIVE BILL 961. Placed on General File with amendment.

AM2324

1. Strike the original sections and insert the following new sections:

Section 1. Sections 1 to 15 of this act shall be known and may be cited as the Peer-to-Peer Vehicle Sharing Program Act.

Section 2. For purposes of the Peer-to-Peer Vehicle Sharing Program Act, unless the context otherwise requires:

(1) Agreement means an agreement established through a peer-to-peer vehicle sharing program that serves as a contract between a program, an owner, and a driver and describes the specific terms and conditions of the agreement that govern the use of a vehicle through such program, including the sharing period and location or locations for transfer of control of vehicle. Agreement does not mean a rental agreement as defined in section 44-4067;

(2) Delivery period means the period of time during which a vehicle is being delivered to the location at which the start time begins, if applicable, as documented by the agreement;

(3) Driver means an individual who has been authorized to drive a vehicle by an owner under an agreement;

(4) Owner means the registered owner, or a person or entity designated by the registered owner, of a vehicle made available for sharing through a peer-to-peer vehicle sharing program;

(5) Peer-to-peer vehicle sharing program or program means a business platform that connects vehicle owners with drivers to enable the sharing of vehicles for financial consideration. A program is not a transportation network company as defined in section 75-323 or a rental car company as defined in section 44-4067;

(6) Sharing means the authorized use of a vehicle by an individual other than an owner through a peer-to-peer vehicle sharing program;

(7) Sharing period means the period of time that commences with the start time and, in either case, ends at the termination time;

(8) Start time means the time when a vehicle becomes subject to the control of a driver at or after the time the reservation is scheduled to begin as documented in the records of a program;

(9) Termination time means the earliest of the following events:

(a) The expiration of the agreed upon period of time established for the use of a vehicle according to the terms of the agreement, if the vehicle is delivered to the location agreed upon in the agreement;

(b) When a vehicle is returned to a location as alternatively agreed upon by the owner and driver as communicated through the peer-to-peer vehicle sharing program; or

(c) When an owner, or his or her authorized designee, takes possession and control of a vehicle; and

(10) Vehicle means a personal motor vehicle that is available for use through a peer-to-peer vehicle sharing program. Vehicle does not mean a rental vehicle as defined in section 44-4067.

Sec. 3. (1) Notwithstanding any other provision of law or any provision in an owner's policy of motor vehicle liability insurance, in the event of a loss or injury that occurs during a sharing period, a program shall:

(a) Except as provided in subsection (2) of this section, assume the liability of the owner for bodily injury or property damage to third parties, uninsured and underinsured motorist benefits, and personal injury protection losses during the sharing period in an amount stated in the agreement, and which amount may not be less than that set forth in section 60-310; and

(b) Retain such liability regardless of a lapse in, or otherwise absence of, any coverage under which a program is insured.
1. (2) Notwithstanding the definition of termination time, a program
2. shall not be liable when an owner:
3. (a) Makes a material, intentional, or fraudulent misrepresentation,
4. or a material, intentional, or fraudulent omission to a program before
5. the sharing period in which the loss occurred; or
6. (b) Acts in concert with a driver who fails to return a vehicle
7. pursuant to the terms of an agreement
8. Sec. 4. (1) A program shall ensure that, during each sharing
9. period, financial responsibility for a vehicle is provided in amounts no
10. less than the minimum amounts set forth in section 66-310 that
11. (a) Recognizes that the vehicle is made available and used through
12. the program; or
13. (b) Does not exclude use of the vehicle by a driver through the
14. program;
15. (2) The financial responsibility required under subsection (1) of
16. this section may be satisfied by motor vehicle liability insurance or
17. other acceptable means of demonstrating financial responsibility in this
18. state, voluntarily maintained by:
19. (a) The owner;
20. (b) The driver;
21. (c) The program; or
22. (d) Any combination of owner, driver, and program.
23. (3) The financial responsibility required in subsection (1) of this
24. section and satisfied pursuant to subsection (2) of this section shall be
25. the primary responsibility for losses during the sharing period.
26. (4) A program shall:
27. (a) Assume primary financial responsibility for a claim when it is
28. in whole or in part providing the financial responsibility required under
29. section 3 of this act if:
30. (i) A dispute exists as to who was in control of the vehicle at the
31. time of the loss; and
32. (ii) The program does not have available, did not retain, or fails
33. to provide the information required by section 7 of this act; and
34. (b) Be indemnified by the owner's personal policy of motor vehicle
35. liability insurance to the extent of such policy's obligation, if any, if
36. it is determined that the owner was in control of the vehicle at the time
37. of the loss.
38. (5) If insurance maintained by the owner or the driver in accordance
39. with subsection (2) of this section has lapsed or does not provide the
40. required financial responsibility, the program or its insurer shall
41. provide the coverage required by subsection (1) of this section beginning
42. with the first dollar of a claim and have the duty to defend such claim
43. except under circumstances as set forth in subsection (2) of section 3 of
44. this act.
45. (6) Financial responsibility maintained by the program shall not be
46. dependent on another automobile insurer first denying a claim, nor shall
47. another automobile insurance policy be required to first deny a claim.
48. (7) Nothing in the Peer-to-Peer Vehicle Sharing Program Act
49. (a) Limits the liability of a program for any act or omission of the
50. program itself that results in injury to any person as a result of the
51. use of a vehicle through the program; or
52. (b) Limits the ability of a program, by contract, to seek
53. indemnification from an owner or a driver for economic loss sustained by
54. the program resulting from a breach of the terms and conditions of an
55. agreement.
56. Sec. 5. At the time an owner registers a vehicle for use through
57. the program and again prior to the time such owner makes such vehicle
58. available for use through such program, the program shall notify the
59. owner that if the vehicle has a lien against it, the use of the vehicle
60. through the program, including use without physical damage coverage, may
30 violate the terms of the contract with the lienholder.
31 Sec. 6. (1) An authorized insurer that writes motor vehicle
1 liability insurance in this state may exclude any and all coverage and
2 the duty to defend or indemnify for any claim afforded under the owner's
3 motor vehicle liability insurance policy, including, but not limited to:
4 (a) Liability coverage for bodily injury and property damage;
5 (b) Personal injury protection coverage as defined;
6 (c) Uninsured and underinsured motorist coverage;
7 (d) Medical payments coverage;
8 (e) Comprehensive physical damage coverage; and
9 (f) Collision physical damage coverage.
10 (2) Nothing in the Peer-to-Peer Vehicle Sharing Program Act
11 invalidates or limits an exclusion contained in a motor vehicle liability
12 insurance policy, including any insurance policy in use or approved for
13 use that excludes coverage for motor vehicles made available for rent,
14 hire, or for any business use, including sharing.
15 Sec. 7. (1) A program shall collect and verify records pertaining
16 to the use of a vehicle, including, but not limited to, sharing periods,
17 sharing period pick-up and drop-off locations, fees paid by a driver, and
18 revenue received by an owner.
19 (2) A program shall provide the information collected pursuant to
20 subsection (1) of this section upon request to the owner, the owner's
21 insurer, and the driver's insurer to facilitate a claim coverage
22 investigation.
23 (3) A program shall retain the records required in this section for
24 a time period not less than four years.
25 Sec. 8. A motor vehicle insurer that defends or indemnifies a claim
26 arising from the operation of a vehicle that is excluded under the terms
27 of its policy shall have the right to seek contribution against a program
28 if the claim is made against the owner or driver for loss or injury that
29 occurs during the sharing period.
30 Sec. 9. (1) Notwithstanding any other provision of law, a program
31 shall have an insurable interest in a vehicle during the sharing period.
32 (2) Nothing in this section shall impose liability on a program to
33 maintain the coverage required by section 3 of this act.
34 (3) A program may own and maintain as the named insured one or more
35 policies of motor vehicle liability insurance that provides coverage for:
36 (a) Liabilities assumed by the program under the agreement;
37 (b) Liability of an owner;
38 (c) Damage or loss to a vehicle; or
39 (d) Liability of a driver.
40 Sec. 10. A program and an owner shall be exempt from vicarious
41 liability in accordance with 49 U.S.C. 30106(a) and under any state or
42 local law that imposes liability solely based on vehicle ownership.
43 Sec. 11. (1) Each agreement made in this state shall disclose to
44 each owner and driver:
45 (a) Any right of the program to seek indemnification from an owner
46 or a driver for economic loss sustained by the program resulting from a
47 breach of the terms and conditions of the agreement;
48 (b) That a motor vehicle liability insurance policy issued to an
49 owner for the vehicle, or to a driver, may not provide a defense or
50 indemnity for any claim asserted by the program;
51 (c) That a program's financial responsibility afforded to each owner
52 and driver is available only during the sharing period;
53 (d) That for any use of a vehicle by a driver after the termination
54 of a program, a driver or owner may not have coverage;
55 (e) The daily rate, fees, costs, and, if applicable, any insurance
56 or protection package costs that are charged to an owner or a driver; and
57 (f) That an owner's motor vehicle liability insurance may not
58 provide coverage for the vehicle.
28 (2) Each agreement made in this state shall disclose to each driver:
29 (a) An emergency telephone number to personnel capable of fielding
30 roadside assistance and other customer service inquiries; and
31 (b) Any conditions under which a driver must maintain a personal
32 automobile insurance policy and any required coverage limits on a primary
33 basis in order to use a vehicle through the program;
34 Sec. 12. A program shall have sole responsibility for any
35 equipment, such as a global positioning system or other special
36 equipment, that is put in or on a vehicle to monitor or facilitate
37 sharing and shall agree to indemnify and hold harmless the owner for any
38 damage to or theft of such equipment during the sharing period not caused
39 by the owner. A program has the right to seek indemnity from a driver for
40 any loss or damage to such equipment that occurs during the sharing
41 period.
42 Sec. 13. (1) At the time an owner registers a vehicle for use by a
43 program, and prior to the time when the owner makes a vehicle available
44 for use by such program, the program shall:
45 (a) Verify that the vehicle does not have any safety recalls for
46 which the repairs have not been made; and
47 (b) Notify the owner of the requirements under subsection (2) of
48 this section.
49 (2) An owner shall:
50 (a) Not make a vehicle available for use through a program if the
51 owner has received actual notice of a safety recall on such vehicle until
52 the safety recall repair has been made;
53 (b) Upon receipt of actual notice of a safety recall on a vehicle
54 when such vehicle is available for use through a program, remove the
55 vehicle from availability as soon as practicably possible and until the
56 safety recall repair has been made; and
57 (c) Upon receipt of actual notice of a safety recall on a vehicle,
58 and when the vehicle is in the possession of a driver, notify the program
59 of the safety recall so that the program may notify the driver and the
60 vehicle can be removed from use until the owner makes the necessary
61 safety recall repair.
62 Sec. 14. (1) A program shall not enter into an agreement with any
63 driver unless such driver:
64 (a) Holds a driver's license issued in this state authorizing the
65 driver to operate vehicles of the class of vehicle used by the program;
66 or
67 (b) Is a nonresident who:
68 (i) Holds a driver's license issued by the state or country of the
69 driver's residence that authorizes the driver in that state or country to
70 drive vehicles of the class of vehicle used by the program; and
71 (ii) Is at least the same age as that required of a resident to
72 drive in this state.
73 (2) A program shall keep a record of:

2. Section 1. Section 43-1311.03, Revised Statutes Supplement, 2019, is amended to read:
3. 43-1311.03 (1) When a child placed in foster care turns fourteen years of age or enters foster care and is at least fourteen years of age, a written independent living transition proposal shall be developed by the Department of Health and Human Services at the direction and involvement of the child to prepare for the transition from foster care to successful adulthood. Any revision or addition to such proposal shall also be made in consultation with the child. The transition proposal shall be personalized based on the child's needs and shall describe the services needed for the child to transition to a successful adulthood as provided in the Nebraska Strengthening Families Act. The transition proposal shall include, but not be limited to, the following needs and services for the child to transition to a successful adulthood as provided in the Nebraska Strengthening Families Act:
4. (a) Education;
5. (b) Employment services and other workforce support;
6. (c) Health and health care coverage, including the child's potential eligibility for medicaid coverage under the federal Patient Protection and Affordable Care Act, 42 U.S.C. 1396a(a)(10)(A)(i)(IX), as such act and section existed on January 1, 2013;
7. (d) Behavioral health treatment and support needs and access to such treatment and support;
8. (e) Financial assistance, including education on credit card financing, banking, and other services;
9. (f) Housing;
10. (g) Relationship development and permanent connections;
11. (h) Adult services, if the needs assessment indicates that the child is reasonably likely to need or be eligible for services or other support from the adult services system;
12. (i) Information, planning, and assistance to obtain a driver's license as allowed under state law and consistent with subdivision (9)(b) of this section, including, but not limited to, providing the child with a copy of a driver's manual, identifying driver safety courses and resources to access a driver safety course, and identifying potential means by which to access a motor vehicle for such purposes;
13. (j) The transition proposal shall be developed and reviewed by the department in collaboration with the child's transition team. The transition team shall be comprised of the child, the child's caseworker, the child's guardian ad litem, individuals selected by the child, and individuals who have knowledge of services available to the child. As provided in the Nebraska Strengthening Families Act, one of the 18 individuals selected by the child may be designated as the child's advisor and, as necessary, advocate for the child with respect to the application of the reasonable and prudent parent standard and for the...
21 child on normalcy activities. The department may reject an individual
22 selected by the child to be a member of the team if the department has
23 good cause to believe the individual would not act in the best interests
24 of the child.
25 (3) The transition proposal shall be considered a working document
26 and shall be, at the least, updated for and reviewed at every permanency
27 or review hearing by the court. The court shall determine whether the
28 transition proposal includes the services needed to assist the child to
29 make the transition from foster care to a successful adulthood.
30 (4) The transition proposal shall document what efforts were made to
31 involve and engage the child in the development of the transition
32 proposal and any revisions or additions to the transition proposal. As
33 provided in the Nebraska Strengthening Families Act, the court shall ask
34 the child, in an age or developmentally appropriate manner, about his or
35 her involvement in the development of the transition proposal and any
36 revisions or additions to such proposal. As provided in the Nebraska
37 Strengthening Families Act, the court shall make a finding as to the
38 child's involvement in the development of the transition proposal and any
39 revisions or additions to such proposal.
40 (5) The final transition proposal prior to the child's leaving
41 foster care shall specifically identify how the need for housing will be
42 addressed.
43 (6) If the child is interested in pursuing higher education, the
44 transition proposal shall provide for the process in applying for any
45 applicable state, federal, or private aid.
46 (7) The department shall provide without cost a copy of any consumer
47 report as defined in 15 U.S.C. 1681a(d), as such section existed on
48 January 1, 2016, pertaining to the child each year until the child is
49 discharged from care and assistance, including when feasible, from the
50 child's guardian ad litem, in interpreting and resolving any inaccuracies
51 in the report as provided in the Nebraska Strengthening Families Act.
52 (8)(a) Any child who is adjudicated to be a juvenile described in
53 (i) subdivision (3)(a) of section 43-247 and who is in an out-of-home
54 placement or (ii) subdivision (8) of section 43-247 and whose
55 guardianship or state-funded adoption assistance agreement was disrupted
56 or terminated after the child had attained the age of sixteen years,
57 shall receive information regarding the Young Adult Bridge to
58 Independence Act and the bridge to independence program available under
59 the act.
60 (b) The department shall create a clear and developmentally
61 appropriate written notice discussing the rights of eligible young adults
62 to participate in the program. The notice shall include information about
63 eligibility and requirements to participate in the program, the extended
64 services and support that young adults are eligible to receive under the
65 program, and how young adults can be a part of the program. The notice
66 shall also include information about the young adult's right to request a
67 client-directed attorney to represent the young adult pursuant to section
68 43-4510 and the benefits and role of an attorney.
69 (c) The department shall disseminate this information to any child
70 who was adjudicated to be a juvenile described in subdivision (3)(a) of
71 section 43-247 and who is in an out-of-home placement at sixteen years of
72 age and any child who was adjudicated to be a juvenile under subdivision
73 (8) of section 43-247 and whose guardianship or state-funded adoption
74 assistance agreement was disrupted or terminated after the child had
75 attained the age of sixteen years. The department shall disseminate this
76 information to any such child yearly thereafter until such child attains
77 the age of nineteen years and not later than ninety days prior to the
78 child's last court review before attaining nineteen years of age or being
79 discharged from foster care to independent living. In addition to
80 providing the written notice, not later than ninety days prior to the
child's last court review before attaining nineteen years of age or being discharged from foster care to independent living, a representative of the department shall explain the information contained in the notice to the child in person and the timeline necessary to avoid a lapse in services and support.

(9)(a) The department shall provide the child with the documents, information, records, and other materials described in subdivision (9)(b) of this section, if the child is leaving foster care, on (i) or (ii) or before the date the child reaches eighteen or nineteen years of age or twenty-one years of age if the child participates in the bridge to independence program, and (ii) at the age or as otherwise prescribed in subdivision (9)(b) of this section, if the child is leaving foster care.

(b) The department shall provide the child with:
1. A certified copy of the child's birth certificate and facilitate securing a federal social security card when the child is eligible for such card;
2. Health insurance information and all documentation required for enrollment in Medicaid coverage for former foster care children as available under the Federal Patient Protection and Affordable Care Act, 42 U.S.C. 1396a(a)(10)(A)(i)(IX), as such act and section existed on January 1, 2013;
3. A copy of the child's medical records;
4. A driver's license or identification card issued by a state in accordance with the requirements of section 202 of the REAL ID Act of 2005, as such section existed on January 1, 2016, and when requested by a child fourteen years of age or older, all documents necessary to obtain such license or card;
5. A copy of the child's educational records;
6. A credit report check;
7. Contact information, with permission, for family members, including siblings, with whom the child can maintain a safe and appropriate relationship, and other supportive adults;
8. A list of local community resources, including, but not limited to, support groups, health clinics, mental and behavioral health and substance abuse treatment services and support, pregnancy and parenting resources, and employment and housing agencies;
9. Written information, including, but not limited to, contact information, for disability resources or benefits that may assist the child as an adult, specifically including information regarding state programs established pursuant to 42 U.S.C. 677, as such section existed on January 1, 2016, and disability benefits, including supplemental security income pursuant to 42 U.S.C. 1382 et seq., as such sections existed on January 1, 2016, or social security disability insurance pursuant to 42 U.S.C. 423, as such section existed on January 1, 2016, if the child may be eligible as an adult;
10. An application for public assistance and information on how to access the system to determine public assistance eligibility;
11. A letter prepared by the department that verifies the child's name and date of birth, dates the child was in foster care, and whether the child was in foster care on his or her eighteenth, nineteenth, or twenty-first birthday and enrolled in Medicaid while in foster care;
12. Written information about the child's Indian heritage or tribal connection, if any; and
13. Written information on how to access personal documents in the future.

