After serving at least twenty-four consecutive months as a firefighter, the firefighter shall be deemed to be in compliance with subdivision (2) of this section even with a break in service, so long as such break does not exceed six months.

Sec. 4. (1) Beginning on and after the operative date of this section, any rural or suburban fire protection district, airport authority, city, village, or nonprofit corporation may provide and maintain enhanced cancer benefits. If such benefits are provided, they shall include, at a minimum, the following:

(A) Surgery, radiotherapy, or chemotherapy is medically necessary; or

(B) There is a tumor of the prostate, provided that it is treated with radical prostatectomy or external beam therapy; or

Such benefit shall continue for up to thirty-six consecutive monthly payments.

(ii) Such monthly benefit shall be subordinate to any other benefit actually paid to the firefighter solely for such disability from any other source, not including private insurance purchased solely by the firefighter, and shall be limited to the difference between the amount of such other pay benefit and the amount specified in this section.

(iii) Any firefighter receiving such monthly benefit may be required to have his or her condition reevaluated. In the event any such reevaluation reveals that such person has regained the ability to perform duties as a firefighter, then his or her monthly benefits shall cease the last day of the month of the reevaluation.

(iv) In the event that there is a subsequent reoccurrence of a disability caused by cancer which precludes the firefighter from serving as a firefighter, he or she shall be entitled to receive any remaining monthly benefits.

(2) A firefighter shall also be entitled to an additional payment of enhanced cancer death benefits in the amount of fifty thousand dollars payable to his or her beneficiary or, if no beneficiary is named, to such firefighter's estate upon acceptable proof by a board-certified physician that such firefighter's death resulted from complications associated with cancer.

(3) A firefighter shall be ineligible for benefits under the Firefighter Cancer Benefits Act if he or she is already provided paid firefighter cancer benefits pursuant to section 35-1001.

The rural or suburban fire protection district, airport authority, city, village, or nonprofit corporation for which such firefighter served shall be responsible for payment of all premiums or other costs associated with benefits that may be provided under subsections (1) and (2) of section 4 of this act throughout the duration of the firefighter's coverage.

Sufficient documentation of satisfactory proof of the ability to pay such compensation to ensure adequate coverage for all firefighters shall be required and shall comply with rules and regulations adopted and promulgated by the State Fire Marshal. Such coverage shall remain in effect until thirty-six months after the rural or suburban fire protection district, airport authority, city, village, or nonprofit corporation no longer has any firefighters who could qualify for benefits under the act.