(c) All fees associated with securing the certified copy of the child's birth certificate or obtaining a driver's license shall be waived by the state.
17 (d) The transition proposal shall document that the child was
18 provided all of the documents listed in this subsection. The court shall
19 make a finding as to whether the child has received the documents as part
20 of the independence hearing as provided in subdivision (2)(d) of section
21 43-285.
22 Sec. 2. Section 43-4704, Revised Statutes Cumulative Supplement,
23 2018, is amended to read:

3 Section 1. Section 48-122, Revised Statutes Supplement, 2019, is
4 amended to read:
5 48-122 (1) If death results from injuries and the deceased employee
6 leaves one or more dependents dependent upon his or her earnings for
7 support at the time of injury, the compensation, subject to section
8 48-123, shall be not more than the maximum weekly income benefit
9 specified in section 48-121.01 nor less than the minimum weekly income
10 benefit specified in section 48-121.01, except that if at the time of
11 injury the employee receives wages of less than the minimum weekly income
12 benefit specified in section 48-121.01, then the compensation shall be
13 the full amount of such wages per week, payable in the amount and to the
14 persons enumerated in section 48-122.01 subject to the maximum limits
15 specified in this section and section 48-122.03.
16 (2) When death results from injuries suffered in employment, if
17 immediately prior to the accident the rate of wages was fixed by the day
18 or hour, or by the output of the employee, the weekly wages shall be
19 taken to be computed upon the basis of a workweek of a minimum of five
20 days, if the wages are paid by the day, or upon the basis of a workweek
21 of a minimum of forty hours, if the wages are paid by the hour, or upon
22 the basis of a workweek of a minimum of five days or forty hours,
23 whichever results in the higher weekly wage, if the wages are based on
24 the output of the employee.
25 (3) Upon the death of an employee, resulting through personal
26 injuries as defined in section 48-151, whether or not there are
27 dependents entitled to compensation, the reasonable expenses of burial,
1 not exceeding an amount equal to twelve times the state average weekly
2 wage determined pursuant to section 48-121.02 for the calendar year in
3 which the death occurred, ten thousand dollars, without deduction of any
4 amount previously paid or to be paid for compensation or for medical
5 expenses, shall be paid to his or her dependents, or if there are no
6 dependents, then to his or her personal representative.
7 (4) Compensation under the Nebraska Workers' Compensation Act to
8 alien dependents who are not residents of the United States shall be the
9 same in amount as is provided in each case for residents, except that at
10 any time within one year after the death of the injured employee the
11 employer may at his or her option commute all future installments of
12 compensation to be paid to such alien dependents. The amount of the
13 commuted payment shall be determined as provided in section 48-138.
14 (5)(a)(i) Except as provided in subdivision (5)(a)(ii) of this
15 section, the consular officer of the nation of which the employee, whose
16 injury results in death, is a citizen shall be regarded as the sole legal
17 representative of any alien dependents of the employee residing outside
18 of the United States and representing the nationality of the employee.
19 (ii) At any time prior to the final settlement, a nonresident alien
20 dependent may file with the Nebraska Workers' Compensation Court a power
21 of attorney designating any suitable person residing in this state to act
22 as attorney in fact in proceedings under the Nebraska Workers'
23 Compensation Act. If the compensation court determines that the interests
24 of the nonresident alien dependent will be better served by such person
25 than by the consular officer, the compensation court shall appoint such
26 person to act as attorney in fact in such proceedings. In making such
27 determination the court shall consider, among other things, whether a
28 consular officer's jurisdiction includes Nebraska and the responsiveness
29 of the consular officer to attempts made by an attorney representing the
30 employee to engage such consular officer in the proceedings.
31 (b) Such consular officer or appointed person shall have in behalf
1 of such nonresident alien dependents the exclusive right to institute
2 proceedings for, adjust, and settle all claims for compensation provided
3 to such nonresident alien dependents of all compensation arising
4 thereunder.
5 (c) A person appointed under subdivision (5)(a)(ii) of this section
6 shall furnish a bond satisfactory to the compensation court conditioned
7 upon the proper application of any money received as compensation under
8 the Nebraska Workers' Compensation Act. Before the bond is discharged,
9 such appointed person shall file with the compensation court a verified
10 account of receipts and disbursements of such money.
11 (d) For purposes of this section, consular officer means a consul
12 general, vice consul general, or vice consul or the representative of any
13 such official residing within the State of Nebraska.
14 (e) The changes made to this section by Laws 2019, LB418, apply to
15 cases under the Nebraska Workers' Compensation Act that are pending on

WHEREAS, Keith and Doris Olsen have farmed since they were married in 1969 and assumed management of the family's Perkins County farm purchased in 1917. Their love of Nebraska and agriculture has led them to become leaders in no-till, dryland farming and supporting the growth of agriculture in Nebraska; and

WHEREAS, Keith Olsen was born in Imperial in 1944 and raised on the family farm near Venango in the southwest corner of Perkins County. Keith's grandfather bought the original land in 1917, and the farm was recognized by Aksarben as a Centennial Farm in 2017; and

In 2013, the Nebraska Crop Improvement Association recognized them for producing certified seed for 30 years. Using the latest no-till technology has helped them increase the productivity of the farm; and

WHEREAS, Keith served as the president of the Nebraska Farm Bureau Federation from August 2002 to December 2011. He traveled extensively on international trade missions with Nebraska Governors and the American Farm Bureau Federation meeting with foreign officials and farmers to promote opening new markets for Nebraska agricultural products. He also sustains close relationships with city and civic leaders in Lincoln, Omaha, and other communities in Nebraska, to help them understand issues facing rural Nebraska and agriculture; and
WHEREAS, Keith and Doris use their shared passion for agriculture by being involved with Future Farmers of America, 4-H, and the Nebraska Agriculture in the Classroom program. A favorite activity is serving as "Ag in the Classroom" pen pals to kindergarten classes in Lincoln. Each year they visit their class to interact with the young students; and

(3) Any building or construction code implemented under this section
shall be adopted and enforced as provided in section 71-6406.

(4) If there is no ordinance adopting a plumbing code in effect in a

city or village, the 2018 Uniform Plumbing Code designated

accredited by the American National Standards Institute as an American

National Standard shall serve as the plumbing code for all the area

within the jurisdiction of the city or village. Nothing in this section

shall be interpreted as creating an obligation for the city or village to

inspect plumbing work done within its jurisdiction to determine

compliance with the plumbing code.

4 Sec. 2. Section 18-1915, Reissue Revised Statutes of Nebraska, is

amended to read:

The State of Nebraska shall permit cities and villages to

collect permit fees and inspect all sanitary plumbing installed or

repaired, except for a single-family dwelling or a farm or ranch

structure, within the State of Nebraska outside of the zoning

jurisdiction of cities and villages. The city or village nearest the

construction site shall have jurisdiction to collect such permit fees and

conduct the inspection of the sanitary plumbing. If the city or village

has a plumbing ordinance in force and effect, such ordinance will govern

the installation of the sanitary plumbing. If there is no city ordinance

in effect for such city or village, the 2018 Uniform Plumbing Code

designated accredited by the American National Standards Institute as an

preference over the provisions of the immediately preceding sentence.

Sec. 3. Section 23-172, Revised Statutes Cumulative Supplement,

is amended to read:

The county board may adopt by resolution, which shall

have the force and effect of law, the conditions, provisions,

limitations, and terms of a building or construction code, a plumbing

code, an electrical code, a fire prevention code, or any other code

relating to building or relating to the erection, construction,

reconstruction, alteration, repair, conversion, maintenance, placing, or

use of any building, structure, automobile trailer, house trailer, or

cabin trailer. For this purpose, the county board may adopt any standard

code which contains rules or regulations printed as a code in book or

pamphlet form by reference to such code or portions thereof without

setting forth in the resolution the conditions, provisions, limitations,

or terms of such code. When such code or any such standard code or

portion thereof is incorporated by reference into such resolution, it

shall have the same force and effect as though it had been written in its

entirety in such resolution without further or additional publication.

Not less than one copy of such code or such standard code or

portion thereof shall be kept for use and examination by the public in

the office of the clerk of such county prior to the adoption thereof and

as long as such standard code is in effect in such county.

Any building or construction code implemented under this section
shall be adopted and enforced as provided in section 71-6406.

If there is no county resolution adopting a plumbing code in

effect for such county, the 2018 Uniform Plumbing Code designated

accredited by the American National Standards Institute as an American

National Standard shall apply to all buildings.

Any code adopted and approved by the county board, as provided

in this section, or if there is no county resolution adopting a plumbing

code in effect for such county, the 2018 Uniform Plumbing Code
22 designated accredited by the American National Standards Institute as an
23 American National Standard, and the building permit requirements or
24 occupancy permit requirements imposed by such code or by sections
25 23-114.04 and 23-114.05, shall apply to all of the county except within

11 extent not preempted by federal law.
12 Sec. 16. (1) If a covered person receives emergency services at an
13 in-network or out-of-network health care facility, the insurer shall
14 ensure that the covered person incurs no greater out-of-pocket costs than
15 the covered person would have incurred with an in-network health care
16 provider for covered services.
17 (2) With respect to emergency services at an in-network or out-of-
18 network health care facility, if the out-of-network health care provider
19 bills an insurer directly, any reimbursement paid by the insurer shall be
20 paid directly to the out-of-network health care provider. The insurer

41 not reasonable, the insurer and the health care provider shall have
42 thirty days after the date of such notification to negotiate a

22 (2) Following completion of the mediation process, the cost of
23 mediation shall be split evenly and paid by the insurer and the health
24 care provider.

(Amendments to Standing Committee amendments, AM2433)

1 1. Strike sections 1, 8, and 10 to 34 and insert the following new
2 section:
3 Sec. 8. Section 77-4212, Reissue Revised Statutes of Nebraska, is
4 amended to read:
5 77-4212 (1) For tax year 2007, the amount of relief granted under
6 the Property Tax Credit Act shall be one hundred five million dollars.
7 For tax year 2008, the amount of relief granted under the act shall be
8 one hundred fifteen million dollars. It is the intent of the Legislature
9 to fund the Property Tax Credit Act for tax years after tax year 2008
10 using available revenue. For tax year 2017, the amount of relief granted
11 under the act shall be two hundred twenty-four million dollars. For tax
12 year 2020, the amount of relief granted under the act shall be three

1 (3) If the real property owner qualifies for a homestead exemption
2 under sections 77-3501 to 77-3529, the owner shall also be qualified for

4 after calculation of the relief provided by the homestead exemption. If
5 the credit results in a property tax liability on the homestead that is
6 less than zero, the amount of the credit which cannot be used by the
7 taxpayer shall be returned to the State Treasurer by July 1 of the year
8 the amount disbursed to the county was disbursed. The State Treasurer

22 shall determine the amount to be disbursed under this subdivision to each
23 county and certify such amounts to the State Treasurer and to each

28 unit levying taxes on taxable property in the tax district in which the
29 real property is located in the same proportion that the levy of such
30 taxing unit bears to the total levy on taxable property of all the taxing
31 units in the tax district in which the real property is located.
1 (b) Beginning with tax year 2017, the amount disbursed to each
2 county shall be equal to the amount available for disbursement determined
3 under subsection (1) of this section multiplied by the ratio of the
4 credit allocation valuation in the county to the credit allocation
5 valuation in the state. By September 15, the Property Tax Administrator
6 shall determine the amount to be disbursed under this subdivision to each
7 county and certify such amounts to the State Treasurer and to each
8 county. The disbursements to the counties shall occur in two equal
9 payments, the first on or before January 31 and the second on or before
10 April 1. After retaining one percent of the receipts for costs, the
11 county treasurer shall allocate the remaining receipts to each taxing
12 unit based on its share of the credits granted to all taxpayers in the
13 taxing unit.
14 (5) For purposes of this section, credit allocation valuation means
15 the taxable value for all real property except agricultural land and

28 (7) Sharing period means the period of time that commences with the
29 delivery period or, if there is no delivery period, that commences with
30 the start time and, in either case, ends at the termination time;
31 (8) Start time means the time when a vehicle becomes subject to the
32 control of a driver at or after the time the reservation is scheduled to
33 begin as documented in the records of a program;
34 (9) Termination time means the earliest of the following events:
35 (a) the expiration of the agreed upon period of time established for
36 the use of a vehicle according to the terms of the agreement, if the
37 vehicle is delivered to the location agreed upon in the agreement;
38 (b) When a vehicle is returned to a location as alternatively agreed
39 upon by the owner and driver as communicated through the peer-to-peer
40 vehicle sharing program; or
41 (c) When an owner, or his or her authorized designee, takes
42 possession and control of a vehicle; and
43 (10) Vehicle means a personal motor vehicle that is available for
44 use through a peer-to-peer vehicle sharing program. Vehicle does not mean
45 a rental vehicle as defined in section 44-4067.
46 Sec. 61. (1) Notwithstanding any other provision of law or any
47 provision in an owner's policy of motor vehicle liability insurance, in
48 the event of a loss or injury that occurs during a sharing period, a
49 program shall:
50 (a) Except as provided in subsection (2) of this section, assume the
51 liability of the owner for bodily injury or property damage to third
52 parties, uninsured and underinsured motorist benefits, and personal
53 injury protection losses during the sharing period in an amount stated in
54 the agreement, and which amount may not be less than that set forth in
55 section 60-310; and
56 (b) Retain such liability regardless of a lapse in, or otherwise
57 absence of, any coverage under which a program is insured.
58 (2) Notwithstanding the definition of termination time, a program
59 shall not be liable when an owner:
60 (a) Makes a material, intentional, or fraudulent misrepresentation.
61 or a material, intentional, or fraudulent omission to a program before
62 the sharing period in which the loss occurred;
63 (b) Acts in concert with a driver who fails to return a vehicle
64 pursuant to the terms of an agreement.
65 Sec. 62. (1) A program shall ensure that, during each sharing
66 period, financial responsibility for a vehicle is provided in amounts no
67 less than the minimum amounts set forth in section 60-310 that:
68 (a) Recognizes that the vehicle is made available and used through
69 the program; or
70 (b) Does not exclude use of the vehicle by a driver through the
71 program.
72 (2) The financial responsibility required under subsection (1) of
73 this section may be satisfied by motor vehicle liability insurance or
74 other acceptable means of demonstrating financial responsibility in this
75 state, voluntarily maintained by:
76 (a) The owner;
77 (b) The driver;
78 (c) The program; or
79 (d) Any combination of owner, driver, and program.
23 (3) The financial responsibility required in subsection (1) of this
24 section and satisfied pursuant to subsection (2) of this section shall be
25 the primary responsibility for losses during the sharing period.
26 (4) A program shall:
27 (a) Assume primary financial responsibility for a claim when it is
28 in whole or in part providing the financial responsibility required under
29 section 61 of this act if:
30 (i) A dispute exists as to who was in control of the vehicle at the
31 time of the loss; and
32 (ii) The program does not have available, did not retain, or fails
33 to provide the information required by section 65 of this act; and
34 (b) Be indemnified by the owner's personal policy of motor vehicle
35 liability insurance to the extent of such policy's obligation, if any, if
36 it is determined that the owner was in control of the vehicle at the time
37 of the loss.
38 (5) If insurance maintained by the owner or the driver in accordance
39 with subsection (2) of this section has lapsed or does not provide the
40 required financial responsibility, the program or its insurer shall
41 provide the coverage required by subsection (1) of this section beginning
42 with the first dollar of a claim and have the duty to defend such claim
43 except under circumstances as set forth in subsection (2) of section 61
44 of this act.
45 (6) Financial responsibility maintained by the program shall not be
46 dependent on another automobile insurer first deriving a claim, not shall
47 another automobile insurance policy be required to first deny a claim.
48 (7) Nothing in the Peer-to-Peer Vehicle Sharing Program Act:
49 (a) Limits the liability of a program for any act or omission of the
50 program itself that results in injury to any person as a result of the
51 use of a vehicle through the program; or
52 (b) Limits the ability of a program, by contract, to seek
53 indemnification from an owner or a driver for economic loss sustained by
54 the program resulting from a breach of the terms and conditions of an
55 agreement.
56 Sec. 63. At the time an owner registers a vehicle for use through
57 the program and again prior to the time such owner makes such vehicle
58 available for use through such program, the program shall notify the
59 owner that if the vehicle has a lien against it, the use of the vehicle
60 through the program, including use without physical damage coverage, may
61 violate the terms of the contract with the lienholder.
62 Sec. 64. (1) An authorized insurer that writes motor vehicle
63 liability insurance in this state may exclude any and all coverage and
64 the duty to defend or indemnify for any claim afforded under the owner's
65 motor vehicle liability insurance policy, including, but not limited to:
66 (a) Liability coverage for bodily injury and property damage;
67 (b) Personal injury protection coverage as defined;
68 (c) Uninsured and underinsured motorist coverage;
69 (d) Medical payments coverage;
70 (e) Comprehensive physical damage coverage; and
71 (f) Collision physical damage coverage.
72 (2) Nothing in the Peer-to-Peer Vehicle Sharing Program Act
73 invalidates or limits an exclusion contained in a motor vehicle liability
74 insurance policy, including any insurance policy in use or approved for
75 use that excludes coverage for motor vehicles made available for rent,
76 hire, or for any business use, including sharing.
77 Sec. 65. (1) A program shall collect and verify records pertaining
78 to the use of a vehicle, including, but not limited to, sharing periods,
79 sharing period pick-up and drop-off locations, fees paid by a driver, and
80 revenue received by an owner;
81 (2) A program shall provide the information collected pursuant to
82 subsection (1) of this section upon request to the owner, the owner's
insurer, and the driver's insurer to facilitate a claim coverage investigation.

23 (3) A program shall retain the records required in this section for a time period not less than four years.

24 Sec. 66. A motor vehicle insurer that defends or indemnifies a claim arising from the operation of a vehicle that is excluded under the terms of its policy shall have the right to seek contribution against a program if the claim is made against the owner or driver for loss or injury that occurs during the sharing period.

25 Sec. 67. (1) Notwithstanding any other provision of law, a program shall have an insurable interest in a vehicle during the sharing period.

26 (2) Nothing in this section shall impose liability on a program to maintain the coverage required by section 61 of this act.

27 (3) A program may own and maintain as the named insured one or more policies of motor vehicle liability insurance that provides coverage for:

28 (a) Liabilities assumed by the program under the agreement;

29 (b) Liability of an owner;

30 (c) Damage or loss to a vehicle; or

31 (d) Liability of a driver.

32 Sec. 68. A program and an owner shall be exempt from vicarious liability in accordance with 49 U.S.C. 30106(a), as such section existed on January 1, 2020, and under any state or local law that imposes liability solely based on vehicle ownership.

33 Sec. 69. (1) Each agreement made in this state shall disclose to each owner and driver:

34 (a) Any right of the program to seek indemnification from an owner or a driver for economic loss sustained by the program resulting from a breach of the terms and conditions of the agreement;

35 (b) That a motor vehicle liability insurance policy issued to an owner for the vehicle, or to a driver, may not provide a defense or indemnity for any claim asserted by the program;

36 (c) That a program's financial responsibility afforded to each owner and driver is available only during the sharing period;

37 (d) That for any use of a vehicle by a driver after the termination of a program, a driver or owner may not have coverage; and

38 (e) The daily rate, fees, costs, and, if applicable, any insurance protection package costs that are charged to an owner or a driver; and

39 (f) That an owner's motor vehicle liability insurance may not provide coverage for the vehicle.

40 (2) Each agreement made in this state shall disclose to each driver:

41 (a) An emergency telephone number to personnel capable of fielding roadside assistance and other customer service inquiries; and

42 (b) Any conditions under which a driver must maintain a personal automotive insurance policy and any required coverage limits on a primary basis in order to use a vehicle through the program.

43 Sec. 70. A program shall have sole responsibility for any equipment, such as a global positioning system or other special equipment, that is put in or on a vehicle to monitor or facilitate sharing and shall agree to indemnify and hold harmless the owner for any damage to or theft of such equipment during the sharing period not caused by the owner. A program has the right to seek indemnity from a driver for any loss or damage to such equipment that occurs during the sharing period.

44 Sec. 71. (1) At the time an owner registers a vehicle for use by a program, and prior to the time when the owner makes a vehicle available for use by such program, the program shall:

45 (a) Verify that the vehicle does not have any safety recalls for which the repairs have not been made; and

46 (b) Notify the owner of the requirements under subsection (2) of this section.
19 (2) An owner shall:
20 (a) Not make a vehicle available for use through a program if the
21 owner has received actual notice of a safety recall on such vehicle until
22 the safety recall repair has been made;
23 (b) Upon receipt of actual notice of a safety recall on a vehicle
24 when such vehicle is available for use through a program, remove the
25 vehicle from availability as soon as practicably possible and until the
26 safety recall repair has been made; and
27 (c) Upon receipt of actual notice of a safety recall on a vehicle,
28 and when the vehicle is in the possession of a driver, notify the program
29 of the safety recall so that the program may notify the driver and the
30 vehicle can be removed from use until the owner makes the necessary
31 safety recall repair.
1 Sec. 72. (1) A program shall not enter into an agreement with any
2 driver unless such driver:
3 (a) Holds a driver's license issued in this state authorizing the
4 driver to operate vehicles of the class of vehicle used by the program;
5 or
6 (b) Is a nonresident who:
7 (i) Holds a driver's license issued by the state or country of the
8 driver's residence that authorizes the driver in that state or country to
9 drive vehicles of the class of vehicle used by the program; and
10 (ii) Is at least the same age as that required of a resident to
11 drive in this state.
12 (2) A program shall keep a record of:
13 (a) The name and address of each driver; and
14 (b) The driver's license number and place of issuance for each
15 driver who operates a vehicle under the agreement.
16 Sec. 73. Nothing in the Peer-to-Peer Vehicle Sharing Program Act
17 shall be construed to limit the powers of an airport authority under
18 Nebraska law.
19 Sec. 74. Sections 59 to 73 of this act become operative on January
20 1, 2021. The other sections become operative on their effective date.
21 2. Renumber the remaining section accordingly.

Senator Howard filed the following amendment to LB1059:
AM2511
1 1. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 28-710, Revised Statutes Supplement, 2019, is
4 amended to read:
5 28-710 (1) Sections 28-710 to 28-727 and section 3 of this act shall
6 be known and may be cited as the Child Protection and Family Safety Act.
7 (2) For purposes of the Child Protection and Family Safety Act:
8 (a) Alcohol and drug testing means the use of biological sources,
9 including, but not limited to, urine, saliva, sweat, hair, breath, blood,
10 and meconium, to identify the concentration or presence of specific
11 substances or their metabolites in an individual's system;
12 (b) Alternative response means a comprehensive assessment of (i)
13 child safety, (ii) the risk of future child abuse or neglect, (iii)
14 family strengths and needs, and (iv) the provision of or referral for
15 necessary services and support. Alternative response is an alternative to
16 traditional response and does not include an investigation or a formal
17 determination as to whether child abuse or neglect has occurred, and the
18 subject of the report shall not be entered into the central registry of
19 child protection cases maintained pursuant to section 28-718;
20 (c) Child abuse or neglect means knowingly, intentionally, or

5 indecency, or obscene or pornographic photography, films, or depictions;
6 or
7 (vii) Placed in a situation to be a trafficking victim as defined in
8 section 28-830;
9 (d) (i) Comprehensive assessment means an analysis of child safety,
10 risk of future child abuse or neglect, and family strengths and needs on
11 a report of child abuse or neglect. Comprehensive assessment does not
12 include a determination as to whether the child abuse or neglect occurred
13 but does determine the need for services and support to address the
14 safety of children and the risk of future abuse or neglect;
15 (e) (i) Department means the Department of Health and Human
16 Services;
17 (f) (i) Investigation means fact gathering related to the current

19 determines whether child abuse or neglect has occurred and whether child
20 protective services are needed;
21 (g) (i) Law enforcement agency means the police department or town
22 marshal in incorporated municipalities, the office of the sheriff in
23 unincorporated areas, and the Nebraska State Patrol;
24 (h) (i) Out-of-home child abuse or neglect means child abuse or
25 neglect occurring outside of a child’s family home, including in day care
26 homes, foster homes, day care centers, residential child-caring agencies
27 as defined in section 71-1926, other child care facilities or
28 institutions, and the community. Out-of-home child abuse or neglect also
29 includes cases in which the subject of the report of child abuse or
30 neglect is not a member of the child’s household, no longer has access to
31 the child, is unknown, or cannot be identified;
1 (i) (i) Review, Evaluate, and Decide Team means an internal team of
2 staff within the department and shall include no fewer than two
3 supervisors or administrators and two staff members knowledgeable on the
4 policies and practices of the department, including, but not limited to,
5 the structured review process. County attorneys, child advocacy centers,
6 or law enforcement agency personnel may attend team reviews upon request
7 of a party;
8 (j) (i) Traditional response means an investigation by a law
9 enforcement agency or the department pursuant to section 28-713 which
10 requires a formal determination of whether child abuse or neglect has
11 occurred; and
12 (k) (i) Subject of the report of child abuse or neglect or subject
13 of the report means the person or persons identified in the report as
14 responsible for the child abuse or neglect.
15 Sec. 2. Section 28-710.01, Reissue Revised Statutes of Nebraska, is
16 amended to read:
17 28-710.01 (1) The Legislature declares that the public policy of the
18 State of Nebraska is to protect children whose health or welfare may be
19 jeopardized by abuse or neglect. The Legislature recognizes that most
20 families want to keep their children safe, but circumstances or
21 conditions sometimes interfere with their ability to do so. Families and
22 children are best served by interventions that engage their protective
23 capacities and address immediate safety concerns and ongoing risks of
24 child abuse or neglect. In furtherance of this public policy and the
25 family policy and principles set forth in sections 43-532 and 43-533, it
26 is the intent of the Legislature to strengthen the family and make the
27 home, school, and community safe for children by promoting responsible
28 child care in all settings and to provide, when necessary, a safe
29 temporary or permanent home environment for abused or neglected children.
30 (2) In addition, it is the policy of this state to: Require the
31 reporting of child abuse or neglect in home, school, and community
1 settings; provide for alternative response to reports as permitted by law
2 and the rules and regulations of the department; provide for traditional
3 response to reports as required by law and the rules and regulations of
4 the department; and provide protective and supportive services designed
5 to preserve and strengthen the family in appropriate cases.
6 Sec. 3. (1) The department shall recognize that:
7 (a) Alcohol and other drugs are often contributing factors in child
8 abuse and neglect;
9 (b) Alcohol and other drugs can impair a parent or caretaker's
10 judgment and ability to provide consistent care, supervision, and
11 protection; and
12 (c) Effective alcohol and drug testing is often necessary as one
13 tool to provide evidence of or rule out substance abuse as part of an
14 investigation or assessment of a child's safety or risk, to monitor
15 whether a parent or caretaker is continuing to use substances, and to
16 ensure treatment compliance.
17 (2) Alcohol and drug testing shall be a service available for all
18 court, non-court-involved, traditional response, or alternative response
19 cases. Alcohol and drug testing shall be one component of initial
20 assessment and ongoing case management to identify or eliminate substance
21 abuse as a contributing factor to child abuse and neglect in cases in
22 which drug or alcohol use or exposure is suspected.
23 (3) The department shall adopt and promulgate rules and regulations
24 or policies consistent with this section and shall revoke any rules and
25 regulations or policies inconsistent with this section by July 1, 2020.
26 Sec. 4. Original section 28-710.01, Reissue Revised Statutes of
27 Nebraska, and section 28-710, Revised Statutes Supplement, 2019, are
28 repealed.
29 Sec. 5. Since an emergency exists, this act takes effect when
30 passed and approved according to law.

**LEGISLATIVE BILL 963.** Placed on General File with amendment.

**AM2523**

1 1. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 48-101.01, Revised Statutes Cumulative
4 Supplement, 2018, is amended to read:
5 48-101.01 (1) The Legislature finds and declares;
6 (a) The occupations of first responders are recognized as stressful
7 occupations. Only our nation's combat soldiers endure more stress.
8 Similar to military personnel, first responders face unique and uniquely
9 dangerous risks in their sworn mission to keep the public safe. They rely
10 on each other for survival to protect the communities they serve;
11 (b) On any given day, first responders can be called on to make life
12 and death decisions, witness a young child dying with the child's grief,
13 stricken family, make a decision that will affect a community member for
14 the rest of such person's life, or be exposed to a myriad of communicable
15 diseases and known carcinogens;
16 (c) On any given day, first responders protect high-risk individuals
17 from themselves and protect the community from such individuals;
18 (d) First responders are constantly at significant risk of bodily
19 harm or physical assault while they perform their duties;
20 (e) Constant, cumulative exposure to horrific events make first
21 responders uniquely susceptible to the emotional and behavioral impacts
22 of job-related stressors;
23 (f) Trauma-related injuries can become overwhelming and manifest in
24 post-traumatic stress, which may result in substance use disorders and
25 even, tragically, suicide; and
26 (g) It is imperative for society to recognize occupational injuries
27 related to post-traumatic stress and to promptly seek diagnosis and
28 treatment without stigma. This includes recognizing that mental injury
29 and mental illness as a result of trauma is not disordered, but is a
30 normal and natural human response to trauma, the negative effects of
31 which can be ameliorated through diagnosis and effective treatment.
32 (2) Personal injury includes mental injuries and mental illness
33 unaccompanied by physical injury for an employee who is a first responder
34 or frontline state employee if such first responder or frontline state
35 employee:
36 (a) Establishes, by a preponderance of the evidence, that the
37 employee's employment conditions causing the mental injury or mental
38 illness were extraordinary and unusual in comparison to the normal
39 conditions of the particular employment; and
40 (b) Establishes, through a mental health professional by a
41 preponderance of the evidence, the medical causation between the mental
42 injury or mental illness and the employment conditions by medical
43 evidence.
44 (3) The employee bears the burden of establishing the matters
45 described in subsection (2) of this section by a preponderance of the
46 evidence.
47 (4) A first responder may establish prima facie evidence of a
48 personal injury that is a mental injury or mental illness if the first
49 responder:
23 (a) Presents evidence that the first responder underwent a mental
24 health examination upon entry into such service or subsequent to such
25 entry and before the onset of the mental injury or mental illness and
26 such examination did not reveal the mental injury or mental illness for
27 which the first responder seeks compensation;
28 (b) Presents testimony or an affidavit from a mental health
29 professional stating the first responder suffers from a mental injury or
30 mental illness caused by one or more events or series of events which
31 cumulatively produced the mental injury or mental illness which brought
32 about the need for medical attention and the interruption of employment;
33 (c) Presents evidence that such events or series of events arose out
34 of and in the course of the first responder's employment; and
35 (d) Presents evidence that, prior to the employment conditions which
36 caused the mental injury or mental illness, the first responder had
37 participated in resilience training and updated the training at least
38 annually thereafter.
39 (5) For purposes of this section, mental injuries and mental
40 illness arising out of and in the course of employment unaccompanied by
41 physical injury are not considered compensable if they result from any
42 event or series of events which are incidental to normal employer and
43 employee relations, including, but not limited to, personnel actions by
44 the employer such as disciplinary actions, work evaluations, transfers,
45 promotions, demotions, salary reviews, or terminations.
46 (a) The Department of Health and Human Services shall reimburse a
47 first responder for the cost of annual resilience training not reimbursed
48 by the first responder's employer. The department shall pay reimbursement
49 at a rate determined by the Critical Incident Stress Management Program
50 under section 71-7104. Reimbursement shall be subject to the annual limit
51 set by such program under section 71-7104.
52 (b) To obtain reimbursement under this subsection, a first responder
53 shall submit an application to the Department of Health and Human
54 Services on a form and in a manner prescribed by the department.
55 (7) The Department of Health and Human Services shall maintain and
56 annually update records of first responders who have completed annual
57 resilience training.
58 (5) For purposes of this section:
59 (a) First responder means a sheriff, a deputy sheriff, a police
60 officer, an officer of the Nebraska State Patrol, a volunteer or paid
61 participant, or a volunteer or paid individual licensed under a licensure
62 classification in subdivision (1) of section 38-1217 who provides medical
63 care in order to prevent loss of life or aggravation of physiological or
64 psychological illness or injury;
65 (b) Frontline state employee means an employee of the Department of
66 Correctional Services or the Department of Health and Human Services
67 whose duties involve regular and direct interaction with high-risk
68 individuals;
69 (c) High-risk individual means an individual in state custody for
70 whom violent or physically intimidating behavior is common, including,
71 but not limited to, a committed offender as defined in section 83-170, a
72 patient at a regional center as defined in section 71-911, and a juvenile
73 committed to the Youth Rehabilitation and Treatment Center-Kearney or the
74 Youth Rehabilitation and Treatment Center-Geneva; and
75 (d) Mental health professional means:
76 (i) A practicing physician licensed to practice medicine in this
77 state under the Medicine and Surgery Practice Act;
78 (ii) A practicing psychologist licensed to engage in the practice of
79 psychology in this state as provided in section 38-3111 or as provided in
80 similar provisions of the Psychology Interjurisdictional Compact; or
81 (iii) A person licensed as a mental health practitioner under the
82 Mental Health Practice Act;
(e) Resilience training means training that meets the guidelines established by the Critical Incident Stress Management Program under section 71-7104 and that teaches how to adapt to, manage, and recover from adversity, trauma, tragedy, threats, or significant sources of stress.

(f) State custody means under the charge or control of a state institution or state agency and includes time spent outside of the state institution or state agency.

Sec. 2. Section 71-7104, Reissue Revised Statutes of Nebraska, is amended to read:

71‑7104 There is hereby created the Critical Incident Stress Management Program. The focus of the program shall be to minimize the harmful effects of critical incident stress for emergency service personnel, with a high priority on confidentiality and respect for the individuals involved. The program shall:

18 organization that leases or rents its network to a third party;
19 (e) Provider network contract means a contract between a contracting
20 entity and a provider that specifies the rights and responsibilities of
21 the contracting entity and provides for the delivery and payment of
22 dental services to an enrollee; and
23 (f) Third party means a person or entity that enters into a contract
24 with a contracting entity or with another third party to gain access to
25 the dental services or contractual discounts of a provider network
26 contract. Third party does not include an employer or other group for
27 whom the dental carrier or contracting entity provides administrative
28 services; or
29 (g) A dental insurance plan, contract, or provider network contract
30 with a provider shall not include any restrictions on methods of claim
31 payment for dental services in which the only acceptable payment method
32 is a credit card payment.
33 (3) A dental carrier may grant a third party access to a provider
34 network contract, or a provider's dental services or contractual
35 discounts provided pursuant to a provider network contract if, at the
36 time the provider network contract is entered into or renewed, the dental
37 carrier allows a provider who is part of a dental carrier's provider
38 network to choose to participate in third-party access to the
39 provider network contract. The third-party access provision of the
40 provider network contract shall be clearly identified. A dental carrier
41 shall not grant a third party access to the provider network contract of
42 any provider who does not participate in third-party access to the
43 provider network contract.
44 (4) A contracting entity may grant a third party access to a
45 provider network contract, or a provider's dental services or contractual
46 discounts provided pursuant to a provider network contract, if the
47 following requirements are met:
48 (a) The contracting entity identifies all third parties in existence
49 in a list on its Internet web site that is updated at least once every
50 ninety days;
51 (b) The provider network contract specifically states that the
52 contracting entity may enter into an agreement with a third party that
53 would allow the third party to obtain the contracting entity's rights and
54 responsibilities as if the third party were the contracting entity, and
55 when the contracting entity is a dental carrier, the provider chose to
56 participate in third-party access at the time the provider network
57 contract was entered into; and
58 (c) The third party accessing the provider network contract agrees
59 to comply with all applicable terms of the provider network contract.
60 (5) A provider is not bound by and is not required to perform dental
61 treatment or services under a provider network contract granted to a
62 third party in violation of this section;
63 (6) Subsections (3), (4), and (5) of this section shall not apply if
64 any of the following is true:
7 (a) The provider network contract is for dental services provided to
8 a beneficiary of the federal Medicare program pursuant to Title XVIII of
9 the Federal Social Security Act, 42 U.S.C. 1395 et seq., or the Federal
10 Medicaid program pursuant to Title XIX of the Federal Social Security
11 Act, 42 U.S.C. 1396 et seq., as such sections existed on January 1, 2020;
12 or
13 (b) Access to a provider network contract is granted to a dental
14 carrier or an entity operating in accordance with the same brand licensee
15 program as the contracting entity or to an entity that is an affiliate of
16 the contracting entity. A list of the contracting entity's affiliates
17 shall be made available to a provider on the contracting entity's web
18 site,
19 (7) This section shall take effect on January 1, 2021, and shall
20 apply to all provider network contracts that are delivered, issued for
21 delivery, or executed in this state on or after the effective date of
22 this act.
23 Sec. 2. The Revisor of Statutes shall assign section 1 of this act
24 to Chapter 44, Article 7.

LEGISLATIVE BILL 840. Placed on General File with amendment.
AM2512
1 1. Strike the original sections and insert the following new
2 sections:
3 Section 1. Section 71-5716, Reissue Revised Statutes of Nebraska, is
4 amended to read:
5 71-5716 Sections 71-5716 to 71-5735 and sections 4 and 5 of this act
6 shall be known and may be cited as the Nebraska Clean Indoor Air Act.
7 Sec. 2. Section 71-5717, Reissue Revised Statutes of Nebraska, is
8 amended to read:
9 71-5717 The purpose of the Nebraska Clean Indoor Air Act is to
10 protect the public health and welfare by prohibiting smoking in public
11 places and places of employment with limited exceptions for guestrooms
12 and suites, research, tobacco retail outlets, electronic smoking device
13 retail outlets, and cigar shops. The limited exceptions permit smoking in
14 public places where the public would reasonably expect to find persons
15 smoking, including guestrooms and suites which are subject to
16 expectations of privacy like private residences, institutions engaged in
17 research related to smoking, and tobacco retail outlets, electronic
18 smoking device retail outlets, and cigar shops which provide the public
19 legal retail outlets to sample, use, and purchase tobacco products and
20 products related to smoking. The act shall not be construed to prohibit
21 or otherwise restrict smoking in outdoor areas. The act shall not be
22 construed to permit smoking where it is prohibited or otherwise
23 restricted by other applicable law, ordinance, or resolution. The act
24 shall be liberally construed to further its purpose.
25 Sec. 3. Section 71-5718, Reissue Revised Statutes of Nebraska, is
26 amended to read:
27 71-5718 For purposes of the Nebraska Clean Indoor Air Act, the
28 definitions found in sections 71-5719 to 71-5728 and sections 4 and 5 of
29 this act apply.
30 Sec. 4. Electronic smoking device means any product containing or
31 delivering nicotine or any other substance intended for human consumption
32 that can be used by a person in any manner for the purpose of inhaling
33 vapor or aerosol from the product. The term includes any such device
34 regardless of whether it is manufactured, distributed, marketed, or sold
35 as an e-cigarette, e-cigar, e-pipe, e-hookah, or vape pen or under any
36 other product name or descriptor.
37 Sec. 5. Electronic smoking device retail outlet means a store that
38 is licensed as provided under sections 28-1421 and 28-1422, that sells
39 only electronic smoking devices and products directly related to
40 electronic smoking devices, and that does not allow a person under the
41 age of twenty-one years to enter such store. Products directly related to
42 electronic smoking devices do not include alcohol, coffee, soft drinks,
43 candy, groceries, or gasoline.
44 Sec. 6. Section 71-5727, Reissue Revised Statutes of Nebraska, is
45 amended to read:
46 71-5727 Smoke or smoking means inhaling, exhaling, burning, or
47 using any lighted or heated cigar, cigarette, pipe, hookah, or any
48 other lighted or heated tobacco or plant product intended for inhalation,
49 whether natural or synthetic, in any manner or in any form. The term
50 includes the use of an electronic smoking device which creates an aerosol
51 or vapor, in any manner or in any form the lighting of any cigarette,
52 cigar, pipe, or other smoking material or the possession of any lighted
53 cigarette, cigar, pipe, or other smoking material, regardless of its
54 composition.
55 Sec. 7. Section 71-5730, Reissue Revised Statutes of Nebraska, is
56 amended to read:
57 71-5730 (1) The following indoor areas are exempt from section
58 71-5729:
59 (a) Guestrooms and suites that are rented to guests and that are
60 designated as smoking rooms, except that not more than twenty percent of
61 rooms rented to guests in an establishment may be designated as smoking
62 rooms. All smoking rooms on the same floor shall be contiguous, and smoke
63 from such rooms shall not infiltrate into areas where smoking is
64 prohibited under the Nebraska Clean Indoor Air Act;
65 (b) Indoor areas used in connection with a research study on the
66 health effects of smoking conducted in a scientific or analytical
67 laboratory under state or federal law or at a college or university
68 approved by the Coordinating Commission for Postsecondary Education;
11 (c) Tobacco retail outlets; and
12 (d) Cigar shops as defined in section 53-103.08.
13 (2) Electronic smoking device retail outlets are exempt from section
14 71-5729 as it relates to the use of electronic smoking devices only.
15 (3)(a) The Legislature finds that allowing smoking in tobacco
16 retail outlets as a limited exception to the Nebraska Clean Indoor Air
17 Act does not interfere with the original intent that the general public
18 and employees not be unwillingly subjected to second-hand smoke since the
19 general public does not frequent tobacco retail outlets and should
20 reasonably expect that there would be second-hand smoke in tobacco retail
21 outlets and could choose to avoid such exposure. The products that
22 tobacco retail outlets sell are legal for customers who meet the age
23 requirement. Customers should be able to try them within the tobacco
24 retail outlet, especially given the way that tobacco customization may
25 occur in how tobacco is blended and cigars are produced. The Legislature
26 finds that exposure to second-hand smoke is inherent in the selling and
27 sampling of cigars and pipe tobacco and that this exposure is
28 inextricably connected to the nature of selling this legal product,
29 similar to other inherent hazards in other professions and employment.
30 (b) is the intent of the Legislature to allow cigar and pipe
31 smoking in tobacco retail outlets that meet specific statutory criteria
1 not inconsistent with the fundamental nature of the business. This
2 exception to the Nebraska Clean Indoor Air Act is narrowly tailored in
3 accordance with the intent of the act to protect public places and places
4 of employment.
5 (4)(a) The Legislature finds that allowing smoking in cigar
6 shops as a limited exception to the Nebraska Clean Indoor Air Act does
7 not interfere with the original intent that the general public and
8 employees not be unwillingly subjected to second-hand smoke. This
9 exception poses a de minimis restriction on the public and employees
10 given the limited number of cigar shops compared to other businesses that
11 sell alcohol, cigars, and pipe tobacco, and any member of the public
12 should reasonably expect that there would be second-hand smoke in a cigar
13 shop given the nature of the business and could choose to avoid such
14 exposure.
15 (b) The Legislature finds that (i) cigars and pipe tobacco have
16 different characteristics than other forms of tobacco such as cigarettes,
17 (ii) cigars are customarily paired with various spirits such as cognac,
18 single malt whiskey, bourbon, rum, rye, port, and others, and (iii)
19 unlike cigarette smokers, cigar and pipe smokers may take an hour or
20 longer to enjoy a cigar or pipe while cigarettes simply serve as a
21 mechanism for delivering nicotine. Cigars paired with selected liquor
22 creates a synergy unique to the particular pairing similar to wine paired
23 with particular foods. Cigars are a pure, natural product wrapped in a
24 tobacco leaf that is typically not inhaled in order to enjoy the taste of
25 the smoke, unlike cigarettes that tend to be processed with additives and
26 wrapped in paper and are inhaled. Cigars have a different taste and smell
27 than cigarettes due to the fermentation process cigars go through during
28 production. Cigars tend to cost considerably more than cigarettes, and
29 their quality and characteristics vary depending on the type of tobacco
30 plant, the geography and climate where the tobacco was grown, and the
31 overall quality of the manufacturing process. Not only does the
1 customized blending of the tobacco influence the smoking experience, so
2 does the freshness of the cigars, which is dependent on how the cigars
3 were stored and displayed. These variables are similar to fine wines,
4 which can also be very expensive to purchase. It is all of these
5 variables that warrant a customer wanting to sample the product before
6 making such a substantial purchase.
7 (c) The Legislature finds that exposure to second-hand smoke is
8 inherent in the selling and sampling of cigars and pipe tobacco and that
9 this exposure is inextricably connected to the nature of selling this
10 legal product, similar to other inherent hazards in other professions and
11 employment.
12 (d) It is the intent of the Legislature to allow cigar and pipe
13 smoking in cigar shops that meet specific statutory criteria not
14 inconsistent with the fundamental nature of the business. This exception
15 to the Nebraska Clean Indoor Air Act is narrowly tailored in accordance
16 with the intent of the act to protect public places and places of
17 employment.
18 Sec. 8. Section 71-5735, Reissue Revised Statutes of Nebraska, is
19 amended to read:
20 71‑5735 (1) The owner of a tobacco retail outlet shall post a sign
21 on all entrances to the tobacco retail outlet, on the outside of each
22 door, in a conspicuous location slightly above or next to the door, with
23 the following statement: SMOKING OF CIGARS AND PIPES IS ALLOWED INSIDE
24 THIS BUSINESS. SMOKING OF CIGARETTES AND ELECTRONIC SMOKING DEVICES IS
25 NOT ALLOWED.
26 (2) Beginning November 1, 2015, the owner shall provide to the
27 Division of Public Health a copy of a waiver signed prior to employment
28 by each employee on a form prescribed by the division. The waiver shall
29 expressly notify the employee that he or she will be exposed to second-
30 hand smoke, and the employee shall acknowledge that he or she understands
31 the risks of exposure to second-hand smoke.
1 (3) The owner shall not allow cigarette smoking or the use of an
2 electronic smoking device in the tobacco retail outlet.
3 Sec. 9. Original sections 71‑5716, 71‑5717, 71‑5718, 71‑5727, 71‑5730, and 71‑5735, Reissue Revised Statutes of Nebraska, are repealed.

26 (2) With respect to emergency services at an in-network or out-of-

38 reasonable if it is based on the higher of (a) the contracted rate under

53 period, the insurer and the health care provider shall engage in
54 mediation in accordance with the Uniform Mediation Act. The insurer may
55 attempt to negotiate a final reimbursement amount with the out-of-network
56 health care provider which differs from the amount paid by the insurer
57 pursuant to this section.
58 (2) Following completion of the mediation process, the cost of
59 mediation shall be split evenly and paid by the insurer and the health
60 care provider.
61 (3) Mediation shall not be used when the insurer and the health care
62 provider agree to a separate payment arrangement.
63 Sec. 18. This act becomes operative on January 1, 2021.

11 INTO THIS CONTRACT, BOTH YOU AND YOUR ATHLETE AGENT MUST NOTIFY YOUR
12 ATHLETIC DIRECTOR; AND
13 (3) YOU MAY CANCEL THIS CONTRACT WITHIN 14 DAYS AFTER SIGNING IT.
14 CANCELLATION OF THIS CONTRACT MAY NOT REINSTATE YOUR ELIGIBILITY.

47 sport.

ATTORNEY GENERAL'S OPINION

Opinion 20-001

SUBJECT: Whether Legislation Authorizing City Airport Authorities To Provide Minimum Revenue Guarantees To Private Airlines Offering To Furnish New And Additional Services Would Violate Neb. Const. Art. XIII, § 3

REQUESTED BY: Senator Mike Hilgers
Nebraska State Legislature

WRITTEN BY: Douglas J. Peterson, Attorney General
Lynn A. Melson, Assistant Attorney General
INTRODUCTION

You have requested an opinion from this office concerning a proposed bill that would amend Neb. Rev. Stat. § 3-504.02 (2012) to authorize airport authorities of all classes of cities to "make grants and loans, and offer revenue guarantees, to airlines offering to provide new and additional service to such cities." According to your letter, the services would "be funded through local property tax, which are levied under authorization of § 3-504.02." You add that minimum revenue guarantees "occur when a governmental entity agrees to compensate a private contractor if actual project revenue falls below a specified threshold in order to mitigate the risk taken by the private sector contractor."

You ask whether legislation authorizing an airport authority to offer minimum revenue guarantees to private airlines would violate art. XIII, § 3 of the Nebraska Constitution which, with certain exceptions not applicable here, prohibits extending the credit of the state to any private individual, association or corporation.

ARTICLE XIII, § 3 AND APPLICABLE STATUTES

Neb. Const. art. XIII, § 3 provides: "The credit of the state shall never be given or loaned in aid of any individual, association, or corporation, except that the state may guarantee or make long-term, low-interest loans to Nebraska residents seeking adult or post high school education at any public or private institution in this state. Qualifications for and the repayment of such loans shall be as prescribed by the Legislature."

Turning to the statutes most relevant to your questions, Neb. Rev. Stat. § 3-502(1) (Cum. Supp. 2018) provides that a city may create an airport authority to be managed and controlled by a board. Subsection (2) then provides that each board "shall be a body corporate and politic, constituting a public corporation and an agency of the city for which such board is established." Id.

Neb. Rev. Stat. § 3-504.02 (2012) provides, in part: "An airport authority may, and in cities of the primary class shall, in addition to the powers enumerated in section 3-504, encourage, foster, and promote the development of commercial and general aviation for the city which it serves, and advance the interests of such city in aeronautics and in commercial air transportation and its scheduling." You inquire about a proposed bill that would amend § 3-504.02 to authorize all city airport authorities to "make grants and loans, and offer revenue guarantees, to airlines offering to provide new and additional service to such cities." You are concerned about the constitutionality of a city airport authority offering minimum revenue guarantees to private airlines.
I. Whether A City Airport Authority Is Governed by the Constitutional Prohibition Against Lending the Credit of the State

The Nebraska Supreme Court has held that the prohibition contained in art. XIII, § 3 applies to the State and all political subdivisions of the State. "Political subdivisions of the State exist at the will of the State exercised through the Legislature. For us to say that the State may not loan its credit to an individual, association, or corporation, but that it might create a political subdivision and authorize it to do that which the State itself is prohibited from doing would be, to say the least, a very anomalous situation." State ex rel. Beck v. City of York, 164 Neb. 223, 224‑4, 82 N.W.2d 269, 271 (1957). "Article XIII, § 3 of the Nebraska Constitution prevents the state or any of its governmental subdivisions from extending the state's credit to private enterprise." Japp v. Papio-Missouri River Natural Resources Dist., 273 Neb. 779, 787, 733 N.W.2d 551, 558 (2007).

While an airport authority is described at § 3-502 as "an agency of the city" the Nebraska Supreme Court has held that a city airport authority is a separate and independent corporate entity and not "merely an agent of the city in the same sense as a municipal department, commission, or board" as argued by the plaintiff in Lock v. City of Imperial, 182 Neb. 526, 529, 155 N.W.2d 924, 925 (1968) ["Lock"]. In that personal injury action, the Court held that the City of Imperial was not the proper party defendant because the airport authority "is a supplementary, separate, and independent public corporation, and the parent municipal corporation is not liable for the torts of the authority." Id. at 531, 155 N.W.2d at 927.

In a more recent case, Brothers v. Kimball County Hospital, 289 Neb. 879, 857 N.W.2d 789 (2015), the Court was required to determine whether a county hospital was a separate and distinct political subdivision from the county for purposes of the Political Subdivisions Tort Claims Act. In its analysis the Court referred to Lock as a case holding "that a city airport authority was an independent political subdivision." Id. at 886, 857 N.W.2d at 796.
Our office has previously determined that a city airport authority is a political subdivision in an opinion considering whether the Atkinson Airport Authority was subject to inspection by the State Electrical Division. Op. Att'y Gen. No. 91030 (April 16, 1991). We also concluded that a city airport authority is a political subdivision for purposes of a bill that required that the county clerk set a preliminary tax rate for each political subdivision which levied property taxes in the county the previous year. Op. Att'y Gen. No. 96065 (August 22, 1996).

In our view, a city airport authority is a political subdivision which is governed by the constitutional prohibition against lending the credit of the state.

II. Whether Authorizing A City Airport Authority To Offer Minimum Revenue Guarantees Violates The Prohibition On Lending The Credit Of The State.

You ask whether a proposed bill, that would amend Neb. Rev. Stat. § 3-504.02 to authorize city airport authorities to offer minimum revenue guarantees to airlines offering to provide new service to cities, would violate the constitutional prohibition on lending the credit of the state. As stated above, Neb. Const. art. XIII, § 3 prohibits extending the credit of the state to any individual, association, or corporation.1

The Nebraska Supreme Court interpreted art. XIII, § 3 in Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991) ["Haman"]. At issue in Haman was legislation which appropriated state tax money to compensate depositors who had suffered losses due to the failure of industrial loan and investment companies in Nebraska. The Court set out a three-prong test, stating that a plaintiff had to prove each of the following elements to establish a law violated this constitutional provision: (1) The credit of the state (2) was given or loaned, (3) in aid of any individual, association, or corporation. Id. at 719, 467 N.W.2d at 850.2

Regarding the first element of the test, the credit of the state, the Court distinguished the loaning of the state's credit from the loaning of state funds. "The state's credit is inherently the power to levy taxes and involves the obligation of its general fund. There is a distinction between the loaning of state funds and the loaning of the state's credit. When a state loans funds it is in the position of creditor, whereas the state is in the position of debtor upon a loan of credit." Id. at 719-20, 467 N.W.2d at 850 (citation omitted). The Court further explained that "the purpose of article XIII, § 3 of Nebraska's Constitution is to prevent the state or any of its governmental subdivisions from extending the state's credit to private enterprise. It is designed to prohibit the state from acting as a surety or guarantor of the debt of another." Id. at 718, 467 N.W.2d at 850 (citation omitted). Therefore, the bill in question in Haman, which would have obligated the state's general fund to pay off the guaranties of a private corporation, was held to violate article XIII, § 3.
Haman is consistent with prior Nebraska cases finding violations of art. XIII, § 3. See Oxnard Beet Sugar Co. v. State, 73 Neb. 57, 105 N.W. 716 (1905) (Statute offering compensation or a bounty to private companies to encourage the manufacture of sugar and chicory violated this constitutional prohibition); State ex rel. Beck v. City of York, 164 Neb. 223, 82 N.W.2d 269 (1957) (City's issuance of revenue bonds in its name and use of those bonds for a private project unconstitutionally loaned its credit for the benefit of a private party). On the other hand, the Court has found no constitutional violation when the legislation in question did not put the state or one of its political subdivisions in the position of a debtor or guarantor. Statutes creating an ethanol tax credit program were found to be constitutional in Callan v. Balka, 248 Neb. 469, 536 N.W.2d 47 (1995). Although the motor fuel taxes collected were reduced because of the ethanol credits, the state remained a creditor of the taxpayer and was never obligated to pay any money or extend the credit of the state. And, in Japp v. Papio-Missouri River Natural Resources Dist., 273 Neb. 779, 733 N.W.2d 551 (2007), the Court found no constitutional violation when a natural resources district agreed to pay for the construction of two dams in a private commercial and residential development. The Court first noted that the projects fulfilled the statutory purpose of the District. Further, the Court found that the "state merely agreed to expend funds; it did not pledge its credit as an inducement to gain benefit or provide financial backing for the private developers." Id. at 789, 733 N.W.2d at 559 (emphasis in original).

CONCLUSION

Your request relates to legislation that would authorize city airport authorities to "make grants and loans, and offer revenue guarantees, to airlines offering to provide new and additional service to such cities." Your specific concern is the language that would authorize minimum revenue guarantees by which the airport authority would agree to compensate a private contractor if actual revenue fell below a specified threshold. Based on the analysis above, it is our opinion that legislation authorizing a city airport authority to offer minimum revenue guarantees to a private contractor would violate art. XIII, § 3 as it would obligate the airport authority to lend the credit of the state and place the airport authority in the position of a guarantor.

Sincerely,

Your letter states that the proposed minimum revenue guarantees would be funded through property taxes levied pursuant to Neb. Rev. Stat. § 3-504.02. Our determination whether the offering of guarantees would violate art. XIII, § 3 might be different if the funding source for the guarantees was non-state funds. For example, in a prior opinion, we stated the expenditure of federal funds received by the state would generally not be restricted by art. XIII, § 3. Op. Att'y Gen. No. 95034 (April 26, 1995). However we also pointed out that, if the state was placed in the position of a surety or guarantor as a term or condition of receiving the federal funds, the receipt and expenditure of federal funds under those conditions would still violate this constitutional prohibition.

"Closely related to the prohibition against the giving or lending of the state's credit, although technically not part of the prohibition . . . is the principle of law that public funds cannot be expended for private purposes." Haman at 721-22, 467 N.W.2d at 851. We will not discuss whether the proposed bill you describe would entail the expenditure of public funds for private purposes as the Court has also stated that the prohibition of art. XIII, § 3 "against the pledge of the state's credit does not hinge on whether the legislation achieves a 'public purpose', when the pledge benefits a private individual, association, or corporation." Id. at 722, 467 N.W.2d at 852. As we conclude that the legislation would run afoul of art. XIII, § 3, it is unnecessary to engage in a discussion of public purpose.

ATTORNEY GENERAL'S OPINIONS

Opinion 20-002

SUBJECT: Responsibility for Maintenance of the Part of a County Road Located on State Highway Right of Way

REQUESTED BY: Senator Julie Slama

WRITTEN BY: Douglas J. Peterson, Attorney General
Jeffery T. Schroeder, Assistant Attorney General

INTRODUCTION

You indicate you are considering introducing legislation to make the State of Nebraska, Department of Transportation ("State") responsible for the maintenance of the State highway "right of way." Based on prior discussions with you about this subject, we understand you are asking about the maintenance responsibility for any County road where it intersects with a State highway. Specifically, those discussions have been about whether the State or the County ("County") has the responsibility to maintain the part of any County road located on State highway right of way. You note there has been some disagreement and confusion about this issue between the State and certain County officials.

Your question does not pertain to the State's responsibility to maintain the traveled lanes of the State highway. As discussed below, the State is responsible for the traveled lanes, including the area of the "intersection." By statute, the intersection is the area within "the lateral boundary lines of the roadways of two or more highways which join one another at, or approximately at, right angles" or otherwise expressed as "the area within which vehicles traveling upon different highways joining at any other angle may come in conflict." Neb. Rev. Stat. § 39-101(4) (2016). The "roadway" is the part of a highway used for vehicular travel. Neb. Rev. Stat. § 39-101(11) (2016). The State is also responsible for maintaining any paved shoulder of the State highway since the shoulder is used in conjunction with the highway traveled lanes.

Although you have asked only about the maintenance responsibility for these segments of County roads, maintenance is only one of several duties applying to an entity assigned jurisdictional responsibility over a public road. The other duties, according to Neb. Rev. Stat. § 39-2105 (Cum. Supp. 2018), are design, construction, reconstruction, and operation. While this
opinion focuses on "maintenance," our conclusion also applies to these other duties. Further, when we refer to "maintenance" we mean "the act, operation, or continuous process of repair, reconstruction, or preservation of the whole or any part of any highway, including surface, shoulders, roadsides, traffic control devices, structures, waterways, and drainage facilities, for the purpose of keeping it at or near or improving upon its original standard of usefulness and safety." Neb. Rev. Stat. § 39-101(6) (2016).

You ask in your letter about the application of the provisions of Neb. Rev. Stat. § 39-1339 (2016) to this issue. Section 39-1339 does not apply because it deals expressly with the allocation of maintenance duties on the portions of State highways located within the corporate limits of a City. Similarly, Neb. Rev. Stat. § 39-1372 (2016) does not apply to your question because it relates solely to the assignment of maintenance responsibilities between the County and the State at County road intersections with State freeways, including the Interstate highway system. Thus, these sections do not assist in resolving the issue raised in your letter.

**BACKGROUND**

It may not be apparent to a casual observer where an intersecting County road first enters the State highway right of way. This is, in part, because the State typically blended the two roads together in the area of the intersection when the State reconstructed the State highway. To enhance the smoothness of the roadway transition when the County road was unpaved, the State usually paved a short transition from the highway pavement, called a paved return, to improve the connection between the roads. Further, roadway ditches and other topographic features were typically reconstructed to the extent necessary to create a relatively seamless intersection. The vast majority of State highways have been hard surfaced, and the majority of intersecting County roads are not hard surfaced. The State's long-standing interpretation and practice has been for the County, not the State, to be responsible for operating and maintaining the short County road segment discussed in this opinion. We understand some of your constituent Counties have argued the State should be responsible for "maintaining" all of the 50 to 75 feet of the County road located on State "right of way".

We are not aware of case law or an Attorney General's Opinion addressing this issue. There are a few Attorney General's Opinions that cite or discuss some of the statutory provisions set out below.¹ There is an Attorney General's Opinion that concluded that a County does not have authority to expend County funds to construct a street within the corporate limits of a City under a statute that expressly states the County has jurisdiction only over roads outside the corporate limits. 1977-78 Rep. Att'y Gen. 310 (Opinion No. 200, dated Feb. 24, 1978). Unlike that Opinion, there is no statute expressly limiting a County's jurisdiction in the area of a State highway intersection with a County road.

Fundamental to the development of an integrated system of public roads is a determination of the function each road segment serves. Through adoption by law of a functional classification system, it is the intent of the Legislature that each segment of public road shall be identified according to the function it serves. Identification of roads according to function then will permit the establishment of uniform standards of design, construction, operation, and maintenance for each classification of road. Such standards will promote the general safety of the traveling public, enhance the free flow of traffic, and provide improved utilization of highway financing.

Responsibility for the various functional classifications of public roads shall be assigned by law to the state, the counties, and the municipalities, as appropriate, such assignments reflecting the general responsibilities of each entity.

Under Neb. Rev. Stat. § 39-2105(1) (Cum. Supp. 2018), the State has been assigned jurisdictional responsibility for the "design, construction, reconstruction, maintenance, and operation" of "all roads" that are functionally classified as "interstate, expressway, and major arterial." Major arterials, according to § 39-2103(3), are highways used for "high-speed, relatively long-distance travel patterns." Section 39-2105(2) states the various counties have jurisdictional responsibility for "all roads" functionally classified as "other arterial, collector, local, minimum maintenance, and remote residential." Section 39-2103(5) describes "other arterial" roads as "highways of less importance as through travel routes which would serve places of smaller population . . . not served by the higher systems." According to these provisions, jurisdictional responsibility for rural roads is assigned based on the function served by each classification, not the ownership status of the property on which the rural road is located.

The Legislature provided each functional classification of rural road should have its own unique standards. In the 1960s and 1970s, the
legislature created the Nebraska Board of Public Roads Classifications and Standards ("Board") and required the Board to "develop minimum standards of design, construction, and maintenance for each functional classification set forth in section 39-2103." Neb. Rev. Stat. § 39-2113(1) (Supp. 2019). The Legislature directed "such standards shall be such as to assure that each segment of highway, road, or street will satisfactorily meet the requirements of the area it serves and the traffic patterns and volumes which it may reasonably be expected to bear." Id. The design and maintenance standards were developed and continue to apply today to the through traffic "major arterials" (State Highways) and are more stringent than the standards applying to the functional classifications for which the Counties are responsible. See 428 Neb. Admin. Code, ch. 2.

ANALYSIS

Although no single statute provides the answer to your question, we believe the collection of statutes on this subject create a framework from which the issue can be resolved. The Nebraska Supreme Court has stated:

In discerning the meaning of a statute, a court must determine and give effect to the purpose and intent of the legislature as ascertained from the entire language of the statute considered in its plain, ordinary and popular sense, it being the court's duty to discover, if possible, the Legislature's intent from the language of the statute itself. Curry v. State, ex rel. Stenberg, 242 Neb. 695, 496 N.W.2d 512 (1993). The components of a series or collection of statutes pertaining to a certain subject matter may be conjunctively considered and construed to determine the intent of the Legislature so that different provisions of an act are consistent, harmonious, and sensible. Maack v. School Dist. of Lincoln, 241 Neb. 847, 491 N.W.2d 341 (1992).

Becker v. Nebraska Acct. & Disclosure Comm., 249 Neb. 28, 33, 541 N.W.2d 36, 40 (1995). As explained below, we conclude this statutory framework should be construed to place responsibility for maintaining the part of the County road located on State right of way on the County.

The integrated system the Legislature created in 1969 requires that every public road be evaluated to determine what function it serves for the public. All public roads serving the same function are grouped in the same functional classification. The Legislature determined the State would be assigned the jurisdictional responsibility for "public roads" in functional classifications serving statewide interests. Those functional classifications are "interstate, expressway and major arterial." Neb. Rev. Stat. § 39-2105(1) (Cum. Supp. 2018). These classifications are the through traffic routes providing high speed direct connections between the various communities in Nebraska and connecting Nebraska to surrounding States. See also Neb. Rev. Stat. § 39-2105(3) (Cum. Supp. 2018). Further, the applicable design and maintenance standards reflect the interests of the high speed, long distance traveling public.
Similarly, the Legislature assigned to the Counties jurisdictional responsibility for the public roads in functional classifications serving more local interests. The Counties are responsible for the roads classified as "other arterial, collector, and local." Neb. Rev. Stat. § 39-2105(2) (Cum. Supp. 2018). These roads serve many important local functions such as (a) providing access to all rural parcels of land, (b) serving as a route for rural mail delivery, and (c) providing rural connections to local schools, markets and communities. The applicable design and maintenance standards are unique to these roads and reflect the type of traffic expected to travel along such roads.

The Legislature did not focus on which public entity owned the rights of way on which the various classifications of roads exist. Instead, the Legislature assigned jurisdictional responsibility between the State and the Counties based on the transportation function served by each classification of road. We understand it is somewhat common for a road of the State, County or City to be located on public property owned by one of the other governmental entities. For example, some State highways have been constructed on County road easements along a government section line. Similarly, when the State completes a major reconstruction of a highway, it sometimes needs to realign an intersecting County road to connect into the State highway at a safer location. In those instances, the realigned County road is located on property acquired by the State. Finally, in some communities, the State highway passing through town today occupies a dedicated City street right of way. Responsibility for maintenance in these instances is not related to who “owns” the right of way.

Construing the statutes establishing Nebraska's integrated system of public roads as a whole, we conclude that the State is responsible for maintenance of the major arterial rural highways regardless of which entity owns the property rights on which those highways are located. Counties, in turn, are responsible for the operation and maintenance of all parts of the County road right up to the paved highway or paved highway shoulder.

CONCLUSION

Nebraska's statutes do not expressly state who is responsible for the maintenance of the part of a County road located on State highway property because jurisdictional responsibility is not based on who owns the land under the highway or road. For the reasons stated above, we concluded that the State is responsible for maintenance of the major arterial rural highways regardless of which entity owns the property rights on which those highways are located. The County is responsible for the maintenance, and other duties, of all of a County road, even the portion located on State highway property, regardless of which entity owns the underlying property rights. This conclusion is consistent with the Legislature's intent to create an integrated system of public roads.
INTRODUCTION

You have requested an opinion from this office concerning the constitutionality of LB 992. Sections 1 to 5 of LB 992 would be known as the Broadband Internet Service Infrastructure Act ["BISIA" or the "Act"]. You describe the bill as allowing an electric utility that holds an electric utility easement, or a commercial broadband supplier designated by the electric utility, to take certain actions without the consent of an interest holder in the real property subject to the easement. The Act would require that notice be provided thirty days prior to taking action with regard to broadband service to the real property owner or other interest holders that have requested notice. It would also establish a two year statute of limitations for claims against an electric utility or commercial broadband supplier and set forth the measure of damages for such claims.

Your specific question is "are the notice provisions relating to due process and the limitation of damages that could be awarded to a property owner constitutional in light of Article 1, Section 3 of the Nebraska constitution . . . ."
ANALYSIS

I. Provisions of LB 992

You have introduced LB 992 to implement the recommendations of the Rural Broadband Task Force. Section 1 of LB 992 states that sections 1 to 5 of the act constitute the Broadband Internet Service Infrastructure Act. Section 6 of the act, while not part of the BISIA, expresses the intent of the Legislature "to encourage local and regional broadband planning, and to encourage public-private partnerships to enhance broadband services in unserved and underserved areas of the state." It appears that the general intent of the BISIA is to facilitate the use of existing electric utility easements to provide commercial broadband service.

Specifically, subsection (1) of section 3 provides that, if certain notice and filing requirements are met, an electric utility holding an electric utility easement may:

(a) Install, maintain, or own, or permit any commercial broadband supplier to install, maintain, or own, an attached facility for operation by a commercial broadband supplier in providing commercial broadband service; and
(b) Lease or otherwise provide to a commercial broadband supplier any excess capacity of attached facilities for purposes of providing commercial broadband service.

An "attached facility" is defined at section 2 of LB 992 to mean a broadband facility located substantially "aboveground and attached to an electric utility's electric service infrastructure" or "underground in an electric utility easement and existing before the delivery of notice pursuant to section 3 . . . ."

The electric utility may take the actions described above without the consent of an interest holder in the real property subject to the electric utility easement. However, in order to do so, subsection (2) of section 3 requires that the electric utility or its designated commercial broadband supplier must first send notice to each property owner and to any other interest holder that has recorded a request for notice with the county clerk. That notice must be sent by certified mail at least thirty days before taking the actions described in subsection (1) of section 3. In addition, the electric utility or its designated commercial broadband supplier must record a memorandum in the office of the county clerk.

Section 4 provides a two year statute of limitations for claims brought by an interest holder against an electric utility or commercial broadband supplier concerning the exercise of an action under section 3 of the act. That statute of limitations does not apply to claims based on physical
Section 4 also contains provisions relevant to your inquiry about damages. As will be discussed below, subsection (3) pertains to the measure of damages for all trespass claims, inverse condemnations claims or other claims brought by interest holders and sets out some limitations on damages which may be recovered.

II. Article I, § 3 And Article I, § 21

You have inquired about Neb. Const. art. I, § 3 which provides: "No person shall be deprived of life, liberty, or property, without due process of law, nor be denied equal protection of the law." The answer to your questions also concerns Neb. Const. art. I, § 21 which provides: "The property of no person shall be taken or damaged for public use without just compensation therefor." This provision is often referred to as the "takings" clause. A like guarantee is found at U.S. Const. amend. XIV which provides, as is relevant: "No person shall … be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation." We note that the protection afforded a property owner under the Nebraska Constitution is broader than that provided in the United States Constitution as it protects against state action taking or damaging private property. For purposes of this opinion, we will discuss these constitutional provisions together.

We begin with a general discussion of eminent domain. The Nebraska Supreme Court, referring to Thompson v. Heineman, 289 Neb. 798, 857 N.W.2d 731 (2015), described eminent domain as follows:

Eminent domain is the State's inherent power to take private property for a public use. The State's eminent domain power resides in the Legislature and exists independently of the Nebraska Constitution. But the constitution has limited the power of eminent domain, and the Legislature can limit its use further through statutory enactments. Under Neb. Const. art. I, § 21, the State can take private property only for a public use and only if it pays just compensation. Only the Legislature can authorize a private or public entity to exercise the State's power of eminent domain. Estermann v. Bose, 296 Neb. 228, 240, 892 N.W.2d 857, 867 (2017) (citations omitted).

The state's power of eminent domain may be delegated by the Legislature. Eminent domain power "belongs to the state and may be exercised either directly by the Legislature or through the medium of corporate bodies, which includes municipalities, or of individual enterprises to whom it sees fit to delegate such power in the public's interest." In re Condemnation of Blocks 13, 14, 15, Koehler's Subdivision, City of Grand Island, 144 Neb. 67, 69, 12 N.W.2d 540, 541 (1943). As noted by the Nebraska Supreme Court in Estermann, the Legislature has delegated the power of eminent domain to
natural resource districts, which are political subdivisions of the state. *Id.* at 240, 892 N.W.2d at 867. Private entities, such as railroads, have also been delegated the statutory authority to acquire land through eminent domain. *Burlington Northern and Santa Fe Ry. Co. v. Chaulk*, 262 Neb. 235, 631 N.W.2d 131 (2001) ["Burlington Northern"].

LB 992 concerns existing electrical utility easements held by an electric utility. LB 992, § 2(4). The takings clause applies to takings of real property, including easements. *In re Petition of Omaha Public Power District*, 268 Neb. 43, 680 N.W.2d 128 (2004) (public power district filed a petition for condemnation to condemn a permanent right-of-way easement to construct an electric powerline); *Liberty Development Corp. v. Metropolitan Utilities Dist. Of Omaha*, 276 Neb. 23, 751 N.W.2d 608 (2008).

Finally, under art. I, § 21, any private property which is taken must be taken for a public use. "It is essential that property taken under the power of eminent domain be for a public use and not a private one." *Burlington Northern*, 262 Neb. at 242, 631 N.W.2d at 137. However, the definition of public use is a broad one. The use of the power of eminent domain to build public highways, to acquire land for public buildings or to install electrical and telephone lines are examples of public uses. It has long been held that the generation and transmission of electricity for the purpose of furnishing electrical power to the public is a public use for which the power of eminent domain may be exercised. *Lucas v. Ashland Light, Mill & Power Co.*, 92 Neb. 550, 138 N.W. 761 (1912). In our view, broadband service has become as essential a part of the infrastructure as electrical and telephone service and the provision of broadband service to the public would be found to constitute a public use.

**III. Due Process In The Context of Eminent Domain**

You have inquired whether the notice provisions of LB 992 are constitutional in light of Neb. Const. art. I, § 3, which mandates that no person shall be deprived of property without due process of law. Because you have referred to the notice provisions, we assume you are referring to the principle of procedural due process which generally entails notice and an opportunity for a hearing. However, due process does not guarantee any particular form or method of procedure in the context of eminent domain, and, in some situations, it may be sufficient that the landowner has an opportunity for a hearing on the issue of just compensation.

Specifically, if eminent domain authority is exercised without first instituting condemnation proceedings, a landowner may file a claim for inverse condemnation. "Inverse condemnation is a shorthand description for a landowner suit to recover just compensation for a governmental taking of the landowner's property without the benefit of condemnation proceedings." *Cappel v. State Department of Natural Resources*, 298 Neb. 445, 452, 905 N.W.2d 38, 46 (2017). "While the property owner cannot
compel the return of the property taken, because of the eminent domain power of the condemnor, he has a constitutional right, as a substitute, to just compensation for what was taken."

Krambeck v City of Gretna, 198 Neb. 608, 614, 254 N.W.2d 691, 695 (1977). And, the Nebraska statutes which set forth the procedures applicable to eminent domain actions recognize that a landowner may initiate the proceedings. "If any condemnor shall have taken or damaged property for public use without instituting condemnation proceedings, the condemnee, in addition to any other available remedy, may file a petition with the county judge of the county where the property or some part thereof is situated to have the damages ascertained and determined." Neb. Rev. Stat. § 76-705 (2018).

The Court did find a violation of due process in an inverse condemnation case brought by the owner of an unoccupied home which had been demolished by the city. Blanchard v. City of Ralston, 251 Neb. 706, 559 N.W.2d 735 (1997). There, a notice posted on the house which gave Blanchard three days to remedy the unsafe home and ten days to appeal the decision to demolish was insufficient. The Court noted that three days was not a reasonable time to take necessary steps to make the house safe and that the notice failed to adequately notify Blanchard of the City's safety concerns. In addition, although a notice of appeal was filed by the property owner, demolition of the home began prior to the time of the hearing. However, in general, when there has been a deprivation of a significant property interest, "due process requires notice and an opportunity to be heard that is appropriate to the nature of the case." Prime Realty Development, Inc. v. City of Omaha, 258 Neb. 72, 76, 602 N.W.2d 13, 16 (1999) (emphasis added). And, in May v. City of Kearney, 145 Neb. 475, 17 N.W.2d 448 (1945), the Court upheld a statutory scheme which provided for limited hearings on the issue of just compensation.

Here, LB 992 provides that an electric utility with an existing electric utility easement may install, maintain, or own an attached facility, or lease excess capacity of attached facilities for purposes of providing commercial broadband service only if, at least thirty days before taking action, it mails notice to each property owner and to any other interest holder that has recorded a request for notice in the office of the county clerk. LB 992 § 3(2). This notice provision appears adequate under the Nebraska cases discussed above. The bill also recognizes that an interest holder may bring a claim against an electric utility or a commercial broadband supplier after that entity has taken action pursuant to section 3. Section 4 refers to a statute of limitations for claims against the electric utility or commercial broadband supplier, specifies the measure of damages which may be awarded to an interest holder, and refers to that interest holder bringing "a trespass claim, inverse condemnation claim, or any other claim or cause of action." Therefore, although there is no requirement under LB 992 that the electric utility first institute condemnation proceedings, a landowner or other interest holder retains the right to initiate proceedings and to be heard.
IV. Damages Pursuant to LB 992

You also inquire about the constitutionality of LB 992's limitation of damages that a landowner may request. LB 992, § 4(3) contains several provisions which would govern the damages which may be awarded to a landowner or other interest holder. The measure of damages is defined at § 4(3)(a) as "the fair market value of the reduction in value of the interest holder's interest in the real property." This compares to the Nebraska Supreme Court's holding that "the measure of damages for the taking of an easement is the difference in the reasonable market value of the property before and after the taking of the easement." In re Petition of Omaha Public Power District, 268 Neb. 43, 51, 680 N.W.2d 128, 136 (2004) (citing Ward v. Nebraska Electric G. & T. Co-op, Inc., 195 Neb. 641, 240 N.W.2d 18 (1976)).

However, § 4(3)(a)(i) then provides that neither evidence of profits or revenue derived from the attached facilities nor evidence of the rental value of the real property interest or electric easement are admissible in a judicial proceeding. Section 4(3)(a)(ii) requires that "[c]onsideration must be given to any increase in value to the real property interest resulting from the availability of commercial broadband service to the real property ...." Section 4(3)(c) provides further restrictions on damages, including the provision that "an interest holder is not entitled to reimbursement … for the cost of any appraisal, attorney fees, or award for special, consequential, indirect, or punitive damages." Also, currently, a landowner who prevails in an inverse condemnation action would generally be entitled to an award of costs and expenses, which may include reasonable attorney's, appraisal, and engineering fees. Neb. Rev. Stat. § 76-726 (2018).

To the extent that LB 992 places these restrictions on damages that may be recovered, it creates some uncertainty whether the bill is consistent with the constitutional requirement of just compensation. We cannot say that the damages limitations are facially invalid. However, as applied in a particular case, the limitations may not satisfy the just compensation requirement of art. I, § 21.

CONCLUSION

In summary, we do not believe that the proposed legislation would contravene the procedural due process requirements required by Neb. Const. art. I, § 3. LB 992 does require notice to landowners and interest holders and provides an opportunity for a hearing. While the constitutionality of the bill's limitations on damages is less clear, we cannot say those provisions plainly violate Neb. Const. art. I, § 3 or art. I, § 21.

Sincerely,
DOUGLAS J. PETERSON
Attorney General

Assistant Attorney General
1 LB 992, § 4(1)(a) provides a two year period for bringing a claim against an electric utility or commercial broadband supplier under the Act. Section 4(1)(b) provides that this two year statute of limitations does not apply to claims based on physical damage to property, injury to natural persons or breach of the terms of a written electric easement. While you have not inquired about the statute of limitations, we note that the Nebraska Supreme Court has held that actions commenced under art. I, § 21 are governed by the ten year statute of limitations in Neb. Rev. Stat. § 25-502 (2016). Krambeck v. City of Gretna, 198 Neb. 608, 254 N.W.2d 691 (1977). An exception is an inverse condemnation claim against the State for which the two year statute of limitations in Neb. Rev. Stat. § 25-218 applies. LB 992 would provide another exception.

2 LB 992 is based on a bill enacted by Colorado in 2019 and codified at Colo. Rev. Stat. §§ 40-15-601 to 40-15-604. The Colorado statutes include notice and damages provisions substantially similar to those in LB 992. Indiana adopted similar changes in its laws in 2017. Ind. Code §§ 32-30-16-1 to 32-30-16-17. Other states which adopted laws in 2019 to facilitate the use of existing electric easements for broadband purposes include Georgia and Maryland. Ga. Code Ann. § 46-3-205; Md. Code Ann. Corp. & Ass'n's § 5-607 and § 5-641.1. Because these statutes were enacted so recently, we have not found any reported decisions pertaining to the constitutionality of their notice and damages provisions.

Opinion 20-004

SUBJECT: LB 720 — Constitutionality of Delegating Authority to Approve a Request to Exceed the Base Authority for Tax Refunds and Credits Under the ImagINe Nebraska Act to the Executive Board of the Legislative Council

REQUESTED BY: Senator Tom Brandt
Senator Mark Kolterman
Nebraska State Legislature

WRITTEN BY: Douglas J. Peterson, Attorney General
Leslie S. Donley, Assistant Attorney General

Legislative Bill 720 creates the "ImagiNE Nebraska Act" ("Act"), the proposed successor to the Nebraska Advantage Act. The new Act would provide, among other things, tax incentives to certain qualified businesses. The Department of Economic Development ("DED") would administer the
Act. You have each requested an opinion from this office with respect to the constitutionality of certain provisions in LB 720 that confer on the Executive Board of the Legislative Council the authority to approve an increase to the "base authority" for sales and use tax refunds and tax credits. Senator Kolterman seeks our opinion as to whether the language in the bill violates the separation of powers clause in Neb. Const. art. II, § 1. Senator Brandt has asked this office to consider whether this statutory scheme constitutes an unlawful delegation of legislative power to the Executive Board. Our conclusions on these questions are set forth below.

PROPOSED LEGISLATION

The provisions at issue are currently found in section 4 of AM1975, adopted by the Legislature on select file on May 24, 2019. Almost identical language appears in section 39 of pending AM2207. The proposed language requires the DED to prepare an estimate of the amount of sales and use tax refunds to be paid and tax credits to be used under the Act for the upcoming three calendar years. DED must prepare the estimate on or before the fifteenth day of February and October of each year, and transmit the estimate to the Legislature. In preparing the estimate, DED shall use the most recent data available, including pending and approved applications, and updates required under section 28, subdivision (1)(f).

The "base authority" for the estimated amount of tax refunds and credits is defined as an amount equal to one hundred twenty-five million dollars for calendar years 2021 through 2024. Beginning with calendar year 2025 and every three years thereafter, the director shall adjust the base authority to an amount equal to three percent of the actual General Fund net receipts for the most recent fiscal year for which such information is available.

Sec. 39(2)(b). In the event the estimate in any given calendar year exceeds the base authority, DED must prepare an analysis explaining why the estimate exceeds the base authority and submit it to the Legislature. The DED director is prohibited from approving any additional applications which include refunds or credits for the particular calendar year in which the base authority is projected to be exceeded unless the DED director requests additional authority and the Executive Board approves the request. Sec. 39(2)(a)(i) and (ii).

Sec. 39(2)(c) sets out a process to be used by the Executive Board in making its determination, including holding a public meeting on the request. If the Executive Board fails to make a determination within forty-five days after receipt of the request, the request will be deemed approved. The Executive Board must also consider whether approval of the requested increase would achieve certain criteria contained in the bill, e.g., "[p]romot[ing] economic development in line with the state's economic development strategy" and "investment in distressed and rural areas[.]"
DISCUSSION

I. Executive Board of the Legislative Council

Since the delegation in question is directed to the Executive Board of the Legislative Council, we will begin by examining the organization and duties of these entities.

A. Legislative Council

Neb. Rev. Stat. § 50-401 (2010) establishes a Legislative Council, hereinafter referred to as council, which shall consist of all of the members of the Legislature. It shall be the function of the Legislative Council to consider legislative policies between sessions of the Legislature and carry out the duties imposed by section 50-402.

Neb. Rev. Stat. § 50-402 (2010) authorizes the Legislative Council to collect information about state government and the state's general welfare; examine the effect of statutes and recommend amendments; address important issues of public policy; prepare a program of legislative bills deemed necessary for the welfare of the state; study and advise the Legislature on federal aid to state and local governmental entities; establish and maintain a bill drafting service; provide for the publication of Nebraska statutes; and set up subcommittees within the Executive Board to carry out certain functions, including investigations, determined to be in the public interest.

B. Executive Board

Neb. Rev. Stat. § 50-401.01 (Cum. Supp. 2018) establishes the Executive Board of the Legislative Council, comprised of a chairperson, a vice-chairperson, six members of the Legislature and the Speaker of the Legislature. The members serve a two-year term, and are selected at the beginning of each regular session of the Legislature when the speaker is chosen. The chairperson of the Appropriations Committee serves as an ex officio member when the Executive Board considers fiscal matters. The duties of the Executive Board include supervising all services and personnel of the Legislature, and appointing the Legislative Fiscal Analyst, Director of Research, Revisor of Statutes, and Legislative Auditor. Section 50-401.01(3) authorizes the Executive Board—notwithstanding any other provision of law—to contract for "legal, auditing, accounting, actuarial, or other professional services or advice for or on behalf of the executive board, the Legislative Council, the Legislature, or any member of the Legislature." Members of the Executive Board also serve as the Reference Committee. Rules of the Nebraska Unicameral Legislature, Rule 3, Sec. 4(e) (adopted January 23, 2019).
This office has previously indicated that the Legislative Council and the Executive Board are not separate entities. "[They] are creatures of the Legislature. Members serve in those capacities by virtue of the fact that they are members of the Legislature. These bodies are standing committees of the Legislature, created by law. As such they are not distinct and separate from the Legislature but merely a part of the Legislature itself." Op. Att'y Gen. No. 50 (March 13, 1981) at 2; see also Op. Att'y Gen. No. 49 (March 16, 1981); Op. Att'y Gen. No. 92054 (April 1, 1992). Thus, the Executive Board "can perform investigatory and other functions for the Legislature so long as [it does] not perform duties specifically required of the Legislature itself in the Nebraska Constitution." Op. Att'y Gen. No. 92054 at 3; Op. Att'y Gen. No. 96027 (April 1, 1996).

II. Separation of Powers Clause

Neb. Const. art. II, § 1(1) provides that

"The purpose of the clause is to establish the permanent framework of our system of government and to assign to the three departments their respective powers and duties, and to establish certain fixed principles upon which our government is to be conducted." State v. Phillips, 246 Neb. 610, 614, 521 N.W.2d 913, 916 (1994). "The powers of the three departments of government are derived from express grants in the Constitution and from the inherent right to accomplish all objects naturally within the orbit of each department, not expressly limited by the existence of a similar power elsewhere or express limitations in the Constitution." State ex rel. Veskrna v. Steel, 296 Neb. 581, 597, 894 N.W.2d 788, 799-800 (2017). "The language of article II prohibits one branch of government from encroaching on the duties and prerogatives of the others or from improperly delegating its own duties and prerogatives." State ex rel. Spire v. Conway, 238 Neb. 766, 773, 472 N.W.2d 403, 408 (1991). "Our constitution, unlike the federal Constitution and those of several other states, contains an express separation of powers clause. So we have been less willing to find overlapping responsibilities among the three branches of government." In re Nebraska Community Corr. Council, 274 Neb. 225, 229, 738 N.W.2d 850, 854 (2007); Polikov v. Neth, 270 Neb. 29, 699 N.W.2d 802 (2005).

This office has previously considered the propriety of legislation that purports to extend executive power to the legislative branch. In Opinion No. 22 (February 26, 1963), the Attorney General assessed the constitutionality of legislation that would require state agencies to obtain legislative approval and authorization prior to any construction, building and land purchases or expenditures from the State Institutional and Military Department Building
Fund. Also at issue was legislation that would require the consent of the Legislature, rather than the governor, for the acquisition of real property by the Game, Forestation and Parks Commission. We stated that

[w]hile the Legislature has the power and authority to decide all of these matters before making any appropriation, or before granting any authority, yet if it seeks to retain control by inserting in its laws and bills the requirement that no action be taken or money spent until subsequent approval of the Legislature be granted, then it is in effect, both making the law and administering it, appropriating the money and spending it, and the constitutional system of separation of powers would be destroyed.

What would be the situation if amendment to the bills were made to allow the Legislative Council or a committee of the Legislature to exercise this power of approval when the Legislature is not in session? Such bodies would not have any authority to pass laws or to make resolutions as does the Legislature. Any exercise of this attempted delegated authority would clearly be executive in its nature, substituting the discretion of the council or a committee for that of the executive. That this may not be done is self-evident. If the Legislature may not do it, certainly any group or committee of the Legislature may not do it.

Id. at 38 (emphasis in original).

In Op. Att'y Gen. No. 53 (March 24, 1977), we considered legislation that would require the Game and Parks Commission to obtain the approval of the Legislature's Appropriations Committee for any planned expenditures from the Nebraska Outdoor Recreation Development Cash Fund. In finding the proposal to be constitutionally suspect to the extent it gave the Appropriations Committee veto power over executive decisions, we concluded:

If the [statutory] construction suggested above were adopted, it would be an attempt to administer an executive function by a committee of the Legislature. The committee would be empowered to review and reject executive decisions regarding particular expenditures. While the Legislature is fully authorized to limit executive choices by appropriate restrictions through enactment of statutes, once a statute is enacted or an appropriation made the Legislature has no further authority.

Id. at 1. In response to whether the proposed approval required the acquiescence of the entire Legislature, we indicated that it was irrelevant to the question of whether the separation of powers provision has been violated. "[I]f the bill is construed to reflect an intention by the Legislature to pass on each item of expenditure, either by the body as a whole or by a committee of the Legislature, Article II, Section 1 . . . is violated and the act would be unconstitutional." Id. at 2.
In Op. Att'y Gen. No. 87114 (December 9, 1987), the Attorney General considered the propriety of a proposed plan for the disbursement of money from the Nebraska Energy Settlement Fund. The legislation required the governor to develop a plan in accordance with the court order awarding the funds, applicable federal guidelines, and legislative guidelines contained in the bill, and submit the plan to the Legislature. The Appropriations Committee was then required to hold a public hearing and consider appropriations based on the plan. No money could be disbursed or expended from the fund without a legislative appropriation and only when in compliance with the legislative guidelines.

We concluded that the proposed disbursement procedure violated art. II, § 1. We stated that

[t]he Legislature is, in essence, requiring legislative approval before expenditure of the funds. The fact that the bill is written in terms of legislative approval for the appropriation does not alter the clear intent of the act requiring legislative approval for the expenditure. The Legislature is in effect attempting to both make the law and administer it; appropriate money, and spend it. This is a violation of the separation of powers article of the Constitution of the State of Nebraska.

In short, LB 683 is unconstitutional because it impinges on the executive power of the Governor to administer the funds involved.

_Id._ at 3.

In Op. Att'y Gen. No. 92054 (April 1, 1992), we considered proposed legislation that would require the state building administrator to submit a detailed report to the Executive Board analyzing the estimated costs to renovate an office building at the Norfolk Regional Center. The language required the Executive Board to determine whether the project should be completed in the event the estimated costs exceeded the appropriation provided in the bill. Relying on previous opinions of this office, including Opinion No. 22 and Opinion No. 87114 discussed above, we concluded that the proposed amendment was constitutionally suspect. We stated:

AM3692 would appropriate money for renovation of the Stone Office Building. However, after the appropriation, the Executive Board of the Legislative Council would still retain some control over completion of the project. In our view, this continued control impermissibly involves the Legislature in functions of the Executive branch of government. Any decision as to whether the renovation project should be completed if its costs overrun the appropriation should be left to the executive agency involved, since the determination if other funds are available or if there are other means to complete the project is really an executive function.

No. 96027 (April 1, 1996) (Proposed amendment that would require the Executive Board to approve any state contract relating to the sale of public records for a fee, when the fee contemplated is greater than allowed under state law or otherwise free, determined to violate the separation of powers provision).³

"[T]he Legislature exercises a power constitutionally committed to it by enacting statutes to declare what is the law and public policy." State ex rel. Veskerna, 296 Neb. at 598, 894 N.W.2d at 800. "The supreme executive power shall be vested in the Governor, who shall take care that the laws be faithfully executed and the affairs of the state efficiently and economically administered." Neb. Const. art. IV, § 6. AM2207 currently sets the base authority at one hundred twenty-five million dollars for calendar years 2021 through 2024, and "three percent of the actual General Fund net receipts for the most recent fiscal year for which such information is available" beginning in 2025, and every three years thereafter. The DED director is expressly prohibited from approving any applications involving refunds and credits when the estimate for a particular year exceeds the base authority unless the director requests and receives approval from the Executive Board to increase the authority. It seems to us that the continued presence and control of the Legislature in the administration of the Act constitutes an impermissible encroachment into executive power. While the Legislature is empowered to declare what the law is, it cannot reserve to itself the authority to administer the law as well.⁶ Consequently, we conclude that the proposed legislation violates the separation of powers provision in art. II, § 1.

III. Delegation of Legislative Authority

We are unaware of any Nebraska Supreme Court cases that consider the nondelegation doctrine in conjunction with the Executive Board. However, courts in other jurisdictions have addressed the constitutionality of statutes where the delegation in question was made to legislative committees. For example, in New York Public Interest Research Group, Inc. v. Carey, 86 Misc.2d 329, 383 N.Y.S.2d 197 (N.Y. Sup. Ct. 1976), a taxpayers' group sought to restrain the governor and comptroller from retaining and paying certain officeholders on the grounds that legislative committees had recommended that such positions and programs be abolished. The court noted that "the Constitutional function of legislating which belongs
exclusively to the Legislature cannot be delegated even to its own committees or committee chairmen.” Id. at 332, 383 N.Y.S.2d at 199. Since the appropriations bill funding the positions and programs was passed in lump sum form, and because the full Legislature had not specifically designated that the positions and programs be deleted in the bill, the court found that the recommendations of the legislative committees to abolish the positions and programs was ineffectual. Id. at 333-334, 383 N.Y.S.2d at 200.

In Opinion of the Justices, 121 N.H. 552, 431 A.2d 783 (N.H. 1981), the New Hampshire Supreme Court considered legislation that would authorize the Legislature to review and accept or reject administrative rules proposed by state agencies. The legislation required that the proposed rules be presented to standing committees of both houses for approval. However, the senate president and house speaker could agree to waive the committee approval requirement. The court found the statutory scheme unconstitutional, stating:

This wholesale shifting of legislative power to such small groups in either house cannot fairly be said to represent the "legislative will." . . . Left unstated, yet implicit in this constitutional scheme, is the requirement that the legislative authority of the government may be exercised only by a quorum of the two bodies of the General Court. Although the legislature may delegate a portion of the legislative authority to an administrative agency which is not subject to this requirement, it may not delegate its lawmaker authority to a smaller legislative body and thereby evade the requirement for action by a majority of a quorum of both legislative bodies.

Id. at 559-560, 431 A.2d at 788.

In Advisory Opinion In re Separation of Powers, 305 N.C. 767, 295 S.E.2d 589 (N.C. 1982), the North Carolina Supreme Court considered the constitutionality of legislation establishing two joint legislative committees—one committee to control budget transfers and another to oversee all aspects of the acceptance and use of federal block grant funds, specifically when the General Assembly was not in session. Noting that the North Carolina Constitution vested the legislative power of the state in the General Assembly, the court found that the purported power given to the budget committee, comprised of twelve members of the house and senate, plus the senate president, "exceeds that given to the legislative branch by Article II of the Constitution." Id. at 775, 295 S.E.2d at 594. The court further found the statute creating the budget committee violated the separation of powers clause by encroaching on the constitutional duties and responsibilities imposed on the governor. Id. at 775-776, 295 S.E.2d at 594. While the court declined to address whether the General Assembly had the authority to determine whether the state would accept certain block grants and, if received, how to spend the funds, it made it clear that the committee had no power to do so:
It is our considered opinion that the General Assembly may not delegate to a legislative committee the power to make those decisions.

In several of the instances set forth in G.S. 120-84.5 the committee would be exercising legislative functions. In those instances there would be an unlawful delegation of legislative power. In the other instances the committee would be exercising authority that is executive or administrative in character. In those instances there would be a violation of the separation of powers provisions of the Constitution and an encroachment upon the constitutional power of the Governor.

Id. at 779, 295 S.E.2d at 596.

Finally, in Legislative Research Comm’n v. Brown, 664 S.W.2d 907 (Ky. 1984), the Kentucky Supreme Court considered the constitutionality of statutes conferring powers on the Legislation Research Commission ("LRC"), a group comprised of six members of the Kentucky General Assembly. The court noted the provisions in the Kentucky Constitution vesting and restricting legislative power solely to the General Assembly. It further noted that "[i]n Bloemer v. Turner, . . . we declared that the Kentucky Constitution ' . . . made sure that the legislature may not in any degree abdicate its power.' Id. at 915. Moreover, "[i]t is an accepted principle that 'the legislative department has no right to deputize to others the power to perform its governing functions.'" Id., quoting Bloemer, 137 S.W.2d at 391. In finding that the General Assembly could not delegate its authority to legislate to the LRC, the court stated:

It is clear from the aforementioned cases that delegation, of legislative power, to be lawful, must not include the exercise of discretion as to what the law shall be. In addition, such delegation must have standards controlling the exercise of administrative discretion. Finally, the delegating authority must have the right to withdraw the delegation.

Therefore, we conclude that the General Assembly, which constitutionally holds legislative power, cannot delegate that power to the LRC.

664 S.W.2d at 915.

In Nebraska, "[t]he legislative authority of the state shall be vested in a Legislature consisting of one chamber." Neb. Const. art. III, § 1. "[N]o law shall be enacted except by bill. No bill shall be passed by the Legislature unless by the assent of a majority of all members elected and the yeas and nays on the question of final passage of any bill shall be entered upon the journal." Neb. Const. art. III, § 13. As currently drafted, AM2207 requires the approval of the Executive Board to exceed the amount of the base authority otherwise prescribed in the Act. In light of the constitutional provisions and the authority discussed above, we believe this legislation constitutes an unconstitutional attempt by the Legislature to delegate
legislative authority to the Executive Board. If the Legislature believes the base authority should be increased annually to accommodate the tax refunds and credits allowed under the Act, it may do so by appropriate legislation. Alternatively, the Legislature may delegate the power to adjust the base authority to executive officials, provided that reasonable limitations and standards for carrying out the delegated duties are stated in the authorizing act.

CONCLUSION

Based on the foregoing analysis, it is our opinion that any proposed legislation that would require the DED director to obtain approval of the Executive Board to increase the base authority necessary to administer certain provisions of the ImagiNE Nebraska Act would constitute an impermissible encroachment on executive power in violation of the separation of powers provision in Neb. Const. art. II, § 1. We also conclude that any attempts by the Legislature to delegate its legislative function to a subset of the full Legislature would be an unlawful delegation of the authority vested in the Legislature under Neb. Const. art. III, § 1.

4 71-1912 (1) Before issuance of a license, the department shall
5 investigate or cause an investigation to be made, when it deems
6 necessary, to determine if the applicant or person in charge of the
7 program meets or is capable of meeting the physical well-being, safety,

1 1. Strike the original sections and all amendments thereto and
2 insert the following new sections:
3 Section 1. Section 71-5716, Reissue Revised Statutes of Nebraska, is
4 amended to read:
5 71-5716 Sections 71-5716 to 71-5735 and sections 4 and 5 of this act
6 shall be known and may be cited as the Nebraska Clean Indoor Air Act.
7 Sec. 2. Section 71-5717, Reissue Revised Statutes of Nebraska, is
8 amended to read:
9 71-5717 The purpose of the Nebraska Clean Indoor Air Act is to
10 protect the public health and welfare by prohibiting smoking in public
11 places and places of employment with limited exceptions for guestrooms
12 and suites, research, tobacco retail outlets, electronic smoking device
13 retail outlets, and cigar shops. The limited exceptions permit smoking in
14 public places where the public would reasonably expect to find persons
15 smoking, including guestrooms and suites which are subject to
16 expectations of privacy like private residences, institutions engaged in
17 research related to smoking, and tobacco retail outlets, electronic
18 smoking device retail outlets, and cigar shops which provide the public
19 legal retail outlets to sample, use, and purchase tobacco products and
20 products related to smoking. The act shall not be construed to prohibit
21 or otherwise restrict smoking in outdoor areas. The act shall not be
22 construed to permit smoking where it is prohibited or otherwise
23 restricted by other applicable law, ordinance, or resolution. The act
24 shall be liberally construed to further its purpose.
25 Sec. 3. Section 71-5718, Reissue Revised Statutes of Nebraska, is
26 amended to read:
27 71-5718 For purposes of the Nebraska Clean Indoor Air Act, the
1 definitions found in sections 71-5719 to 71-5728 and sections 4 and 5 of
2 this act apply:
3 Sec. 4. Electronic smoking device means an electronic nicotine
4 delivery system as defined in section 28-1418.01. The term includes any
5 such device regardless of whether it is manufactured, distributed,
6 marketed, or sold as an e-cigarette, e-cigar, e-pipe, e-hookah, or vape
7 pen or under any other product name or descriptor.
8 Sec. 5. Electronic smoking device retail outlet means a store that
9 is licensed as provided under sections 28-1421 and 28-1422, that sells
10 only electronic smoking devices and products directly related to
11 electronic smoking devices, and that does not allow a person under the
12 age of twenty-one years to enter such store. Products directly related to
13 electronic smoking devices do not include alcohol, coffee, soft drinks,
14 candy, groceries, or gasoline.
15 Sec. 6. Section 71-5727, Reissue Revised Statutes of Nebraska, is
16 amended to read:
17 71-5727 Smoke or smoking means inhaling, exhaling, burning, or
18 carrying any lighted or heated cigar, cigarette, pipe, hookah, or any
19 other lighted or heated tobacco or plant product intended for inhalation,
20 whether natural or synthetic, in any manner or in any form. The term
21 includes the use of an electronic smoking device which creates an aerosol
22 or vapor, in any manner or in any form the lighting of any cigarette,
23 cigar, pipe, or other smoking material or the possession of any lighted
24 cigarette, cigar, pipe, or other smoking material, regardless of its
25 composition.
26 Sec. 7. Section 71-5730, Reissue Revised Statutes of Nebraska, is
27 amended to read:
28 71-5730 (1) The following indoor areas are exempt from section
29 71-5729:
30 (a) Guestrooms and suites that are rented to guests and that are
31 designated as smoking rooms, except that not more than twenty percent of
rooms rented to guests in an establishment may be designated as smoking rooms. All smoking rooms on the same floor shall be contiguous, and smoke from such rooms shall not infiltrate into areas where smoking is prohibited under the Nebraska Clean Indoor Air Act; (b) Indoor areas used in connection with a research study on the health effects of smoking conducted in a scientific or analytical laboratory under state or federal law or at a college or university approved by the Coordinating Commission for Postsecondary Education; (c) Tobacco retail outlets; and (d) Cigar shops as defined in section 53-103.08. Electronic smoking device retail outlets are exempt from section 71-5729 as it relates to the use of electronic smoking devices only.

The Legislature finds that allowing smoking in tobacco retail outlets as a limited exception to the Nebraska Clean Indoor Air Act does not interfere with the original intent that the general public and employees not be unwillingly subjected to second-hand smoke since the general public does not frequent tobacco retail outlets and should reasonably expect that there would be second-hand smoke in tobacco retail outlets and could choose to avoid such exposure. The products that tobacco retail outlets sell are legal for customers who meet the age requirement. Customers should be able to try them within the tobacco retail outlet, especially given the way that tobacco customization may occur in how tobacco is blended and cigars are produced. The Legislature finds that exposure to second-hand smoke is inherent in the selling and sampling of cigars and pipe tobacco and that this exposure is inextricably connected to the nature of selling this legal product, similar to other inherent hazards in other professions and employment. It is the intent of the Legislature to allow cigar and pipe smoking in tobacco retail outlets that meet specific statutory criteria and not inconsistent with the fundamental nature of the business. This exception to the Nebraska Clean Indoor Air Act is narrowly tailored in accordance with the intent of the act to protect public places and places of employment.

The Legislature finds that allowing smoking in cigar shops as a limited exception to the Nebraska Clean Indoor Air Act does not interfere with the original intent that the general public and employees not be unwillingly subjected to second-hand smoke. This exception poses a de minimis restriction on the public and employees given the limited number of cigar shops compared to other businesses that sell alcohol, cigars, and pipe tobacco, and any member of the public should reasonably expect that there would be second-hand smoke in a cigar shop given the nature of the business and could choose to avoid such exposure.

The Legislature finds that (i) cigars and pipe tobacco have different characteristics than other forms of tobacco such as cigarettes, (ii) cigars are customarily paired with various spirits such as cognac, bourbon, rum, rye, port, and others, and (iii) unlike cigarette smokers, cigar and pipe smokers may take an hour or longer to enjoy a cigar or pipe while cigarettes simply serve as a mechanism for delivering nicotine. Cigars paired with selected liquor create a synergy unique to the particular pairing similar to wine paired with particular foods. Cigars are a pure, natural product wrapped in a tobacco leaf that is typically not inhaled in order to enjoy the taste of the smoke, unlike cigarettes that tend to be processed with additives and wrapped in paper and are inhaled. Cigars have a different taste and smell than cigarettes due to the fermentation process cigars go through during production. Cigars tend to cost considerably more than cigarettes, and their quality and characteristics vary depending on the type of tobacco plant, the geography and climate where the tobacco was grown, and the overall quality of the manufacturing process. Not only does the
30 customized blending of the tobacco influence the smoking experience, so
31 does the freshness of the cigars, which is dependent on how the cigars
1 were stored and displayed. These variables are similar to fine wines,
2 which can also be very expensive to purchase. It is all of these
3 variables that warrant a customer wanting to sample the product before
4 making such a substantial purchase.
5 (c) The Legislature finds that exposure to second-hand smoke is
6 inherent in the selling and sampling of cigars and pipe tobacco and that
7 this exposure is inextricably connected to the nature of selling this
8 legal product, similar to other inherent hazards in other professions and
9 employment.
10 (d) It is the intent of the Legislature to allow cigar and pipe
11 smoking in cigar shops that meet specific statutory criteria not
12 inconsistent with the fundamental nature of the business. This exception
13 to the Nebraska Clean Indoor Air Act is narrowly tailored in accordance
14 with the intent of the act to protect public places and places of
15 employment.
16 Sec. 8. Section 71-5735, Reissue Revised Statutes of Nebraska, is
17 amended to read:
18 71-5735 (1) The owner of a tobacco retail outlet shall post a sign
19 on all entrances to the tobacco retail outlet, on the outside of each
20 door, in a conspicuous location slightly above or next to the door, with
21 the following statement: SMOKING OF CIGARS AND PIPES IS ALLOWED INSIDE
22 THIS BUSINESS. SMOKING OF CIGARETTES AND ELECTRONIC SMOKING DEVICES IS
23 NOT ALLOWED.
24 (2) Beginning November 1, 2015, the owner shall provide to the
25 Division of Public Health a copy of a waiver signed prior to employment
26 by each employee on a form prescribed by the division. The waiver shall
27 expressly notify the employee that he or she will be exposed to second-
28 hand smoke, and the employee shall acknowledge that he or she understands
29 the risks of exposure to second-hand smoke.
30 (3) The owner shall not allow cigarette smoking or the use of an
31 electronic smoking device in the tobacco retail outlet.
1 Sec. 9. Original sections 71-5716, 71-5717, 71-5718, 71-5727,
2 71-5730, and 71-5735, Reissue Revised Statutes of Nebraska, are repealed.
3 2. On page 1, strike lines 2 through 5 and insert "sections 71-5716,
4 71-5717, 71-5718, 71-5727, 71-5730, and 71-5735, Reissue Revised Statutes
5 of Nebraska; to exempt electronic smoking device retail outlets; to
6 define and redefine terms; to prohibit the use of electronic smoking
7 devices as prescribed; to harmonize provisions; and to repeal the
8 original sections."

4 48-122 (1) If death results from injuries and the deceased employee 5 leaves one or more dependents dependent upon his or her earnings for 6 support at the time of injury, the compensation, subject to section 7 48-123, shall be not more than the maximum weekly income benefit 8 specified in section 48-121.01 nor less than the minimum weekly income 9 benefit specified in section 48-121.01, except that if at the time of 10 injury the employee receives wages of less than the minimum weekly income 11 benefit specified in section 48-121.01, then the compensation shall be 12 the full amount of such wages per week, payable in the amount and to the 13 persons enumerated in section 48-122.01 subject to the maximum limits 14 specified in this section and section 48-122.03.

RESOLUTION(S)

LEGISLATIVE RESOLUTION 337. Introduced by Brandt, 32.

PURPOSE: It has been ten years since Legislative Resolution 42 (2009) first explored the statewide economic and educational potential of a "farm to school" program in Nebraska. In the intervening decade, notable progress has been made in instituting the methods and systems necessary to assist Nebraska producers in providing local schools with fresh and minimally processed foods for school meals and snacks. The addition of a local foods coordinator and introduction of "Nebraska Thursdays" and "Harvest of the Month" programs from the Department of Education have resulted in more school districts sourcing from local farmers and market gardeners. Interest has increased on the federal level as well, with the United States Department of Agriculture's Farm to School Grant Program receiving more requests than it has available funding, and additional federal legislation currently under consideration by Congress, the "Farm to School Act" and the "Kids Eat Local Act", both cosponsored by Rep. Jeff Fortenberry. A follow-up legislative interim study examining the status of Nebraska's farm to school activities and the needs of the stakeholders involved shall ensure that the necessary coordination and strategic planning is in place for further growth.

This interim study shall reexamine which Nebraska-grown food products can feasibly be used for school meals and snacks, including use of appropriate preservation methods of local foods by school nutrition staff for use later in the school year, and shall review existing regulations of the Department of Agriculture, Department of Education, Department of Health and Human Services, and other authorities that may impact the supply of Nebraska-grown foods provided to local schools. In addition, the study shall assemble a catalog of where farm to school activities are happening in the state, along with volume and cost totals for foods locally sourced, to provide insight into best practices as well as barriers that are impeding participation.

To reflect the interests and needs of the various stakeholders concerned with creating successful statewide farm to school opportunities, this interim study shall include input from:

(1) Producers of agricultural products marketed at Nebraska food markets, including producers of fruits and vegetables, agricultural protein products, and grains;
(2) Suppliers of agricultural products, including grocers and school suppliers;
(3) Meat processors;
(4) Food distributors;
(5) Food assistance agencies;
(6) Resource conservation and development organizations;
(7) Representatives of school food services from rural and urban public school districts;
(8) Representatives from a summer food service program and from a child and adult care food program;
(9) Tribal organizations;
(10) An agricultural education extension organization;
(11) A member-based agricultural marketing promotion and education program;
(12) Representatives from the Department of Agriculture, State Department of Education, and Department of Health and Human Services; and
(13) Any other interested parties or organizations.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE
ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, SECOND
SESSION:
1. That the Agriculture Committee of the Legislature shall be designated
to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report
of its findings, together with its recommendations, to the Legislature.

Referred to the Executive Board.

13 provider's administrative expense, including altering an existing prior
14 authorization, precertification, or notification.
15 (ii) Material change does not include a change implemented as a
16 result of a requirement of state law, rules and regulations adopted and

10 (2) The department shall notify an applicant for or recipient of
11 medical assistance of any decision of the department to deny or
12 discontinue eligibility or to deny or modify medical assistance. Except

14 on or the day after the decision is made. In addition to mailing the
15 notice, the department may also deliver the notice by any form of
16 electronic communication if the department has the agreement of the

11 prosecution, and (c) collect postpayment reimbursement, including,
12 but not limited to, maximizing prescribed drug rebates and maximizing
13 recoveries from estates for paid benefits.
14 (2) The Legislature further finds that (a) the medical assistance
15 program was established under Title XIX of the federal Social Security
16 Act and is a joint federal-state funded health insurance program that is
17 the primary source of medical assistance for low-income, disabled, and
18 elderly Nebraskans and (b) the federal government establishes minimum
19 requirements for the medical assistance program and the state designs,
20 implements, administers, and oversees the medical assistance program.
21 (3) It is the intent of the Legislature to establish and maintain
22 integrity procedures and guidelines for the medical assistance program
23 that meet minimum federal requirements and that coordinate with federal

68-974 (1) One The department may contract with one or more program

(2) Notwithstanding any other provision of law, all program

conducting a program integrity recovery audit, investigation, or review
shall:
(a) Review claims within four years from the date of the
payment;
(b) Send a determination letter concluding an audit within one

(c) In any records request to a provider, furnish information

of an interpretation of scope of services not previously held by the
department, (ii) the resubmission of documentation when the document
provided is incomplete, illegible, or unclear, and (iii) the resubmission
of documentation when clerical errors resulted in a denial of claims for

department or the contractor shall disallow the difference between the
payment for the service that was provided and the payment for the service
that should have been provided;
(e) Utilize a licensed health care professional from the specialty
area of practice being audited to establish relevant audit methodology

(f) Provide a written notification and explanation of an adverse
determination that includes the reason for the adverse determination, the
medical criteria on which the adverse determination was based, an

A program integrity contractor retained by the department or the federal Centers for Medicare and Medicaid Services shall work with the department at the start of a recovery audit to review this section and any other relevant state policies, procedures, regulations, and guidelines regarding program integrity audits. The program integrity contractor shall comply with this section regarding audit procedures. A copy of the statutes, policies, and procedures shall be specifically maintained in the audit records to support the audit findings.

1. **(4)** The department shall exclude from the scope of review of recovery audit contractors any claim processed or paid through a capitated Medicaid managed care program. **(2)** The department shall exclude the following from the scope of review of program integrity recovery audits: contractors. **(a)** Claims processed or paid through a capitated Medicaid managed care program; and **(b)** any claims that are currently being audited or that have already been audited by a program integrity recovery audit contractor by the department or currently being audited by another entity. Claims processed or paid through a capitated Medicaid managed care program shall be coordinated between the department, the contractor, and the managed care organization. All such audits shall be coordinated as to scope, method, and timing. The contractor and the department shall avoid duplication or simultaneous audits. No payment shall be recovered in a medical necessity review in which the provider has obtained prior authorization for the service and the service was performed as authorized.

2. **(5)** Extrapolated overpayments are not allowed under the Medical Assistance Act without evidence of a sustained pattern of error, an excessively high error rate, or the agreement of the provider.

3. **(6)** **(a)** The department may contract with one or more providers to support a health insurance premium assistance payment program.

4. **(7)** **(a)** The department may enter into any other contracts deemed to increase the efforts to promote the integrity of the medical assistance program.

5. **(8)** **(a)** Contracts entered into under the authority of this section may be on a contingent fee basis. Contracts entered into on a contingent fee basis shall provide that contingent fee payments are based upon amounts recovered, not amounts identified. Whether the contract is a contingent fee contract or otherwise, the contractor shall not recover overpayments by the department until all appeals have been completed unless there is a credible allegation of fraudulent activity by the provider, the contractor has referred the claims to the department for investigation, and an investigation has commenced. In that event, the contractor may recover overpayment prior to the conclusion of the appeals process. In any contract between the department and a program integrity recovery audit contractor, the payment or fee provided for identification of overpayments shall be the same provided for identification of underpayments. Contracts shall be in compliance with federal law and regulations when pertinent, including a limit on contingent fees of no more than twelve and one-half percent of amounts recovered, and initial contracts shall be entered into as soon as practicable under such federal law and regulations.

6. **(9)** **(a)** All amounts recovered and savings generated as a result of this section shall be returned to the medical assistance program. **(b)** Records requests made by a program integrity recovery audit contractor in any one-hundred-eighty-day period shall be limited to not more than five percent of the number of claims filed by the provider for the specific service being reviewed, not to exceed two hundred records for the specific service being reviewed. The contractor shall allow a provider no less than forty-five days to respond to and comply with a
records request. If the contractor can demonstrate a significant
provider error rate relative to an audit of records, the contractor may
make a request to the department to initiate an additional records
request regarding the subject under review for the purpose of further
review and validation. The contractor shall not make the request until
the time period for the appeals process has expired.

On an annual basis, the department shall require the
recovery audit contractor to compile and publish on the department's
Internet web site metrics related to the performance of each recovery
audit contractor. Such metrics shall include: (a) The number and type of
issues reviewed; (b) the number of medical records requested; (c) the
number of overpayments and the aggregate dollar amounts associated with
overpayments and the aggregate dollar amounts associated with the
identified underpayments; (e) the duration of audits from initiation to
time of completion; (f) the number of adverse determinations and the
overturn rating of those determinations in the appeal process; (g) the
number of appeals filed by providers and the disposition status of such
appeals; (h) the contractor's compensation structure and dollar amount of
compensation; and (i) a copy of the department's contract with the
recovery audit contractor.

The program integrity recovery audit contractor, in
conjunction with the department, shall perform educational and training
programs annually for providers that encompass a summary of audit
results, a description of common issues, problems, and mistakes
identified through audits and reviews, and opportunities for improvement.
Providers shall be allowed to submit records requested as
a result of an audit in electronic format, including compact disc,
digital versatile disc, or other electronic format deemed appropriate by
the department or via facsimile transmission, at the request of the
provider.

A provider shall have the right to appeal a
determination made by the program integrity recovery audit contractor.
The contractor shall establish an informal consultation process
to be utilized prior to the issuance of a final determination. Within
thirty days after receipt of notification of a preliminary finding from
the provider, the contractor shall provide an informal consultation with
the provider to discuss and attempt to resolve the findings or portion
of such findings in the preliminary findings letter. The request shall be
made to the contractor. The consultation shall occur within thirty days
after the provider's request for informal consultation, unless otherwise
agreed to by both parties.

Within thirty days after notification of an adverse
determination, a provider may request an administrative appeal of the
adverse determination as set forth in the Administrative Procedure Act.
The department shall by December 1 of each year report to
the Legislature the status of the contracts, including the parties, the
programs and issues addressed, the estimated cost recovery, and the
savings accrued as a result of the contracts. Such report shall be filed
electronically.

For purposes of this section:

based on a statistical sampling of a claims universe;
Person means bodies politic and corporate, societies,

RESOLUTION(S)

LEGISLATIVE RESOLUTION 344. Introduced by Kolterman, 24.

WHEREAS, over 1.2 million people living in the United States are infected with Human Immunodeficiency Virus (HIV), and one in eight is unaware of the infection; and

WHEREAS, there are nearly 2,100 people living with HIV in Nebraska, and 88 people were newly diagnosed in 2017; and

WHEREAS, the Centers for Disease Control (CDC) recommends that everyone between the ages of 13 and 64 get tested for HIV at least once as part of routine health care, and for those with specific risk factors, the CDC recommends getting tested at least once a year; and

WHEREAS, significant advances in antiretroviral therapy for HIV have made it possible to reduce transmission rates, avoid over 862,000 premature deaths, gain over 27 million life-years, and gain $615 billion in economic value over the cost of HIV treatment in the United States alone; and
WHEREAS, the movement of U = U, or Undetectable = Untransmittable, is a scientific breakthrough that confirms HIV treatment also offers the benefit of preventing HIV transmission, and provides education to help reduce stigma and discrimination; and

WHEREAS, forty percent of people living with HIV receive care through the medicaid program; and

WHEREAS, Nebraska could begin to better engage those people living with HIV who are not virally suppressed and report to the U.S. Department of Health and Human Services the viral loads of people receiving medical assistance; and

WHEREAS, the U.S. Department of Health and Human Services has made ending the HIV epidemic a national priority and has focused substantial new resources through its plan called Ending the HIV Epidemic: A Plan for America.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature recognizes that collaboration by the U.S. Department of Health and Human Services and Nebraska Department of Health and Human Services with stakeholders, including patients, physicians, and public health experts, will raise awareness and reduce stigma and discrimination for those living with HIV and that such collaboration will help prevent and reduce new HIV cases.

Laid over.

LEGISLATIVE RESOLUTION 345. Introduced by McDonnell, 5.

PURPOSE: The purpose of this interim study is to examine efforts to protect Nebraska's archeological and paleontological resources and promote cooperation between governmental agencies, tribal governments, and other stakeholders regarding the discovery and the removal or borrowing of archeological or paleontological resources from all lands in the state.

Nebraska led the original efforts to protect these spaces and resources from destruction and pilfering in 1937 with establishment of the Nebraska Standard Specifications for Highway Construction and again in 1959 by authorizing the Department of Roads, now the Department of Transportation, to enter into agreements with state agencies to remove and preserve archeological, paleontological, and historical remains.

With more than 10,600 archeology sites with 21 sites on the National Register of Historical Places, Nebraska is home to one of the best records of geological and geoscience history in the United States, second only to the American Museum of Natural History, and Nebraska has a potential abundance of available sources to study.

Nebraska can again lead the nation in protecting this natural record of history, as well as the remains of earlier human impacts in what is now Nebraska, by assuring that discoverers of archeological or paleontological resources discovered on tribal, public, or private property being used for public or state uses shall coordinate with the interested stakeholders, such as
adjacent landowners, tribal governments and councils, or other individuals and agencies.

The issues to be addressed by this interim study shall include, but not be limited to:

1. Best practices utilized when archaeological or paleontological resources are discovered;
2. How other states regulate archaeological or paleontological discoveries;
3. Methods to prevent any government agency or any private entity or individual from entering onto lands and removing archaeological or paleontological resources without permission or without cooperating with interested stakeholders; and
4. Improvements that can be made in statute to promote cooperation between all stakeholders in the handling of archaeological or paleontological resources.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SIXTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

AMENDMENT(S) - Print in Journal

Senator Crawford filed the following amendment to LB790:

AM2922

(Amendments to E&R amendments, ER178)

1. Insert the following new section:
2. Sec. 5. Section 81-829.42, Revised Statutes Supplement, 2019, is amended to read:
3. 81-829.42 (1) The Legislature recognizes that, while appropriations are adequate to meet the normal needs, the necessity exists for anticipating and making advance provision to care for the unusual and extraordinary burdens imposed on the state and its political subdivisions by disasters, emergencies, or civil defense emergencies. To meet such situations, it is the intention of the Legislature to confer emergency powers on the Governor, acting through the Adjutant General and the Nebraska Emergency Management Agency, and to vest him or her with adequate power and authority within the limitation of available funds appropriated to the Governor's Emergency Program to meet any disaster, emergency, or civil defense emergency.
4. (2) There is hereby established the Governor's Emergency Program. Funds appropriated to the program shall be expended, upon direction of the Governor, for any state of emergency. The state of emergency proclamation shall set forth the emergency and shall state that it requires the expenditure of public funds to furnish immediate aid and relief. The Adjutant General shall administer the funds appropriated to the program.
22 (3) It is the intent of the Legislature that the first recourse
23 shall be to funds regularly appropriated to state and local agencies. If
24 the Governor finds that the demands placed upon these funds are
25 unreasonably great, he or she may make funds available from the
26 Governor's Emergency Program. Expenditures may be made upon the direction
27 of the Governor for any or all emergency management functions or to meet
28 the intent of the state emergency operations plans as outlined in section
29 81-829.41. Expenditures may also be made to state and federal agencies to
30 meet the matching requirement of any applicable assistance programs.
31 (4) Assistance shall be provided from the funds appropriated to the
32 Governor's Emergency Program to political subdivisions of this state
33 which have suffered from a disaster, emergency, or civil defense
34 emergency to such an extent as to impose a severe financial burden
35 exceeding the ordinary capacity of the subdivision affected. Applications
36 for aid under this section shall be made to the Nebraska Emergency
37 Management Agency on such forms as shall be prescribed and furnished by
38 the agency. The forms shall require the furnishing of sufficient
39 information to determine eligibility for aid and the extent of the
40 financial burden incurred. The agency may call upon other agencies of the
41 state in evaluating such applications. The Adjutant General shall review
42 each application for aid under this section and recommend its approval or
43 disapproval, in whole or in part, to the Governor. If the Governor
44 approves, he or she shall determine and certify to the Adjutant General
45 the amount of aid to be furnished. The Adjutant General shall thereupon
46 issue his or her voucher to the Director of Administrative Services who
47 shall issue his or her warrants therefor to the applicant.
48 (5) When a state of emergency has been proclaimed by the Governor,
49 the Adjutant General, upon order of the Governor, shall have authority to
50 expend funds for purposes, including, but not limited to:
51 (a) The purposes of the Emergency Management Act, including
52 emergency management functions and the responsibilities of the Governor
53 as outlined in the act;
54 28 (b) Employing for the duration of the state of emergency additional
55 personnel and contracting or otherwise procuring all necessary
56 appliances, supplies, and equipment;
57 (c) Performing services for and furnishing materials and supplies to
58 state government agencies and local governments with respect to
59 performance of any duties enjoined by law upon such agencies and local
60 governments which they are unable to perform because of extreme climatic
61 phenomena and receiving reimbursement in whole or in part from such
62 agencies and local governments able to pay therefor under such terms and
63 conditions as may be agreed upon by the Adjutant General and any such
64 agency or local government;
65 (d) Performing services for and furnishing materials to any
66 individual in connection with alleviating hardship and distress growing
67 out of extreme climatic phenomena and receiving reimbursement in whole or
68 in part from such individual under such terms as may be agreed upon by
69 the Adjutant General and such individual;
70 (e) Opening up, repairing, and restoring roads and highways;
71 (f) Repairing and restoring bridges;
72 (g) Furnishing transportation for supplies to alleviate suffering
73 and distress;
74 (h) Restoring means of communication;
75 (i) Furnishing medical services and supplies to prevent the spread
76 of disease and epidemics;
77 (j) Quelling riots and civil disturbances;
78 (k) Training individuals or governmental agencies for the purpose of
79 perfecting the performance of emergency management duties as provided in
80 the Nebraska emergency operations plans;
81 (l) Procurement and storage of special emergency supplies or
25 equipment, determined by the Adjutant General to be required to provide
26 rapid response by state government to assist local governments in
27 impending or actual disasters, emergencies, or civil defense emergencies;
28 (m) Clearing or removing debris and wreckage which may threaten
29 public health or safety from publicly owned or privately owned land or
30 water; and
31 (p) Paid sick and family leave for any private or public employee
1 who is unable to work due to being diagnosed with an infectious disease,
2 due to being quarantined or secluded for suspected infectious disease, or
3 due to caring for a family member diagnosed with an infectious disease or
4 quarantined or secluded for suspected infectious disease. For purposes of
5 this subdivision, family member means (i) a biological, adopted, or
6 foster child, a stepchild, or a legal ward of an employee or the
7 employee's spouse or a person to whom the employee or the employee's
8 spouse stood in loco parentis when such person was a minor child,
9 regardless of the age or dependency status of such child, stepchild,
10 legal ward, or person, (ii) a biological, adoptive, or foster parent, a
11 stepparent, or a legal guardian of an employee or the employee's spouse
12 or a person who stood in loco parentis to the employee or the employee's
13 spouse when the employee or the employee's spouse was a minor child;
14 (iii) an employee's spouse, or (iv) a grandparent, grandchild, or sibling
15 of the employee or the employee's spouse, whether such relationship is a
16 biological, adoptive, foster, or step relationship; and
17 (q) Such other measures as are customary necessary to furnish
18 adequate relief in cases of disaster, emergency, or civil defense
19 emergency.
20 (6) If response to a disaster or emergency is immediately required,
21 the Adjutant General may make expenditures of up to twenty-five thousand
22 dollars per event without a state of emergency proclamation issued by the
23 Governor. Such expenditures shall be used for the purposes as provided in
24 subsection (5) of this section.
25 (7) The Governor may receive such voluntary contributions as may be
26 made from any nonfederal source to aid in carrying out the purposes of
27 this section and shall credit the same to the Governor's Emergency Cash
28 Fund.
29 (8) All obligations and expenses incurred by the Governor in the
30 exercise of the powers and duties vested in the Governor by this section
31 shall be paid by the State Treasurer out of available funds appropriated
1 to the Governor's Emergency Program, and the Director of Administrative
2 Services shall draw his or her warrants upon the State Treasurer for the
3 payment of such sum, or so much thereof as may be required, upon receipt
4 by him or her of proper vouchers duly approved by the Adjutant General.
5 (9) This section shall be liberally construed in order to accomplish
6 the purposes of the Emergency Management Act and to permit the Governor
7 to adequately cope with any disaster, emergency, or civil defense
8 emergency which may arise, and the powers vested in the Governor by this
9 section shall be construed as being in addition to all other powers
10 presently vested in him or her and not in derogation of any existing
11 powers.
12 (10) Such funds as may be made available by the government of the
13 United States for the purpose of alleviating distress from disasters,
14 emergencies, and civil defense emergencies may be accepted by the State
15 Treasurer and shall be credited to a separate and distinct fund unless
16 otherwise specifically provided in the act of Congress making such funds
17 available or as otherwise allowed and provided by state law.
18 (11) It is the intent of the Legislature that the four million
19 dollars saved due to the elimination of funding for the Angel Investment
20 Tax Credit Act be used to increase the appropriation to the Military
21 Department for the Governor's Emergency Program by four million dollars
22 for fiscal year 2020-21.
23 2. Renumber the remaining sections and correct the repealer
24 accordingly.

7 consideration to the State of Nebraska for state veterans' cemetery sites
8 or state armory sites or, if acquired for state armory sites, shall be
9 conveyed in the manner strictly as provided in sections 18-1001 to
10 18-1006, (4) to make all contracts and do all other acts in relation to
11 the property and concerns of the city necessary to the exercise of its
12 corporate powers, and (5) to exercise such other and further powers as
13 may be conferred by law.
14 Sec. 3. Section 16-202, Revised Statutes Cumulative Supplement,
15 2018, is amended to read:
16 16-202 (1) Except as otherwise provided in subsection (4) of this
17 section, the city power to sell and convey any real estate owned by a city
18 of the first class, including park land, except real estate used in the
19 operation of public utilities and except real estate for state armory
20 sites for the use of the State of Nebraska as expressly provided in
21 section 16-204, shall be exercised by ordinance directing the conveyance
22 of such real estate and the manner and terms thereof. Notice of such sale
23 and the terms thereof shall be published for three consecutive weeks in a
24 legal newspaper in or of general circulation in such city immediately
25 after the passage and publication of such ordinance.
26 (2) If within thirty days after the passage and publication of such
27 ordinance a remonstrance petition against such sale is signed by
28 registered voters of the city voting at the last regular city election
29 held therein and is filed with the city council, the property shall not
30 then, nor within one year thereafter, be sold. If the date for filing the
31 petition falls upon a Saturday, Sunday, or legal holiday, the signatures
32 shall be collected within the thirty-day period, but the filing shall be
33 considered timely if filed or postmarked on or before the next business
34 day. Upon the receipt of the petition, the city council, with the aid and
35 assistance of the election commissioner or county clerk, shall determine
36 the validity and sufficiency of signatures on the petition. The city
37 council shall deliver the petition to the election commissioner or county
38 clerk by hand carrier, by use of law enforcement officials, or by
39 certified mail, return receipt requested. Upon receipt of the petition,
40 the election commissioner or county clerk shall issue to the city council
41 a written receipt that the petition is in the custody of the election
42 commissioner or county clerk. The election commissioner or county clerk
43 shall compare the signature of each person signing the petition with the
44 voter registration records to determine if each signer was a registered
45 voter on or before the date on which the petition was filed with the city
46 council. The election commissioner or county clerk shall also compare the
47 signer's printed name, street and number or voting precinct, and city,
48 village, or post office address with the voter registration records to
49 determine whether the signer was a registered voter. The signature and
50 address shall be presumed to be valid only if the election commissioner
51 or county clerk determines that the printed name, street and number or
52 voting precinct, and city, village, or post office address matches the
53 registration records and that the registration was received on or before
54 the date on which the petition was filed with the city council. The
55 determinations of the election commissioner or county clerk may be
56 rebutted by any credible evidence which the city council finds
57 sufficient. The express purpose of the comparison of names and addresses
28 with the voter registration records, in addition to helping to determine
29 the validity of the petition, the sufficiency of the petition, and the
30 qualifications of the signers, shall be to prevent fraud, deception, and
31 misrepresentation in the petition process. Upon completion of the
1 comparison of names and addresses with the voter registration records,
2 the election commissioner or county clerk shall prepare in writing a
3 certification under seal setting forth the name and address of each
4 signer found not to be a registered voter and the signature page number
5 and line number where the name is found, and if the reason for the
6 invalidity of the signature or address is other than the nonregistration
7 of the signer, the election commissioner or county clerk shall set forth
8 the reason for the invalidity of the signature. If the election
9 commissioner or county clerk determines that a signer has affixed his or
10 her signature more than once to the petition and that only one person is
11 registered by that name, the election commissioner or county clerk shall
12 prepare in writing a certification under seal setting forth the name of
13 the duplicate signature and shall count only the earliest dated
14 signature. The election commissioner or county clerk shall certify to the
15 city council the number of valid signatures necessary to constitute a
16 valid petition. The election commissioner or county clerk shall deliver
17 the petition and the certifications to the city council within forty days
18 after the receipt of the petition from the city council. The delivery
19 shall be by hand carrier, by use of law enforcement officials, or by
20 certified mail, return receipt requested. Not more than twenty signatures
21 on one signature page shall be counted.
22 (2) The city council shall, within thirty days after the receipt of
23 the petition and certifications from the election commissioner or county
24 clerk, hold a public hearing to review the petition and certifications
25 and receive testimony regarding them. The city council shall, following
26 the hearing, vote on whether or not the petition is valid and shall
27 uphold the petition if sufficient valid signatures have been received.
28 (4) This section does not apply to (a) real estate used in the
29 operation of public utilities, (b) real estate for state armory sites for
30 the use of the State of Nebraska as expressly provided in section 16-201,31 or (c) real estate for state veterans' cemetery sites for the use of the
1 State of Nebraska as expressly provided in section 12-1301.
2 Sec. 4. Original section 16-201, Reissue Revised Statutes of
3 Nebraska, and sections 12-1301 and 16-202, Revised Statutes Cumulative
4 Supplement, 2018, are repealed.

3 Section 1. Section 68-1206, Revised Statutes Supplement, 2019, is
4 amended to read:
5 68-1206 (1) The Department of Health and Human Services shall
6 administer the program of social services in this state. The department
7 may contract with other social agencies for the purchase of social
8 services at rates not to exceed those prevailing in the state or the cost
9 at which the department could provide those services. The statutory
10 maximum payments for the separate program of aid to dependent children
11 shall apply only to public assistance grants and shall not apply to
12 payments for social services. As part of the provision of social services
13 authorized by section 68-1202, the department shall participate in the
14 federal child care assistance program under 42 U.S.C. 618, as such
15 section existed on January 1, 2013, and provide child care assistance to
16 families with incomes up to one hundred twenty-five percent of the
17 federal poverty level for FY2013-14 and one hundred thirty percent of the
18 federal poverty level for FY2014-15 and each fiscal year thereafter.
19 (2) As part of the provision of social services authorized by this
20 section and section 68-1202, the department shall participate in the
21 federal Child Care Subsidy program. A child care provider seeking to
22 participate in the federal Child Care Subsidy program shall comply with
23 the criminal history record information check requirements of the Child
24 Care Licensing Act. In determining ongoing eligibility for this program,
25 ten percent of a household's gross earned income shall be disregarded
26 after twelve continuous months on the program and at each subsequent
27 redetermination. In determining ongoing eligibility, if a family's income
1 exceeds one hundred thirty percent of the federal poverty level, the
2 family shall receive transitional child care assistance through the
3 remainder of the family's eligibility period or until the family's income
4 exceeds eighty-five percent of the state median income for a family of
5 the same size as reported by the United States Bureau of the Census,
6 whichever occurs first. When the family's eligibility period ends, the
7 family shall continue to be eligible for transitional child care
8 assistance if the family's income is below one hundred eighty-five
9 percent of the federal poverty level. The family shall receive
10 transitional child care assistance through the remainder of the
11 transitional eligibility period or until the family's income exceeds
12 eighty-five percent of the state median income for a family of the same
13 size as reported by the United States Bureau of the Census, whichever
14 occurs first. The amount of such child care assistance shall be based on
15 a cost-shared plan between the recipient family and the state and shall
16 be based on a sliding-scale methodology. A recipient family may be
17 required to contribute a percentage of such family's gross income for
18 child care that is no more than the cost-sharing rates in the
19 transitional child care assistance program as of January 1, 2015, for
20 those no longer eligible for cash assistance as provided in section
21 68-1724. Initial program eligibility standards shall not be impacted by
22 the provisions of this subsection.
23 (3) In determining the rate or rates to be paid by the department
24 for child care as defined in section 43-2605, the department shall adopt
25 a fixed-rate schedule for the state or a fixed-rate schedule for an area
26 of the state applicable to each child care program category of provider
27 as defined in section 71-1910 which may claim reimbursement for services
28 provided by the federal Child Care Subsidy program, except that the
29 department shall not pay a rate higher than that charged by an individual
30 provider to that provider's private clients. The schedule may provide
31 separate rates for care for infants, for children with special needs,
1 including disabilities or technological dependence, or for other
2 individual categories of children. The schedule may also provide tiered
3 rates based upon a quality scale rating of step three or higher under the
4 Step Up to Quality Child Care Act. The schedule shall be effective on
5 October 1 of every year and shall be revised annually by the department.
6 Sec. 2. Section 71-1908, Reissue Revised Statutes of Nebraska, is
7 amended to read:
8 71-1908 (1) Sections 71-1908 to 71-1923 and section 4 of this act
9 shall be known and may be cited as the Child Care Licensing Act.
10 (2) The Legislature finds that there is a present and growing need
11 for quality child care programs and facilities. There is a need to
12 establish and maintain licensure of persons providing such programs to
13 ensure that such persons are competent and are using safe and adequate
14 facilities. The Legislature further finds and declares that the
15 development and supervision of programs are a matter of statewide concern
16 and should be dealt with uniformly on the state and local levels. There
17 is a need for cooperation among the various state and local agencies
18 which impose standards on licensees, and there should be one agency which
19 coordinates the enforcement of such standards and informs the Legislature
20 about cooperation among the various agencies.
21 Sec. 3. Section 71-1912, Revised Statutes Supplement, 2019, is
22 amended to read:
23 71-1912 (1) Before issuance of a license, the department shall
24 investigate or cause an investigation to be made, when it deems
25 necessary, to determine if the applicant or person in charge of the
26 program meets or is capable of meeting the physical well-being, safety,
27 and protection standards and the other rules and regulations of the
28 department adopted and promulgated under the Child Care Licensing Act.
29 The department may investigate the character of applicants and licensees,
30 any member of the applicant's or licensee's household, and the staff and
31 employees of programs. The department may at any time inspect or cause an
32 inspection to be made of any place where a program is operating to
33 determine if such program is being properly conducted.
34 (2) All inspections by the department shall be unannounced except
35 for initial licensure visits and consultation visits. Initial licensure
36 visits are announced visits necessary for a provisional license to be
37 issued to a family child care home I, family child care home II, child
38 care center, or school-age-only or preschool program. Consultation visits
39 are announced visits made at the request of a licensee for the purpose of
40 consulting with a department specialist on ways of improving the program.
41 (3) An unannounced inspection of any place where a program is
42 operating shall be conducted by the department or the city, village, or
43 county pursuant to subsection (2) of section 71-1914 at least annually
44 for a program licensed to provide child care for fewer than thirty
45 children and at least twice every year for a program licensed to provide
46 child care for thirty or more children.
47 (4) Whenever an inspection is made, the findings shall be recorded
48 in a report designated by the department. The public shall have access to
49 the results of these inspections upon a written or oral request to the
50 department. The report must include the name and address of the program.
51 Additional unannounced inspections shall be performed as often as is
52 necessary for the efficient and effective enforcement of the Child Care
53 Licensing Act.
54 (5)(a) A person applying for a license as a child care provider or a
55 licensed child care provider under the Child Care Licensing Act shall
56 submit a request for a national criminal history record information check
57 for each child care staff member, including a prospective child care
58 staff member of the child care provider, at the applicant's or licensee's
59 expense, as set forth in this section. Beginning on October 1, 2019, a
60 prospective child care staff member shall submit to a national criminal
30 history record information check (i) prior to employment, except as
31 otherwise permitted under 45 C.F.R. 98.43, as such regulation existed on
1 January 1, 2019, or (ii) prior to residing in a family child care home. A
2 child care staff member who was employed by a child care provider prior
3 to October 1, 2019, or who resided in a family child care home prior to
4 October 1, 2019, shall submit to a national criminal history record
5 information check by October 1, 2021, unless the child care staff member
6 ceases to be a child care staff member prior to such date.
7 (b) A child care staff member shall be required to undergo a
8 national criminal history record information check not less than once
9 during each five-year period. A child care staff member shall submit a
10 complete set of his or her fingerprints to the Nebraska State Patrol. The
11 Nebraska State Patrol shall transmit a copy of the child care staff
12 member’s fingerprints to the Federal Bureau of Investigation for a
13 national criminal history record information check. The national criminal
14 history record information check shall include information concerning
15 child care staff members from federal repositories of such information
16 and repositories of such information in other states, if authorized by
17 federal law for use by the Nebraska State Patrol. The Nebraska State
18 Patrol shall issue a report to the department that includes the
19 information collected from the national criminal history record
20 information check concerning child care staff members. The department
21 shall seek federal funds, if available, to assist child care providers
22 and child care staff members with the costs of the fingerprinting and
23 national criminal history record information check. If the department
24 does not receive sufficient federal funds to assist child care providers
25 and staff members with such costs, then the child care staff member
26 being screened, applicant for a license, or licensee shall pay the actual
27 cost of the fingerprinting and national criminal history record
28 information check, except that the department may pay all or part of the
29 cost if funding becomes available. The department and the Nebraska State
30 Patrol may adopt and promulgate rules and regulations concerning the
31 costs associated with the fingerprinting and the national criminal
32 history record information check. The department may adopt and promulgate
33 rules and regulations implementing national criminal history record
34 information check requirements for child care providers and child care
35 staff members.
5 5 (c) A child care staff member shall also submit to the following
6 background checks at his or her expense not less than once during each
7 five-year period:
8 (i) A search of the National Crime Information Center's National Sex
9 Offender Registry; and
10 (ii) A search of the following registries, repositories, or data

13 provider was located or where the child care staff member resided during
14 the preceding five years:

16 (B) State sex offender registries or repositories; and
17 (C) State-based child abuse and neglect registries and data bases.
18 (d) Any individual shall be ineligible for employment by a child
19 care provider if such individual:
20 (i) Refuses to consent to the national criminal history record
21 information check or a background check described in this subsection;
22 (ii) Knowingly makes a materially false statement in connection with
23 the national criminal history record information check or a background

26 offender registry or repository or the National Sex Offender Registry; or
27 (iv) Has been convicted of a crime of violence, a crime of moral
28 turpitude, or a crime of dishonesty.
29 (c) The department may adopt and promulgate rules and regulations
30 for purposes of this section prohibiting the employment of any child care
31 staff member with one or more criminal convictions as the department
32 deems necessary to protect the health and safety of children receiving
33 child care.
34 (f) A child care provider shall be ineligible for a license under
35 the Child Care Licensing Act and shall be ineligible to participate in
36 the child care subsidy program if the provider employs a child care staff
37 member who is ineligible for employment under subdivisions (d) or (e) of
38 this subsection.
39 (g) National criminal history record information and information
40 from background checks described in this subsection subject to state or
41 federal confidentiality requirements may only be used for purposes of
42 granting a child care license or approving a child care provider for
43 participation in the child care subsidy program.
44 (h) For purposes of this subsection:
45 (i) Child care provider means a child care program required to be
46 licensed under the Child Care Licensing Act; and
47 (ii) Child care staff member means an individual who is not related

69 participate as a provider in the federal Child Care Subsidy program shall
70 submit a request for a national criminal history record information check
71 for each child care staff member, including a prospective child care
72 provider being approved to participate as a child care provider in the
73 federal Child Care Subsidy program, except as otherwise permitted under
74 45 C.F.R. 98.43, as such regulation existed on January 1, 2020, or (b)

85 Licensing Act or work as a child care staff member and is in good
86 standing with the department shall not be required to undergo an
26 additional national criminal history record information check to become a
27 child care provider in the federal Child Care Subsidy program if the
